In this “page-turning memoir of decadence and faith” (*Publishers Weekly*, starred review), Jill Dodd writes movingly and

evocatively about her journey from Paris model to Saudi billionaire's harem wife to multi-million-dollar business entrepreneur. In the 1980s, Jill Dodd determined that her ticket out of an abusive home was to make it as a top model in Paris. Armed with only her desire for freedom and independence, she embarks on an epic journey that takes her to uncharted territory—the Parisian fashion industry with all its beautiful glamour and its ugly underbelly of sex, drugs, and excess. From there, Jill begins an eye-opening roller-coaster adventure that includes trips to Monte Carlo, sexual exploitation, and falling in love with one of the richest men in the world, soon becoming one of his many wives—until she ultimately finds the courage to walk away from it all and rebuild her dreams. In *The Currency of Love*, she “writes earnestly and refreshingly about learning many of life’s more difficult lessons the hard way” (Kirkus Reviews) with page-turning accounts of her struggles and triumphs as she paved her path through a dangerous and seductive world, before ultimately coming into her own as the founder and creator of global fashion line, ROXY. This “raw and inspiring story” (PopSugar) with a feminist fairy tale twist reveals how one woman chose to live her life without forfeiting her independence, ambition, creative expression, and free spirit, all while learning one invaluable lesson: nothing is worth the sacrifice of her integrity, inner peace, and spirit.

"Release any concerns that you have about this path you’re about to walk on, and just go into it with the curiosity of a child, knowing that you’ll come out on the other side as a new person, or to be more accurate, far more of the person who you truly are and have been created to be." Jack Valentine seemed to have it all. He made good money as an adman, and looked good doing it. He had a hot apartment, cool friends, even a slick car—at least until the hectic Monday morning a truck smashed into it, sending the critically injured Jack to the hospital. Everything happens for a reason, though, and Jack’s reason reveals itself in the silver-haired cancer patient who becomes his roommate one evening. The elderly man, Cal, shares his life story—one not dissimilar to Jack’s—of material wealth masking a gaping hole within. Cal ultimately found salvation through philosophy ("the love of wisdom"), and now offers to help Jack by prepping the younger man for the Final Questions we all must face: Have I lived wisely? Have I loved well? Have I served greatly? Presenting Jack with three plane tickets, each accompanied by a map marked with a red X, Cal sends Jack to meet with three great teachers, each of whom will help Jack answer one of the Final Questions—just as they once helped Cal. First, in Rome, Jack will meet "the Saint." Then a haunted beach in Hawaii introduces him to "the Surfer." And finally the grandeur of New York City sets the stage for his last encounter: with "the CEO." Along the way, Jack will learn to do his interior work, discover that our negative traits offer gateways to higher versions of ourselves, and understand that figuring things out in your head can distract you from the powerful whispers of your heart. Join Jack on his journey and step into the you that you were always meant to be.

A woman who hears voices. A man who sees visions. A killer who may elude them both.

A book—rare in our arid age—that takes root in the heart and grows there for a lifetime. Here the spirituality of the East and the West have met in a novel that enfigures deep human wisdom with a rich and colorful imagination. Written in a prose of almost biblical simplicity and beauty, it is the story of a soul's long quest in search of the ultimate answer to the enigma of man's role on this earth. As a youth, the young Indian Siddhartha meets the Buddha but cannot be content with a disciple's role: he must work out his own destiny and solve his own doubt—a tortuous road that carries him through the sensuality of a love affair with the beautiful courtesan Kamala, the temptation of success and riches, the heartache of struggle with his own son, to final renunciation and self-knowledge. The name "Siddhartha" is one often given to the Buddha himself—perhaps a clue to Hesse's aims in contrasting the traditional legendary figure with his own conception, as a European (Hesse was Swiss), of a spiritual explorer.

An engaging, accessible guide to educating yourself in the classical tradition. Have you lost the art of reading for pleasure? Are there books you know you should read but haven't because they seem too daunting? In *The Well-Educated Mind*, Susan Wise Bauer provides a welcome and encouraging antidote to the distractions of our age, electronic and otherwise. In her previous book, *The Well-Trained Mind*, the author provided a road map of classical education for parents wishing to home-school their children, and that book is now the premier resource for home-schoolers. In this new book, Bauer takes the same elements and techniques and adapts them to the use of adult readers who want both enjoyment and self-improvement from the time they spend reading. *The Well-Educated Mind* offers brief, entertaining histories of five literary genres—fiction, autobiography, history, drama, and poetry—accompanied by detailed instructions on how to read each type. The annotated lists at the end of each chapter—ranging from Cervantes to A. S. Byatt, Herodotus to Laurel Thatcher Ulrich—preview recommended reading and encourage readers to make vital connections between ancient traditions and contemporary writing. *The Well-Educated Mind* reassures those readers who worry that they read too slowly or with below-average comprehension. If you can understand a daily newspaper, there's no reason you can't read and enjoy Shakespeare's *Sonnets* or *Jane Eyre*. But no one should attempt to read the "Great Books" without a guide and a plan. Susan Wise Bauer will show you how to allocate time to your reading on a regular basis; how to master a difficult argument; how to make personal and literary judgments about what you read; how to appreciate the resonant links among texts within a genre—what does *Anna Karenina* owe to *Madame Bovary*?—and also between genres. Followed carefully, the advice in *The Well-Educated Mind* will restore and expand the pleasure of the written word.

Taking a job as an assistant to extreme sports enthusiast Will, who is wheelchair bound after a motorcycle accident, Louisa struggles with her employer's acerbic moods and learns of his shocking plans before demonstrating to him that life is still worth living.

Ever since 1759, when Voltaire wrote "*Candide*" in ridicule of the notion that this is the best of all possible worlds, this world has been a gayer place for readers. Voltaire wrote it in three days, and five or six generations have found that its laughter does not grow old. "*Candide*" has not aged. Yet how different the book would have looked if Voltaire had written it a hundred and fifty years later than 1759. It would have been, among other things, a book of sights and sounds. A modern writer would have tried to catch and fix in words some of those Atlantic changes which broke the Atlantic monotony of that voyage from Cadiz to Buenos Ayres. When Martin and Candide were sailing the length of the Mediterranean we should have had a contrast between naked scarped Balearic cliffs and headlands of Calabria in their mists. We should have had quarter distances, far horizons, the altering silhouettes of an Ionian island. Colored birds would have filled Paraguay with their silver or acid cries. Dr. Pangloss, to prove the existence of design in the universe, says that noses were made to carry spectacles, and so we have spectacles. A modern satirist would not try to paint with Voltaire's quick brush the doctrine that he wanted to expose. And he would choose a more complicated doctrine than Dr. Pangloss's optimism, would study it more closely, feel his destructive way about it with a more learned and caressing malice. His attack, stealthier, more flexible and more patient than Voltaire's, would call upon us, especially when his learning got a little out of control, to be more than patient. Now and then he would bore us. "*Candide*" never bored anybody except William Wordsworth. Voltaire's men and women point his case against optimism by starting high and falling low. A modern could not go about it after this fashion. He would not plunge his people into an unfamiliar misery. He would just keep them in the misery they were born to.

The Scarlet Pimpernel is the first novel in a series of historical fiction by Baroness Orczy, published in 1905. It was written after her stage play of the same title enjoyed a long run in London, having opened in Nottingham in 1903. The novel is set during the Reign of Terror following the start of the French Revolution. The title is the nom de guerre of its hero and protagonist, a chivalrous Englishman who rescues aristocrats before they are sent to the guillotine. Sir Percy Blakeney leads a double life: apparently nothing more than a wealthy fop, but in reality a

formidable swordsman and a quick-thinking escape artist. The band of gentlemen who assist him are the only ones who know of his secret identity. He is known by his symbol, a simple flower, the scarlet pimpernel (*Anagallis arvensis*). Marguerite Blakeney, his French wife, does not share his secret. She is approached by the new French envoy to England, Chauvelin, with a threat to her brother's life if she does not aid in the search for the Pimpernel. She aids him, and then discovers that the Pimpernel is also very dear to her. She sails to France to stop the envoy.
