Over the past 40 years craft-brewed beer has exploded in growth. In 1980, a handful of "microbrewery" pioneers launched a revolution that would challenge the dominance of the national brands, Budweiser, Coors, and Miller, and change the way Americans think about, and drink, beer. Today, there are more than 2,700 craft breweries in the United States and another 1,500 are in the works. Their influence is spreading to Europe's great brewing nations, and to countries all over the globe. In *The Craft Beer Revolution*, Steve Hindy, co-founder of Brooklyn Brewery, tells the inside story of how a band of homebrewers and microbrewers came together to become one of America's great entrepreneurial triumphs. Beginning with Fritz Maytag, scion of the washing machine company, and Jack McAuliffe, a US Navy submariner who developed a passion for real beer while serving in Scotland, Hindy tells the story of hundreds of creative businesses like Deschutes Brewery, New Belgium, Dogfish Head, and Harpoon. He shows how their individual and collective efforts have combined to grab 10 percent of the dollar share of the US beer market. Hindy also explores how Budweiser, Miller, and Coors, all now owned by international conglomerates, are creating their own craft-style beers, the same way major food companies have acquired or created smaller organic labels to court credibility with a new

generation of discerning eaters and drinkers. This is a timely and fascinating look at what America's new generation of entrepreneurs can learn from the intrepid pioneering brewers who are transforming the way Americans enjoy this wonderful, inexpensive, storied beverage: beer.

Extreme Brewing is a recipe-driven resource for aspiring home brewers who are interested in recreating these specialty beers at home, but don't have the time to learn the in-depth science and lore behind home-brewing. As such, all recipes are malt-syrup based (the simplest brewing method) with variations for partial-grain brewing. While recipes are included for classic beer styles -- ales and lagers -- Extreme Brewing has a unique emphasis on hybrid styles that use fruit, vegetables, herbs and spices to create unique flavor combinations. Once their brew is complete, readers can turn to section three, The Rewards of Your Labor, to receive guidance on presentation, including corking, bottle selection and labeling as well as detailed information on food pairings, including recipes for beer infused dishes and fun ideas for themed dinners that allow the reader to share their creations with family and friends.

Since 1973, Storey's Country Wisdom Bulletins have offered practical, hands-on instructions designed to help readers master dozens of country living skills quickly and easily. There are now more than 170 titles in this series, and their remarkable popularity reflects the common desire of country and city dwellers alike to cultivate personal independence in everyday life.

Winner of 2014 U.S. Gourmand Drinks Award • Taste 5,000 years of brewing history as a time-traveling homebrewer rediscovers and re-creates the great beers of the past. The Brewer's Tale is a beer-filled journey into the past: the story of brewers gone by and one brave writer's quest to bring them—and their ancient, forgotten beers—back to life, one taste at a time. This is the story of the world according to beer, a toast to flavors born of necessity and place—in Belgian monasteries, rundown farmhouses, and the basement nanobrewery next door. So pull up a barstool and raise a glass to 5,000 years of fermented magic. Fueled by date-and-honey gruel, sour pediococcus-laced lambics, and all manner of beers between, William Bostwick's rollicking quest for the drink's origins takes him into the redwood forests of Sonoma County, to bullet-riddled South Boston brewpubs, and across the Atlantic, from Mesopotamian sands to medieval monasteries to British brewing factories. Bostwick compares notes with the Mt. Vernon historian in charge of preserving George Washington's molasses-based home brew, and he finds the ancestor of today's macrobrewed lagers in a nineteenth-century spy's hollowed-out walking stick. Wrapped around this modern reportage are deeply informed tales of history's archetypal brewers: Babylonian temple workers, Nordic shamans, patriots, rebels, and monks. The Brewer's Tale unfurls from the ancient goddess Ninkasi, ruler of intoxication, to the cryptic beer hymns of the Rig Veda and down into the clove-scented treasure holds of India-bound sailing ships. With each discovery comes Bostwick's own turn at the

brew pot, an exercise that honors the audacity and experimentation of the craft. A sticky English porter, a pricelessly rare Belgian, and a sacred, shamanic wormwood-tinged gruit each offer humble communion with the brewers of yore. From sickly sweet Nordic grogs to industrially fine-tuned fizzy lager, Bostwick's journey into brewing history ultimately arrives at the head of the modern craft beer movement and gazes eagerly if a bit blurry-eyed toward the future of beer.

Mosher simplifies the complexities, inspiring and teaching today's burgeoning new league of home brewers.

Traditional craft-brewed beer can transform a meal from everyday to extraordinary. It's an affordable, accessible luxury. Yet most people are only familiar with the mass-market variety. Have you tasted the real thing? In *The Brewmaster's Table*, Garrett Oliver, America's foremost authority on beer and brewmaster of the acclaimed Brooklyn Brewery, reveals why real beer is the perfect partner to any dining experience. He explains how beer is made, relays its fascinating history, and, accompanied by Denny Tillman's exquisite photographs, conducts an insider's tour through the amazing range of flavors displayed by distinct styles of beer from around the world. Most important, he shows how real beer, which is far more versatile than wine, intensifies flavors when it's appropriately paired with foods, creating brilliant matches most people have never imagined: a brightly citric Belgian wheat beer with a goat cheese salad, a sharply aromatic pale ale to complement spicy tacos, an earthy German bock beer to match a porcini risotto, even a fruity framboise to accompany a slice of chocolate truffle cake. Whether you're a beer aficionado, a passionate cook, or just someone who loves a great dinner, this book will indeed be a revelation.

From the mighty Brew Dog to the much-loved Brooklyn in New York, 50 of the most exciting, ground-breaking and pioneering craft breweries in the world reveal the recipes behind their best beers in this unique, useful and technically accurate book for the homebrewer. Ancient brewing traditions and techniques have been passed generation to generation on farms throughout remote areas of northern Europe. With these traditions facing near extinction, author Lars Marius Garshol set out to explore and document the lost art of brewing using traditional local methods. Equal parts history, cultural anthropology, social science, and travelogue, this book describes brewing and fermentation techniques that are vastly different from modern craft brewing and preserves them for posterity and exploration. Learn about uncovering an unusual strain of yeast, called kveik, which can ferment a batch to completion in just 36 hours. Discover how to make keptinis by baking the mash in the oven. Explore using juniper boughs for various stages of the brewing process. Test your own hand by brewing recipes gleaned from years of travel and research in the farmlands of northern Europe. Meet the brewers and delve into the ingredients that have kept these traditional methods alive. Discover the regional and stylistic differences between farmhouse brewers today and throughout history.

Best-selling authors and acclaimed fermentation teachers Christopher Shockey and Kirsten K. Shockey turn their expertise to the world of fermented beverages in the most comprehensive guide to home cidermaking available. With expert advice and clear, step-by-step instructions, The Big Book of Cidermaking equips readers with the skills they need to make the cider they want: sweet, dry, fruity, farmhouse-style, hopped, barrel-aged, or fortified. The Shockeys' years of experience cultivating an orchard and their experiments in producing their own ciders have led them to a master formula for cidermaking success, whether starting with apples fresh from the tree or working with store-bought juice. They explore in-depth the different phases of fermentation and the entire spectrum of complex flavor and style possibilities, with cider recipes ranging from cornelian cherry to ginger, and styles including New England, Spanish, and late-season ciders. For those invested in making use of every part of the apple, there's even a recipe for vinegar made from the skins and cores leftover after pressing. This thorough, thoughtful handbook is an empowering guide for every cidemaker, from the beginner seeking foundational techniques and tips to the intermediate cider crafter who wants to expand their skills. This publication conforms to the EPUB Accessibility specification at WCAG 2.0 Level AA.

What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has,

thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism-as though he has forgotten that he is reporting on himself. Tom is even less forgiving-he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." —Michael Jackson, *The Beer Hunter*(r) "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" —Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" —Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." —Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, *The Road to Success: How to Manage Growth* "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." —Ken Grossman, founder, Sierra Nevada Brewing Co.

This is the 3rd volume in Mr. Kaufman's hilarious, how-to series for hard-working self-starters and hard-laughing, cheeky filmmakers. "Sell Your Own Damn Movie!" covers everything you need to do to get your finished film seen by festival-goers, movie-goers, DVD-buyers and web-goers around the world. You will be lead through a primer on the history of film distribution to a discussion of the many ways you can get your film out there, either through a reputable distributor or all on your own. From the realities of distribution, to utilizing the internet to self-distribution, Mr. Kaufman tells you in his habitually lucid and off-the-wall way. Inserts include interviews and pointers from veteran distribution pros as well as directors and producers who share their own front-line stories. Mr. Kaufman recounts his own raucous stories of marketing pleasures and nightmares from 35 years of movie-making experience, creating a uniquely useful and entertaining read. Or, in Lloyd's inimitable words. The most asked question at my worldwide popular, legendary, renowned master class is, "How do I get my no-budget, zombie giraffe flick distributed?" Well, have no fear, because the 3rd volume in Uncle Lloydie's how-to series of go-to guides for filmmakers reveals the secrets, methods and tricks (short of prostituting yourself and selling bodily organs) to getting your film distributed. With Troma, our legendary 35-year-old independent studio, Michael Herz and I have developed a low cost, high-impact method for low-budget film distribution, which has lead to a high-profile brand name and a catalog of over 800 titles! Now you can learn to get you movie out there, too. I

will be your busy tour guide, sharing with you my hard-earned cinematic distribution know-how! -LEARN! How I achieved box office success with my fowl chicken zombie masterpiece Poultrygeist, and everyone's favorite super-human hero from New Jersey, the Toxic Avenger, for practically no money! -SMELL! The sewer that is mainstream distribution as I drag you through the muck, be-farting upon you the real scoop behind "indie" and mainstream distribution deals. -MASTICATE! (No, not that kind of masticating) On the knowledge of DVD distribution as I es-chew the fat and get to the skinny of Do-It-Yourself DVD distribution. I will teach you the fundamentals of having a good website (like www.Troma.com) to boost your sales! -FEAST! On my golden brown chicken puns as I cleverly cluck your brain out with the irrefutable knowledge of how I sold over 10,000 units of the 3-disc limited-edition Poultrygeist DVD in a matter of months! YES! If you have any doubt that I will not be able turn your no-budget zombie giraffe opus into box-office gold, then put down this book proposal! No wait, pick it back up, pick it back up! This is a recession damnit, Troma needs all the money we can, er... I need to educate you filmmakers looking for distribution gold (brown)! After reading my book, any damn filmmaker will be able to "Sell Your Own Damn Movie!" Featuring expert advice from those who have successfully sold their films: * David Cronenberg (Director of The Fly, Crash, A History of Violence) * Oren Peli (Director/Producer of Paranormal Activity) * Ted Hope (Producer of Crouching Tiger, Hidden Dragon, In the Bedroom, Happiness) * Brad Kembel (Executive Vice President of International Distribution at Summit Films; Twilight) * James Gunn (Writer/Director of Super, Dawn of the Dead, Slither) * Jonathan Wolf (Executive Vice President, Independent Film and Television Alliance and Managing Director, American Film Market) ... and many more who have sold their own damn movies!

Easy to brew, easy to customize, and enormously delicious! Looking for a crisp, clean, and scrumptious alternative to beer? On a gluten-free diet or allergic to the grains used in brewing beer? Want to experience the pride that comes when your friends crack open one of your bottles and exclaim, "You made this?" Then welcome to the world of hard cider. Suddenly it's everywhere--it's on the menu in pubs and restaurants, and there's a dizzying array of ciders available in stores. And some cider lovers, just like craft beer drinkers, are looking for ways to create their own brew. The Everything Hard Cider Book takes you step by step into the fermentation and bottling process, with tips on finding the proper equipment, sourcing ingredients, varying flavors, and creating unique packaging. You'll also find advice on advanced techniques, like evaluating the finished product, varying recipes for your own taste, and even growing fruit for cider. And with thirty-five essential and adaptable recipes for apple and other fruit ciders, you'll find everything you need to make your own distinctive and delicious beverages. As craft brewing becomes increasingly inventive, with new beers demonstrating remarkable complexity, one region of the United States is particularly notable for its fascinating brewing scene: the Northeast. New England and the Mid-Atlantic boast some of America's most interesting craft breweries--there, beer lovers can discover exceptional brews, lively taprooms, spectacular views, and many other qualities that make the Northeast a must-visit region for anyone interested in craft brewing. In The Great Northeast Brewery Tour, beer expert Ben Keene introduces readers to sixty two of the most incredible breweries in Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Maryland, Delaware, and Washington, D.C. Breweries like Allagash Brewing in Portland, Maine, and Smuttynose Brewing Company in Portsmouth, New Hampshire, allow visitors to tour the facilities, offering an inside look at how great beers are created. Places such as Brewery Ommegang in Cooperstown, New York, where visitors can try delicious Belgian food to accompany Belgian-style ales, and Harpoon Brewery in Boston are surrounded by stunning landscapes. Each brewery discussed is unique and special, much like the region's brewing heritage. Brewery profiles include interesting facts about each brewery and its history, along with useful practical information like directions, nearby accommodations, and local dining options that highlight craft beer. Spectacular full-color

photography accompanies each profile, and sidebars throughout the text provide supplementary information on tasting methods, beer styles, and more. The Great Northeast Brewery Tour is an ideal resource for anyone interested in beer, whether you're planning a trip across the Northeast or simply curious to learn more about the region's innovative beer scene.

"A fresh, appealing guide to brewing hard cider that makes everything from sourcing fruits and juices to bottling the finished cider accessible and fun, with recipes for basic ciders, traditional ciders from around the world, cider cousins like Perry, and innovative recipes that take ciders to the next level with beer-brewing techniques and alternative fruits"-- Tapping the wisdom of more than 30 beer professionals, Joshua M. Bernstein takes the mystery out of an increasingly complicated universe of beer. With sage advice on buying, storing, and pouring your beer, Bernstein helps you take your hops knowledge to the next level. There is advice on how to smell, taste, and select the right glass for your suds, as well as tips on spotting bars or stores that are treating their beer wrong. Learn how to expertly pair beer with food and why beer should be drunk soon after you buy it. With Bernstein's help, you'll soon be able to order smarter and enjoy your pour even more.

Enjoy a quick brew day and make Gose, Smoked Ale, Pennsylvania Swankey, Strawberry-Peppercorn Short Mead, Tart Blackberry Cider, Boozy Kombucha, Kefir Beer, Absinthola, Mauby, Tepache, and more! Homebrew tastes great, it's inexpensive to make, and it's equally fun to brew old favorites and new recipes. There's only one thing stopping you from brewing your 1st or 101st batch: time. Whether it's your kids, your job, or a million other things, it can be hard to find a free brew day. Then there's the agonizing wait to crack that first cap. But what if you could brew a session IPA in just a few hours? Or if you could brew a sour beer that's ready to drink in weeks instead of months? In Speed Brewing, author Mary Izett shows you how to make it happen. Whether you're a new or experienced brewer, you'll find time-saving techniques and recipes that save hours on brew day. You'll also find beers, ciders, and meads that pack big flavors but ferment quickly. Lesser-known fast fermentables--boozy kombucha, kefir beer, spirited sodas, and more--ensure there are plenty of exciting experiments for even the most creative brewer. Whether you decide to brew the Bia Hoi, Smoked Summer Ale, or Strawberry-Peppercorn Short Mead, weeknights will never be the same.

"A handsome and comprehensive bartending guide for professional and home bartenders that includes history, lore, and 150 recipes. What's the difference between a martini and a Gibson? Does absinthe really cause insanity? Which type of glass should a Moscow Mule be served in? The Bar Bible answers all of these questions and more, with fascinating information about everything boozy that's good to drink. From author and Wine Spectator-contributing editor Jennifer Fiedler, this book presents essential bartending information, from the tools of the trade to the history and mythology behind classic cocktails in an easy-to-navigate alphabetical guide"--

"There is a supposed Chinese curse that says 'May you live in interesting times'. There is no doubt whatsoever that, when it comes to beer, these most certainly are extremely interesting times. In China, itself, the brewing of beer accelerated at an astonishing rate in the past couple of decades. Elsewhere, in a huge range of countries but perhaps best typified by the likes of the United States, United Kingdom and Australia, there is a burgeoning so-called craft sector, with a vast growth in the number of brewing companies. Here in California, as elsewhere, there is no end to the ingenuity of these brewers, who are forever pushing the boundaries in terms of styles, ingredients and presentation of products that can either delight, disturb or distress the drinker, depending on perceptions, preferences and pre-conceived biases. No matter, the reality is that the beer world is emerging and exciting. There is an ongoing need for new brewers who are well-informed and capable - for which folks like me, whose day job has been to make a living out of teaching, are inordinately grateful. Equally, there seems to be a growing thirst from customers, not only for the beers themselves but also for an understanding of what they are drinking. Most of the books I have written over a quarter of a century have primarily been targeted at the producers of beer. This one, however, has been penned largely with the customer in mind, although I hope that won't stop those employed by brewing companies from reading it, because they sure need to know what I am preaching to the customer. Customers are becoming more knowledgeable and, therefore, more choosy and, yes, demanding. It's a good thing, provided they speak from a position of genuine understanding. I hope that this volume will help"--

The Beer Pantry is a primer for cooking for beer and teaches readers how to think like a chef when it comes to marrying the flavors of their favorite craft beers with their cooking. More than 100 recipes to elevate "pub grub" to chef-driven beer cuisine.

"The only book you need to understand the world's most popular beverage. I swear on a stack of these, it's a thumping good read."—John Holl, editor of All About Beer Magazine and author of The American Craft Beer Cookbook Imagine

sitting in your favorite pub with a friend who happens to be a world-class expert on beer. That's this book. It covers the history: how we got from gruel-beer to black IPA in 10,000 years. The alchemy: malts, grains, and the miracle of hops. The variety: dozens of styles and hundreds of recommended brews (including suggestions based on your taste preferences), divided into four sections—Ales, Wheat Beers, Lagers, and Tart and Wild Ales—and all described in mouthwatering detail. The curiosity: how to read a Belgian label; the talk of two Budweisers; porter, the first superstyle; and what, exactly, a lager is. The pleasure. Because you don't merely taste beer, you experience it. Winner of a 2016 IACP Award "Covers a lot of ground, from beer styles and brewing methods to drinking culture past and present. There's something for beer novices and beer geeks alike."—Ken Grossman, founder, Sierra Nevada Brewing Co. "Erudite, encyclopedic, and enormously entertaining aren't words you normally associate with beer, but The Beer Bible is no ordinary beer book. As scintillating, diverse, and refreshing as man's oldest alcoholic beverage itself."—Steve Raichlen, author of Project Smoke and How to Grill

Explores the hundred-year history of Piel Bros., one of the prominent German American brands that once made New York City the brewing capital of America. For more than a century, New York City was the brewing capital of America, with more breweries producing more beer than any other city, including Milwaukee and St. Louis. In *Beer of Broadway Fame*, Alfred W. McCoy traces the hundred-year history of the prominent Brooklyn brewery Piel Bros., and provides an intimate portrait of the company's German American family. Through quality and innovation, Piel Bros. grew from Brooklyn's smallest brewery in 1884, producing only 850 kegs, into the sixteenth-largest brewery in America, brewing over a million barrels by 1952. Through a narrative spanning three generations, McCoy examines the demoralizing impact of pervasive US state surveillance during World War I and the Cold War, as well as the forced assimilation that virtually erased German American identity from public life after World War I. McCoy traces Piel Bros.'s changing fortunes from its early struggle to survive in New York's Gilded Age beer market, the travails of Prohibition with police raids and gangster death threats, to the crushing competition from the big national brands after World War II. Through a fusion of corporate records with intimate personal correspondence, McCoy reveals the social forces that changed a great city, the US brewing industry, and the country's economy. "I've long admired Alfred McCoy's writing about American imperial overreach and surveillance. In this lively new book, it is fascinating to see him discover both a spy and those spied upon within his own extended family. I've never read a family history quite like it." — Adam Hochschild, author of *Half the Way Home: A Memoir of Father and Son* "With the same insight and wit that has made him the preeminent historian of American empire, Alfred McCoy takes us on a riveting journey from brewery to boardroom to bedroom that winds through the German immigrant experience, World War I surveillance, the vagaries of Prohibition, the rebirth of Scientific American

and its fight for nuclear disarmament, and the unforgettable Bert and Harry Piel advertising campaign. Come for the beer but stay for the highly personal four-generational family history that opens a fascinating window into the successes and setbacks of family-owned business in America.” — Peter J. Kuznick, author of *Beyond the Laboratory: Scientists as Political Activists in 1930s America* “Alfred W. McCoy is best known for courageously exposing the misdeeds of US intelligence agencies, from drug-running to torture. In *Beer of Broadway Fame* he takes on perhaps his biggest challenge: to untangle the rise and fall of Brooklyn’s Piel Bros. brewery and tell more than a century of Piel family history. Himself related to the legendary German American brewers, McCoy explores through this impressive clan great themes of the American experience. Hard-working immigrants eager to assimilate; the country’s craving for beer; wartime repression of suspect groups; the disaster of Prohibition; the ‘managerial revolution’ and its peril for the family enterprise—it’s all there in McCoy’s riveting epic. Most of all, McCoy gives voice to the love, ambition, rivalry, and intrigue that define any family across generations. Reading about his, you will think in new ways about your own.” — Jeremy Varon, author of *The New Life: Jewish Students of Postwar Germany*
