Inner peace is finally within reach with Tami Shaikh's groundbreaking new book, Detox Your Soul. Do you often find yourself wishing to rid yourself of all the negative, harmful influences that often make life so difficult? Look no further than this new thirty-day program that helps you cleanse away your spiritual, mental, and emotional toxins and remove these relentless daily obstacles once and for all. Beginning with day one, you'll learn how to face your inner demons and build up your self-esteem. The strategies are designed to be incorporated into your daily life-no drastic changes to your routine are needed! Waking up just ten minutes earlier and going to bed just ten minutes later each day gives you all the time you need to see-and feel-a difference. Each of the thirty chapters provides a section for you to record your innermost thoughts, reflections on that day's exercises, and what you have achieved both physically and spiritually in the last twenty-four hours. By the end of the thirty-day program, you'll feel more in tune with your spirit, mind, and emotions. Most importantly, you'll have gained the tools to cleanse your soul for a lifetime to come.

A practical guide to deploying digital forensic techniques in response to cyber security incidents About This Book Learn incident response fundamentals and create an effective incident response framework Master forensics investigation utilizing digital investigative techniques Contains real-life scenarios that effectively use threat intelligence and modeling techniques Who This Book Is For This book is targeted at Information Security professionals, forensics practitioners, and students with knowledge and experience in the use of software applications and basic command-line experience. It will also help professionals who are new to the incident response/digital forensics role within their organization. What You Will Learn Create and deploy incident response capabilities within your organization Build a solid foundation for acquiring and handling suitable evidence for later analysis Analyze collected evidence and determine the root cause of a security incident Learn to integrate digital forensic techniques and procedures into the overall incident response process Integrate threat intelligence in digital evidence analysis Prepare written documentation for use internally or with external parties such as regulators or law enforcement agencies In Detail Digital Forensics and Incident Response will guide you through the entire spectrum of tasks associated with incident response, starting with preparatory activities associated with creating an incident response plan and creating a digital forensics capability within your own organization. You will then begin a detailed examination of digital forensic techniques including acquiring evidence, examining volatile memory, hard drive assessment, and network-based evidence. You will also explore the role that threat intelligence plays in the incident response process. Finally, a detailed section on preparing reports will help you prepare a written report for use either internally or in a courtroom. By the end of the book, you will have mastered forensic techniques and incident response and you will have a solid foundation on which to increase your ability to investigate such incidents in your organization. Style and approach The book covers practical scenarios and examples in an enterprise setting to give you an understanding of how digital forensics integrates with the overall response to cyber security incidents. You will also learn the proper use of tools and techniques to investigate common cyber security incidents such as malware infestation, memory analysis, disk analysis, and network analysis.

Have you ever wondered why some people seem to have everything they could ever want or need in life, all while others are left with merely the dreams of achieving those same things? Have you ever wondered that if someone else could live the life of their dreams - then why couldn't you live the life of your dreams? Do successful individuals have something you don't? No. Do successful individuals know something you don't? Absolutely! This extraordinary, practical and action-oriented book by Nicholas Dodge is going to show you exactly how to develop the proper mindset all successful individuals have in order to live the life you've always wanted to live. Coming from past experiences with horrible mental and physical health, major financial struggles, sexual abuse and suicidal thoughts and tendencies, Nicholas Dodge will explain EXACTLY how he overcame his worst circumstances to live a life worth living, and how you can do the same for yourself. If you find yourself.... Battling issues with self-confidence Struggling with negative self-talk habits Lacking motivation and determination Failing to achieve your personal goalsthen a change in mindset is a MUST! In his groundbreaking book Mindset Mastery, Nicholas Dodge shares with you his personal journey through developing a mastered mindset and busts the myth that you can't be successful and free by challenging everything you've been told in life. Unfortunately, people that remain with their flawed mindsets tend to stay that way for the rest of their lives, unless they address their issues and make it a point to assess them to generate success and freedom. Fortunately, that is exactly what you will do with this remarkable experience. This book will help you: Tackle challenges and face problems you never thought possible. Construct your personal goals and positive affirmations. Develop a way of thinking that encourages a prosperous future. Improve self-confidence, mood and feelings. Become an alpha in a world filled with betas. Motivate yourself to reach you goals and maximum potential in life. Overcome negative energies that impact everyday thoughts or actions. Live an extravagant life filled with success and freedom. Follow my advice and you too could live the life of your dreams. Why settle for anything short of your greatest desires? What's keeping you from being successful and free?"

Author Arlene Karian opens the door to success for millions of parents now – and in the future. In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid", Arlene – “The Parenting Mentor” – provides you with a proven plan she created for herself and is now available to all who shape a child's consciousness.Easy and enjoyable to follow, parents will find the tools to create a bond with their children in an exciting new way. Recently validated by science, Arlene's system will open a whole new world of possibilities, empowering you to raise extraordinary children and also uplift you and your entire life in the process.The simple secret: Arlene became a mentor to her son by following a simple original system. Now you can use Arlene's "Road Map to 21st Century Parenting" system to help your children avoid negative outside influences and achieve great things, so they become what they were meant to become.In "Mentoring Your Child To Win: The 7 Breakthrough Keys How A Single Former Welfare Mom Raised A Multi-Millionaire Kid," you'll discover:• The 7 Keys to 21st Century Parenting• The 3 Scientific Research Secrets about Parenting• How To Mentor Your Child to Excel• How to Raise an Extraordinary Child• How To Get Your Kid To Say 'No' to Outside InfluencesPlus a lot more detailed, step-by-step guidance, inspiration, and help for parents and guardians to modernize parenting with a new breakthrough approach to interface with these troubled times.In addition, the book reveals:• Detoxing Your Mind: An Innovative Way to De-stress• How To Effortlessly Organize Your Day • Keeping The Love Alive In Spite Of Dishes, Laundry and Texting“Mentoring is the new way,” Arlene says. “I raised my son to excel while on welfare. It's because I blended parenting with mentoring that my son became so extraordinary, successful, and a living role model of my work. Helping all parents bring out the best in their children, whatever that might be, is now my passion.”Arlene believes that true wealth comes from the wisdom of the one who is shaping a child's life. Her book will guide you on an incredible new journey toward that end.Mentoring Your Child To Win: The 7 Breakthrough Keys – How A Single, Former Welfare Mom Raised A Multi-Millionaire Kid brings solutions for parenting in the 21st Century.

Judith's marriage to Adam is failing fast. Despite her best efforts, his attention is entirely taken up by his law practice while her existence-if he remembers it-is merely something to criticize. Thankfully, Judith has an antique shop and her best friend and business partner, Susan, to keep her focused on the good things in life. Tired of being overlooked and undervalued, Judith decides to leave her husband and reconnect with herself as a single woman rather than as Adam's wife. Soon, Judith's world expands to include a support group of women also facing divorce. Slowly learning to extend to herself the same compassion she offers her friends, Judith begins to rediscover her own value as a person and as a woman. And her efforts don't go unnoticed. While Judith rebuilds her life, with the encouragement of her growing circle of friends, a secret admirer starts leaving thoughtful gifts on her doorstep-which she begins to hope will lead to a face-to-face meeting. A celebration of friendship and love, where every

character counts, "The Things That Fall Away" is an insightful story that brings to light the beauty of everyday things and the wonder of being truly cherished.

Ten Strategies of a World-Class Cyber Security Operations Center conveys MITRE's accumulated expertise on enterprise-grade computer network defense. It covers ten key qualities of leading Cyber Security Operations Centers (CSOCs), ranging from their structure and organization, to processes that best enable smooth operations, to approaches that extract maximum value from key CSOC technology investments. This book offers perspective and context for key decision points in structuring a CSOC, such as what capabilities to offer, how to architect large-scale data collection and analysis, and how to prepare the CSOC team for agile, threat-based response. If you manage, work in, or are standing up a CSOC, this book is for you. It is also available on MITRE's website, www.mitre.org.

Prisoner of the Mind - Spiritual Self-Improvement Personal Development We have the largest prison population in the world in America today, but how many men and women were locked up in their minds before they got to prison? Prisoner of the Mind by Jeff Hairston is much more than a self improvement book- it's a personal development tool that can help you overcome your fears and FINALLY live your life as God intended. "Prisoner of the Mind" by Jeff Hairston is a thought provoking book aimed at helping you find a spiritual balance in life and to break free of the prison of negative thoughts and emotions that your mind has created over the years. Jeff artfully guides you through the many aspects of life that plague our minds today intertwining important lessons with examples from his own life story. Fear is one of the most important emotions when experienced in the right way. It can help us in life threatening situations by keeping our mind on high alert. but what happens when fear comes into contact with the ego? That very same fear that is there to save you can also stop you from living a normal, healthy life -and in some cases even kill you! It's all about using the fear to your advantage and being consistent and persistent against it. Many of the issues plaguing our mind are created by past life events that are left unresolved. "Prisoner of the Mind" asks the important spiritual questions and expertly tackles negative personal issues to help you better understand and overcome the prison that your own mind had created. Break free from the personal prison that your own mind created - order your copy of "Prisoner of the Mind" by Jeff Hairston today!

My Road to Recovery is my journey of perseverance, survival, and the will to forgive and love again!

The Lean Accounting Guidebook reveals how to streamline the accounting department with over 150 improvement tips for billing, collections, cost accounting, fixed assets, payables, payroll, and more. The book describes how to use value stream mapping, flow charting, traffic analysis, and measurement systems to decide which changes to make, including discussions of how to maximize the value created by the various improvements.

Advancing technologies, especially computer technologies, have necessitated the creation of a comprehensive investigation and collection methodology for digital and online evidence. The goal of cyber forensics is to perform a structured investigation while maintaining a documented chain of evidence to find out exactly what happened on a computing device or on a network and who was responsible for it. Critical Concepts, Standards, and Techniques in Cyber Forensics is a critical research book that focuses on providing in-depth knowledge about online forensic practices and methods. Highlighting a range of topics such as data mining, digital evidence, and fraud investigation, this book is ideal for security analysts, IT specialists, software engineers, researchers, security professionals, criminal science professionals, policymakers, academicians, and students.

Development and use of innovative technologies in the fields of power, electronics, computing, robotics, communications, control systems, engineering in biology and medicine, computational intelligence and electron devices

Do you have strong immigrant roots and you are struggling to plan your next career move? ¡Rise Up, Mi Gente!, is here to help you create a roadmap to succeed in Corporate America. Whether you are still in college, early in your career, or a seasoned professional, ¡Rise Up, Mi Gente!, presents you with key strategies to improve vital skills - such as networking, interviewing, and overcoming challenges - to better navigate Corporate America. In this book, you will learn: * What to do if you graduate unemployed * The Five Challenges of First Generation MBA Applicants * Techniques to gain corporate sponsors to help promote your career's upward mobility * How to compete when you don't know how * How to utilize your cultural attributes to break down barriers, strengthen your voice, and distinguish your leadership. Written from the heart, and based on personal stories of successful Latino professionals, this book illustrates how to overcome obstacles, identify opportunities, and position yourself to continue to RISE UP and SEGUIR ADELANTE.

An insidious parasite is working its way through the suburbs of Washington, D.C. NITS follows the trail of a virulent outbreak of head lice as it wreaks havoc on the lives of a social climbing mother of a scholarship student, a buff young Latin teacher and a controlling do-gooder who is so consumed with exterminating the pest, people start calling her the "Lice Nazi." A social satire with bite, NITS explores the themes of class, ambition, and the unavoidable interconnectedness of modern life.

Do you need help telling your story? Do you have a story inside, but you're not sure how to tell it... or if it's even worth telling? Is a tiny little voice inside telling you to write... but you're not sure you can? Do you want to tell better, more authentic stories... but you're not sure where to start? You're not alone. The Share Your Story workbook is your personal storytelling guide. A professional storyteller and communications expert, Camille knows that your story is worth telling, and sharing. In this heartfelt book, she walks you through a practical and simple road map to help you uncover and write your personal stories. This book will help you: - Discover the stories you have to tell. - Turn your personal experiences into signature stories. - Become confident writing, talking about, and sharing your story. The book includes: - Unique writing projects that will help you turn your personal experiences into stories. - A method for working through past hurts and painful subjects in a safe and positive way. - Fun, easy writing activities and questions to help you think about your own stories in new, creative, and uplifting new ways. - Methods to help you use your story in a positive way -- so you can inspire and help others - A guide

to developing your own signature story. This is your chance to tell your story, your way.

Never out of print since its initial appearance in 1843, A Christmas Carol has been adapted countless times to the stage, radio, television, film and opera. The selfish miser Scrooge's name has become synonymous with greed and indifference to the welfare of others. His immortal Christmas eve visitations by the Ghosts of Christmas Past, Present and Yet to Come have become a cultural fixture and a fundamental part of the Christmas Holidays around the world. A Christmas Carol was conceived by the author with the deliberate intent of shaking his audience with an emotional tale designed to inspire compassion and charity toward the disadvantaged, especially children. Scrooge's surreal, spellbinding journey into the meaning of Christmas, with its climactic insistence that a life lived without love and charity is no life at all, provides readers with one of literature's finest, most unforgettable entertainments while celebrating the good in humanity and providing the world with the most cherished Christmas story ever written. With an eye-catching new cover, and professionally typeset manuscript, this edition of A Christmas Carol is both modern and readable.

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

Attention Safety Communicators: Do you want everyone Speaking the Same Language on Safety?Your workforce is going to give you about one minute to convince them to work safely.Do you know what to say, or write, in those first 60 seconds?Employees quickly tune out when they hear bland, irrelevant safety messages. For too long they have been fed complicated, legalistic communication written for compliance that totally ignores that people actually want to feel safe at work.What is needed is a new and easy way to create compelling, targeted risk communication that catches attention and keeps it. Yet, at the same time builds a safe, thriving and productive environment. This new way is "Transform Your Safety Communication."This is the book for you, if you want to:

- Create clear, consistent safety messages, so everyone works to a common standard.
- Understand the psychology behind why people don't listen.
- Engage workers on safety, no matter how cynical.
- Learn how to produce authentic and heart felt communication that builds trust.
- Quickly generate relevant safety communication with easy to use frameworks and templates.
- Accelerate your communication skills to boost your career prospects.

What other Safety Leaders are Saying:"A thoroughly enjoyable read and will now take the place of my dictionary as the most used book on my desk."Michael Carney, HSE Manager Sydney, StarTrack"Simple sound theory backed up with experience, filled with tips and examples of the good, the bad, and the ugly of safety communication, finishing with a "how to" guide." Rachel Murphy, Health Safety and Compliance Coordinator, IHBI Queensland University of Technology"If you want to engage others and change their behaviour through effective communication, then this book is for you." Paul Harper, CEO/Principal Mining Engineer, AMC ConsultantsYou'll Wish You Could Have Read it Years Ago!If you want to be the inspirational safety leader that you've always dreamed of being, then get your copy today.

From the creator of "Developing Innovative Ideas for New Companies," the #1 course in entrepreneurship with over 1,000,000 learners from 175 countries. IN THE OPPORTUNITY ANALYSIS CANVAS, DR. JAMES V. GREEN SHARES HOW TO BECOME MORE EFFECTIVE IN IDENTIFYING AND ANALYZING ENTREPRENEURIAL OPPORTUNITIES, AND BUILDING SUSTAINABLY COMPETITIVE COMPANIES. Why are entrepreneurs successful? How can we understand and develop our thinking to be better entrepreneurs? What are the keys to developing winning entrepreneurial ideas? Distilling vast amounts of research in psychology, sociology, and economics into a practical how-to guide for aspiring and active entrepreneurs, Dr. Green presents a whole new understanding of entrepreneurial mindset and action. At its core, The Opportunity Analysis Canvas contains a powerful argument that anyone can be a successful entrepreneur by thoughtfully examining themselves and the business opportunity. By harnessing these insights, we can transform our ideas into businesses that are lasting successes. DR. JAMES V. GREEN, an award-winning educator at the University of Maryland, leads the education activities of the Maryland Technology Enterprise Institute (Mtech) in the A. James Clark School of Engineering. As its Director of Entrepreneurship Education, he leads undergraduate and graduate courses in entrepreneurship, innovation, and technology commercialization. With more than twenty publications to his credit, he is a thought leader in entrepreneurship education.

IT securiteers - The human and technical dimension working for the organisation. Current corporate governance regulations and international standards lead many organisations, big and small, to the creation of an information technology (IT) security function in their organisational chart or to the acquisition of services from the IT security industry. More often than desired, these teams are only useful for companies' executives to tick the corresponding box in a certification process, be it ISO, ITIL, PCI, etc. Many IT security teams do not provide business value to their company. They fail to really protect the organisation from the increasing number of threats targeting its information systems. IT Security Management provides an insight into how to create and grow a team of passionate IT security professionals. We will call them "securiteers". They will add value to the business, improving the information security stance of organisations.

NIST SP 800-72 November 2004 Personal Digital Assistants (PDAs) are a relatively recent phenomenon, not usually covered in classical computer forensics. This guide attempts to bridge that gap by providing an in-depth look into PDAs and explaining the technologies involved and their relationship to forensic procedures. It covers three families of devices - Pocket PC, Palm OS, and Linux-based PDAs - and the characteristics of their associated operating system. This guide also discusses procedures for the preservation, acquisition, examination, analysis, and reporting of digital information present on PDAs, as well as available forensic software tools that support those activities. Why buy a book you can download for free? First you gotta find it and make sure it's the latest version, not always easy. Then you gotta print it using a network printer you share with 100 other people - and its outta paper - and the toner is low (take out the toner cartridge, shake it, then put it back). If it's just 10 pages, no problem, but if it's a 250-page book, you will

need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. An engineer that's paid \$75 an hour has to do this himself (who has assistant's anymore?). If you are paid more than \$10 an hour and use an ink jet printer, buying this book will save you money. It's much more cost-effective to just order the latest version from Amazon.com This public domain material is published by 4th Watch Books. We publish tightly-bound, full-size books at 8 by 11 inches, with glossy covers. 4th Watch Books is a Service Disabled Veteran Owned Small Business (SDVOSB) and is not affiliated with the National Institute of Standards and Technology. For more titles published by 4th Watch, please visit: cybah.webplus.net A full copy of all the pertinent cybersecurity standards is available on DVD-ROM in the CyberSecurity Standards Library disc which is available at Amazon.com. If you are convinced that the world today is producing more data than the previous decades, then you understand that processing yesterday's data for today's use at times is not enough. The level of data analysis that is needed in highly competitive business environment needs to be processed, analyzed and used immediately for businesses to be ahead of their competition. Having this in mind, you need to understand from the ground up, what data is, the different types of data and how you should identify the right data for your business. To help you understand the simple basics of data and how it needs to be analyzed, then Data Analytics for Beginners is the book that you have been waiting for. The size and type of business you are running doesn't matter because after all, it will depend on your ability to understand the data that your business is exposed to so as to make better business decisions for the current working environment and the future. Are there patterns in your business that you cannot see? Do you want to make sense of the shopping trends of your clients to better enrich their experience? Do you want to know your target market even more? Do you want to better derive insights from the feedback your clients give you? These questions can only be answered when you perform a data analysis for your business. Collecting the data is one thing, analyzing them is another matter entirely as it is not something that can be done haphazardly by just looking at the data. If you hope to understand your data well, you need to understand the data you are collecting, the methods to use and the right tools to use when analyzing the data. Inside you will find valuable steps and tools that will help make your information work for you. Do not let yourself get complacent, stop looking at the data that you collect each day and start analyzing your data to move your business up. Get started by buying this book today! Inside you will find How data should be understood? Terms and concepts used in data analysis. Data mining and the different kinds of databases used to store data. How information can be retrieved and manipulated in the database to create a visual representation of what you want to know? The life cycle of data analysis. And more...

Become an Unstoppable Force with E-mail If you have a business or brand that you want to bring to the light, then this is the book for you. In "Hack E-mail," I share my best strategies for turning e-mail into a marketing weapon. From e-mail outreach campaigns I've been able to: 1) Book between 40-50 podcast and radio interviews across the world, promoting my first book ("Buy Your Own Island) to a best-seller 2) Build an extensive network of mentors and affiliate partners 3) Increase my blog traffic by 400% in a one month period (from 4,262 to 16,688) 4) Connect with influential people 5) Pick up new coaching and freelance clients Before I began to use these techniques for my own brand, I honed them in campaigns for clients. From fashion companies in Toronto to skin care lines in Malta, business owners have paid me thousands to generate leads for their business through cold e-mail. This stuff works. The best part is, the things I've done with e-mail, anyone can do! In this book, I lay out everything I've learned, and share my best strategies and most valuable techniques to get a response from someone and finally get the results you seek. Among other things, you will learn: * - How to create positive NLP "anchors" in your e-mails - so that people welcome correspondence from you (pages 26 - 27) - 7 mistakes of horrible e-mail outreach and how to fix them (page 18) - How to name drop your way to the top (page 31) - How to occupy the moral high ground, and enchant people with your story (pages 28 - 30) - What to do if someone doesn't respond - and get a

response 90% of the time - How to send follow-ups automatically - and "drip feed" your outreach (page 39) - How to conduct professional CRM campaigns within Gmail (chapter five) - The "Hidden in Plain Sight" technique to find the top people in any niche, and discover their address - Plus other unconventional, but effective techniques Plus, in this book I've included more than two dozen apps and powerful resources to make your e-mails more effective, efficient, more personable, and more powerful. Are you ready to learn some powerful e-mail outreach techniques and become an unstoppable force? Hope you enjoy the book. *Note that page numbers are from the web edition of the book, and may appear at different locations in your print version.

Survival Guide provides bank directors and bank executives with the tools required to navigate the unique challenges faced by bank board members. Service as a bank director may have been considered an honor in the past - but times have changed. Today, bank directors assume more personal liability and face greater regulatory requirements than other board positions. Strong banks are the lifeblood of a healthy, growing community. When you serve as a bank director you have an extraordinary opportunity to contribute to the economic health of your community by helping local businesses grow and create jobs. Survival Guide provides you with a practical roadmap for making your job as a bank director more effective and rewarding - from the day you join to the day you depart your bank board. Every board consists of unique talents and personalities so Survival Guide is not a "cookbook". Your board and the bank's executive management team need to determine your own "recipe" for success.

ISDFS provides a platform for researchers and experts in academia, industry and government to exchange ideas and recent developments in digital forensics and security After several successful events, the sixth ISDFS conference will continue to promote and disseminate knowledge concerning several topics and technologies related to Digital Forensics and Security Special sessions, workshops, tutorials, keynotes, panel discussions, poster and oral presentations will be included in the symposium program Topics within the scope of the symposium include, but are not limited to, the following areas Digital Forensics Data Privacy Cryptography Information Security

This groundbreaking Brief brings a rights-based perspective to social work as opposed to the charity- and needs-based formats traditional to the field. Core principles for effective practice are discussed in the context of global human rights advocacy, from addressing individuals' immediate issues to challenging the structures that allow continued injustices to marginalized populations. Focusing specifically on interventions with survivors (and some perpetrators) of torture, human trafficking, and domestic violence, coverage explores and explodes myths about these issues--some of which survivors themselves may believe--and illustrates the immediate application and long-term benefits of rights-based therapy. Case examples, discussion questions, resource links, and a clinician self-care section reinforce the salience of this approach, modeling practice that is ethical in its outlook and empowering in its healing. Clinician skills emphasized in Human Rights-Based Approaches to Clinical Social Work: Reframing client needs as human rights. Cultural humility versus cultural competence. Building the therapeutic relationship and reconstructing safety. Developing trauma-informed practice and avoiding re-traumatization.

Forensic and activist roles for social workers. Burnout prevention for practitioners.

Gila Daman was twenty-one when her father passed away. Instead of letting herself grieve, she fell into a series of unhealthy, superficial relationships that beat down her already low self-esteem. After years of struggles in life and love, Gila finally learned how to find happiness: by getting to know and love herself. Instead of focusing on physical intimacy, she started confronting her grief and searching for a relationship with herself-one built on honesty and emotional maturity. First Comes Self-Love, Then Comes Marriage is a series of funny, frank, and moving essays in which Gila describes her struggle to achieve a positive self-image. Gila's journey is a roadmap for all who feel lost in a series of disappointing relationships, and her battle with low self-esteem is one that all women can relate to. Whether you're just entering the dating world or have been on the front lines for years, you'll find comfort and wisdom in Gila's words. By learning from Gila's mistakes, you'll give yourself a better shot at finding fulfillment from within.

Mysterious, revealing and prophetic, this historically relevant modern thriller explores religious authority while providing a wild ride of international intrigue and danger.

A compilation of the musings and poetry of writer and actor Adam Elliott Davis, as posted to Facebook between January 1 and August 31 of 2015. Edited by Marty Beaudet.

A full color recipe book with an easy to follow Type 2 Diabetes reversal and Prediabetes reversal eating plan developed by Dr. Cheng Ruan, MD and Mimi Chan, RD LD CNSC

CDE. This program is not designed to be a temporary diet. It is designed for someone with Type 2 Diabetes (or prediabetes) to learn a system of eating where you can have permanent success. Learning what foods can work for you by understanding how it affects your body is the foundation to establish permanency in behavioral changes. Rather than telling you a detailed system of what to eat and the quantity, we have devised a way where it's easier. Three of the six layers of foods are unlimited. In fact, there are minimum quantities to eat daily. For those who have poorly controlled diabetes, we created a sliding scale eating system. Depending on what their blood sugars are that morning, they utilize different portions or different partitions of each of the categories of food. That will likely impact the next morning's blood sugar which hopefully will become lower by the way you eat the day before. And the lower your blood sugar becomes, the more you're allowed to have cheat meals. It becomes a reward system that's designed for success. They are rewarded by lower blood sugars and more cheat meals if they keep the blood sugars low. But if the blood sugars become higher the next morning, some elements of the program are restricted. Surprisingly, what we've noticed is that people do not opt for the cheat meals anymore because their reward, instead of being food, becomes the lowered blood sugar results. Therefore, since they don't want their blood sugars to go up again, they naturally avoid cheat meals. Following this plan, most have succeeded in fat loss (even without exercise), lowered triglycerides, lowered Hemoglobin A1C, and improved energy and vitality! This book was created with the focus of humans in mind. Humans, from the time we wake to the time we go to sleep, seek reward every second we are awake. Whenever we seek reward, we tend to take it from wherever we can get it. Throughout modern times, a reward became food. As food became readily available, we transitioned to seek food that are rich in sugar and processed sugar. When processed sugars became cheaply made and easily available worldwide, the epidemic of Diabetes began. As humans, we cognitively understand what we need but we still feed into our instincts and desires. We understand there are things that are healthy and unhealthy for us. Yet, more often than not, we continue to make choices that are deemed bad. Why is that? Why do we keep making these choices if we understand that whatever we're doing can be damaging to our body? Why do smokers continue to smoke, knowing that it is a major contributor of heart disease and strokes? Why do diabetics continue to eat sugary and high carb foods when they understand that it will raise their blood sugars, ultimately leading to organ damage and cardiovascular disease? Why is it that we behave in such ways that may be detrimental to our health? The short answer is that it's just something humans do. Humans seek reward and this reward system can be so strong that, cognitively, we may not be able to bypass it. The reward system is so strong it can become habitual behavior. Habits by definition are automatic, emotionless things that we do not think about when we act. Through certain formed habits, we feed into our body's deterioration. It's through these habits that we continue to suppress our own lifelong goals because of this one defining attribute. We, humans, are addicted to instant reward and gratification. The eating plan detailed in this book is to work WITH human nature rather than against it. That is why there is no carb counting, calorie counting, or any math involved. Eat the categories of foods that will keep your blood sugars down, your fat down, and your spirits up. Enjoy the delicious recipes that we have created in our own kitchens!

I put this story line together with a Middle Eastern background. It is where I created and shared this story with many Iraqi children. Islam has angels too and I do believe that with all of the hatred that is in this world, children should never be a part of it! Children of all ages can enjoy this book, from Kindergarten to the 6th grade This story explains diversity. I have always used it as a tool to explain how wrong it is to hate other people because of how they pray or worship. Questions can be asked throughout the entire story of how wrong it is to mistreat others because of the color of their skin, where they are from. Being mean to another because they are hungry or hurt. I did make reference to bullying which a teacher can stop and ask the important question of being mean for no reason. The story explains what can happen to people who do not tell the truth.

A man patiently watches a group of young girls walk home from school, waiting for the perfect moment to take the one child he has designated as his next victim. However, what this predator does not know is that he, too, is being stalked. There is someone in the shadows-a trained Citizen-who is ready to make sure that the child under his assigned protection is never harmed. One pedophile, one abuser, one killer at a time; this Citizen and others like him will take a stand against those who prey on the weak and the innocent.

Oh no! The big bad wolf is in London! But he is no match for these three little pigs! Staring a silly big bad Siberian Husky, the cleverest Guinea Pig this side of a hard hat, and famous London city landmarks, this version of the Three Little Pigs turns the classic children's story into a hilarious tale of London pride! Includes a write your own story activity especially for children ages 3-8 who are planning to visit, or who have recently visited, the great city of London! Looking for a different city? Search Dr. Silly Goose for more city-specific versions of The Three Little Pigs. Also available: Los Angeles, Chicago, Houston, Philadelphia, San Antonio, San Diego, Dallas, New York City, Jacksonville, San Francisco, Austin, Seattle, Denver, Washington DC, and Boston.
