ADDICTION: CUNNING, BAFFLING, & POWERFUL In this gripping debut novel by Andrew Seaward, the lives of three addicts converge following an accidental and horrific death. Monty Miller, a self-destructive, codependent alcoholic, is wracked by an obsession to drink himself to death as punishment for a fatal car accident he didn't cause. Dave Bell, a former all-American track star turned washed-up high school volleyball coach, routinely chauffeurs his bus full of teens on a belly full of liquor and head full of crack. Angie Mallard, a recently divorced housewife with three estranged children, will go to any lengths to restore the family she lost to crystal meth. All three are court-mandated to a secluded drug rehab high in the foothills of the Rocky Mountains. There, they learn the universal truth among alcoholics and addicts: Though they may all be sick...**SOME ARE SICKER THAN OTHERS.** Based on the author's own personal experience with substance abuse and twelve-step programs, *Some Are Sicker Than Others*, transcends the cliches of the typical recovery story by exploring the insidiousness of addiction and the harrowing effect it has on not just the afflicted, but everyone it touches. With the harsh realism of Brett Easton Ellis and the dark, confrontational humor of Chuck Palahniuk, Mr. Seaward takes the reader deep inside the psyche of the addict and portrays, in very explicit details, the psychological and physiological effects of withdrawal and the various stages of recovery.

Ask yourself, how many days does it take to fall in love? Nolan Parker and Clara Lawrence never saw eye to eye. In fact, if you asked Clara she would tell you that Nolan hated every thing about her. They never shared any form of connection besides Alex Lawrence. She was Alex's bratty sister and he was Alex's best friend, they never stood a chance. Five years have passed and almost 12,000 miles have kept them separated, both living completely different lives. Unchanged perceptions and expectations should have kept them apart but when Nolan returns, the foundations of their 'relationship' is sure to change. Their story was meant to end the day Nolan left for Stanford. But what if seeing each other after five years was the game changer? What if this was their one chance to rewrite their relationship or were they always destined to never be more?

With refreshing candor, Ross shares how the relentless pace of her life came to a screeching halt when a brain aneurysm ruptured and nearly killed her. Along her stubborn road back to health, her resulting cognitive and emotional challenges forced her to reframe her life, her work, and her identity.

In December of 1994, when she was a junior in high school, Emi Hennigan discovered her father's infidelity. Forced to transfer schools mid-year, she wasn't trying to make new friends. In that same month, sophomore Nate Wilson's girlfriend broke up with him. Searching for someone to fill the void left by his first love, he meets Emi in his art class. Nate knows he wants Emi from the moment he sees her. Emi knows she needs Nate after one night together. A life-long friendship is born, and a pact is made to ensure that nothing will come between them. This novella is the prequel to the *Emi Lost & Found* series.
