

The Little Book That Still Beats The Market Little Books Big Profits

In *The Little Book That Builds Wealth*, author Pat Dorsey—the Director of Equity Research for leading independent investment research provider Morningstar, Inc.—reveals why competitive advantages, or economic moats, are such strong indicators of great long-term investments and examines four of their most common sources: intangible assets, cost advantages, customer-switching costs, and network economics. Along the way, he skillfully outlines this proven approach and reveals how you can effectively apply it to your own investment endeavors.

Barroom brawler ghosts, a ghost prayer group, Peeping Tom ghosts, a ghost who hates children, and even a ghost who didn't know he was dead are just a few of the wild assortment of characters in Echo Bodine's delightful new collection of true ghost stories. A psychic who has been hunting ghosts for 40 years, Bodine shares her story of how she became a ghost buster along with the stories of ghosts, hauntings, and possessions she encountered along the way. Wondering if those flickering lights, jangling door knobs, and mumbling sounds in the middle of the night mean you have a ghost? Bodine offers step-by-step instructions for

Read Book The Little Book That Still Beats The Market Little Books Big Profits

getting rid of them along with clearing and protection prayers to keep them away. These funny, sometimes unnerving, and always entertaining stories will provide reassurance to anyone who has ever encountered things that go bump in the night. Learn about the lives and works of over eighty saints in this collection, featuring ninety-two colorfully illustrated holy cards. How does Saint Christopher keep us safe when we travel? Why is Saint Patrick always depicted with a nest of snakes? How did Cecilia come to be the patron saint of music? These wonders and more are explained in this treasure of a book. The perfect book for the devout or any religious occasion, this captivating collection recounts the extra-ordinary legends, heartrending stories, joys, and sorrows of the most beloved saints, from the famous to the mysteriously obscure. Beautifully illustrated with historical pictures from prayer books and missals, this elegant keepsake is a joy to have.

THE NEW YORK TIMES BESTSELLING PHENOMENON From Beth Kery, the national bestselling author of *Explosive*, comes a red-hot romance like no other—where the rules of attraction are broken with that first electrifying touch. Meet Francesca and Ian. The fantasies of what's to come begin... Because You Are Mine, Part I Because You Tempt Me It starts with that first look, when you know you have to have him... Francesca Arno has

Read Book The Little Book That Still Beats The Market Little Books Big Profits

been commissioned to create a grand centerpiece painting for the lobby of Ian Noble's new skyscraper. It's at a cocktail party in her honor that she first meets him—and the attraction is immediate for Francesca. It's also bewildering. She's not used to such a wholesale sexual response to a stranger. Enigmatic, darkly intense, with a commanding presence, Ian completely unnerves her. And she likes it. For Ian, she's the kind of woman he can't resist—one that comes all too rarely: a true innocent. But he can sense in her a desire to open up, to experiment, to give herself to the fantasies of a man in control. The first kiss, the first caress, the first challenge for a woman who craves what she's never had—a man who gets what he wants. More to come. Don't miss *Because You Are Mine, Part II*, available 8/7

simple tasks, such as: Working from Home Effectively Keeping a Houseplant Alive Giving Constructive Feedback Arranging the Perfect Cheese Board, and many more The Little Book of Life Skills offers simple strategies for being better grown-ups. It's the perfect guide for anybody who wants to get organized, be more efficient throughout the day, and finally learn the best way to fold that #\$\$% fitted sheet.

The Little Book of Calm has the magic formula for anxiety This definitive book, written by a clinical psychotherapist, who regularly appears on CBBC and BBC Radio 1, offers techniques, advice and inspiration on the best and most effective ways to manage anxiety. From exercises to help you put your worries into perspective, to relaxation methods for when anxiety attacks, Dr Aaron Balick shows you how to feel more at ease and sustain a sense of calm

The exiled scion of a prominent Boston family, forty-seven-year-old Wheeler Burden is living in 1988 San Francisco until he is mysteriously transported to fin de siecle Vienna, a city that he finds strangely familiar, where he finds a mentor in Sigmund Freud. Step back from the overload this New Year and find some time for yourself. You are important too. With encouraging reminders, inspiring thoughts, easy wins and practical advice, The Little Book of Self Care will help you identify your needs so you can relax, refuel and

Read Book The Little Book That Still Beats The Market Little Books Big Profits

find calm in your hectic life. This book will tell you why mindset is key, how to nourish instead of punish yourself, how to exercise and sleep and why it is important to go slow sometimes. You live your whole life being you, so why not be your own best friend?

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. Now, with a new Introduction and Afterword for 2010, *The Little Book that Still Beats the Market* updates and expands upon the research findings from the original book. Included are data and analysis covering the recent financial crisis and model performance through the end of 2009. In a straightforward and accessible style, the book explores the basic principles of successful stock market investing and then reveals the author's time-tested formula that makes buying above average companies at below average prices automatic. Though the formula has been extensively tested and is a breakthrough in the academic and professional world, Greenblatt explains it using 6th grade math, plain language and humor. He shows how to use his method to beat both the market and professional managers by a wide margin. You'll also learn why success eludes almost all individual and professional investors, and why the formula will continue to work even after everyone "knows" it. While the

Read Book The Little Book That Still Beats The Market Little Books Big Profits

formula may be simple, understanding why the formula works is the true key to success for investors. The book will take readers on a step-by-step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market. As the Wall Street Journal stated about the original edition, "Mr. Greenblatt...says his goal was to provide advice that, while sophisticated, could be understood and followed by his five children, ages 6 to 15. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there." The founder of History Hustle presents a handy guide for expressing yourself with history's best words. This collection features scores of unique words from history that deal with surprisingly modern issues like sleeping in and procrastination--proving that some things never change! The Little Book of Lost Words presents each term that's ready to be brought back into modern-day use, complete with definition, hilarious sample sentence, and cheeky historical art. You'll learn new words for the cozy room where you like to Netflix and chill (snuggery), for a dishonest politician (snollygoster), and for a young person who sleeps through the day and doesn't work (dewdropper). If you like Lost in Translation, Shakespeare Insult Generator, Drunk History, and Roald Dahl--and you delight in the way words like blatteroon and flapdoodle roll off the tongue--then you're the word lover this book was written for. Want to know what a fizgig or groke is? Read this book!

The perfect anti-valentine: a whirlwind tour through

Read Book The Little Book That Still Beats The Market Little Books Big Profits

love's most crushing moments What's the best way to mend a broken heart? Forget ice cream, wine, and sappy movies. Journalist Meghan Laslocky advises: Read through the pain. From forbidden love in 12th century Paris to the art of crafting the perfect "I'm over you" mix, *The Little Book of Heartbreak* is a quirky exploration of all things lovelorn, including:

- How serial cheater Ernest Hemingway stole his wife's job just as their marriage was collapsing
- Kinky spells cast by lovesick men in ancient Greece
- Painter Oscar Kokoschka's attempt to get over an ex by creating (and having liaisons with!) her life-size replica
- Brooding crooner Morrissey's personal creed about how romantic love is useless
- The surprising science behind heartbreak and love addiction
- The connection between World War II and what you talk about with your therapist
- Insights into the tricky chemistry of monogamy and infidelity, courtesy of tiny rodents
- And other lessons learned from ill-fated romances, lovers' quarrels, and hell-hath-no-fury spats throughout the ages

Featuring anecdotes from history, literature, culture, art and music, *The Little Book of Heartbreak* shares the entertaining, empowering and occasionally absurd things that happen when love is on its last legs.

A practical guide to experiencing natural awareness—an effortless and spacious state of resting in the depth of our being. Do you recall, as a child, being enthralled by a drifting cloud, a rain-soaked leaf, a wandering ladybug? Or suddenly having a sense of timelessness, contentment, and ease? If so, then you've already had a taste of natural awareness. Known and revered in many

Read Book The Little Book That Still Beats The Market Little Books Big Profits

traditions as a complement to focused mindfulness training, natural awareness transcends even these wondrous childhood moments. Some describe it as a profound “awareness of awareness”—an effortless, boundless state of resting in the depth of our being. For those new to meditation and experienced meditators alike, these 72 “mini-chapters” guide you on an in-depth odyssey into natural awareness, illuminated by many simple and enjoyable insights and exercises. The Little Book of Being invites you to explore: The spectrum of awareness practices, from focused mindfulness to flexible mindfulness to natural awareness How classical mindfulness and effortless natural awareness enrich and shape each other, and how to practice both Three ways to move into natural awareness—relaxing effort, broadening awareness, and dropping objects A treasury of “glimpse practices” to spark natural awareness anytime, in just a few moments How to bring this way of “simply being” into your daily life, into your connection with others, and into the world “At first natural awareness may seem far away, just a whisper, but then it will begin to grow and expand and permeate aspects of living. Over time we may feel more peace, more connection to ourselves. We may find ourselves taking life a bit more lightly. We may feel a sense of relaxed ‘beingness’ throughout the day, and when we do get caught in our dramas, we may find ourselves moving out of them quicker than we imagined we could.” —Diana Winston

Take some much-needed time for yourself with these quick and easy methods to relax and recharge.

Novelist, poet, critic, lay theologian, and best-selling author of the 'Narnia' series, C. S. Lewis' works have become timeless classics for adults and children around the world. Here in one concise volume is the essence of his thought on subjects ranging from love and faith to ethics and morality and myth and literature that will throw open the windows of the soul and provide readers with bite-sized nuggets of wisdom and inspiration from one of the best-loved writers of the 20th century. This lovely little gift book will provide sustenance, wisdom, and hope for both believers and seekers. And, most importantly, it will provide an entry point for those unfamiliar with Lewis that will make them want to explore his fiction and nonfiction works. Selections from C.S. Lewis' Little Book of Wisdom: "If God had granted all the silly prayers I've made in my life, where should I be now?" "Surely arrested development consists not in refusing to lose old things, but in failing to add new things..." "Do not dare not to dare." "We are mirrors whose brightness is wholly derived from the sun that shines upon us." "I didn't go to religion to make me happy. I always knew a bottle of Port would do that. If you want a religion to make you feel really comfortable, I certainly don't recommend Christianity."

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with *The Little Book of Value Investing*, Christopher Browne shows you how to use this wealth-building strategy to successfully buy

Read Book The Little Book That Still Beats The Market Little Books Big Profits

bargain stocks around the world.

The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of Little Book of Common Sense was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them

Read Book The Little Book That Still Beats The Market Little Books Big Profits

and to me.” Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of *The Little Book of Common Sense Investing* offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. *The Little Book of Common Sense Investing* is a solid guidebook to your financial future.

The cutting-edge science that is taking the measure of the universe *The Little Book of Cosmology* provides a breathtaking look at our universe on the grandest scales imaginable. Written by one of the world's leading experimental cosmologists, this short but deeply insightful book describes what scientists are revealing

Read Book The Little Book That Still Beats The Market Little Books Big Profits

through precise measurements of the faint thermal afterglow of the Big Bang—known as the cosmic microwave background, or CMB—and how their findings are transforming our view of the cosmos. Blending the latest findings in cosmology with essential concepts from physics, Lyman Page first helps readers to grasp the sheer enormity of the universe, explaining how to understand the history of its formation and evolution in space and time. Then he sheds light on how spatial variations in the CMB formed, how they reveal the age, size, and geometry of the universe, and how they offer a blueprint for the formation of cosmic structure. Not only does Page explain current observations and measurements, he describes how they can be woven together into a unified picture to form the Standard Model of Cosmology. Yet much remains unknown, and this incisive book also describes the search for ever deeper knowledge at the field's frontiers—from quests to understand the nature of neutrinos and dark energy to investigations into the physics of the very early universe.

In 2005, Joel Greenblatt published a book that is already considered one of the classics of finance literature. In *The Little Book that Beats the Market*—a New York Times bestseller with 300,000 copies in print—Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices. They are in luck. His 'Little Book' is one of the best, clearest guides to value investing out there." A comprehensive guide to small-space secrets and real-life solutions for living in 1,200 square feet or less. The Little Book of Living Small shows readers how to make the most of limited square footage—with grace and

Read Book The Little Book That Still Beats The Market Little Books Big Profits

style—and serves as the cheerleader readers need to help themselves feel satisfied and proud of their choice to live with less. In addition to exploring both the motivation behind choosing to live in a small space, as well as the practical, everyday advice for managing a tight footprint, *The Little Book of Living Small* also includes case studies: 12 style-savvy, small-space dwellers open their doors and share their design secrets. Author Laura Fenton covers a range of homes including studio apartments, one- and two-bedroom houses, a tiny house, a co-living space, and even whole houses. Stylistically these homes range from urban, rural, minimalist, and country, with the unifying thread that they are all real homes of less than 1,200 square feet that offer clever solutions that readers can use in their own homes. Laura Fenton is the lifestyle director at *Parents* magazine. With more than fifteen years of experience, her work has appeared in major publications including *Better Homes & Gardens*, *Country Living*, *Good Housekeeping*, and on leading home websites including Remodelista.com, HGTV.com, ElleDecor.com, HouseBeautiful.com, Refinery29, and elsewhere. Through her writing she has explored the topic of living small for more than a decade. She lives small with her husband, a photographer, and their son in Jackson Heights, Queens, in New York.

Protect assets during times of crisis with this new edition of the New York Times bestseller! When the first edition of this book appeared it was before the economic crash. This new edition shows how David Darst's particular kind of asset allocation helped his investors during that

Read Book The Little Book That Still Beats The Market Little Books Big Profits

volatile period. It also contains a discussion of downside and risk tolerance and new self-tests for determining your risk tolerance. And, finally, it reveals how the asset allocation model has changed since 2008. In all of these areas, the author will continue to include new insightful anecdotes like those that peppered the first edition.

Shows how to tap into the use of asset allocation strategies to protect your investments Offers updated information on downside and risk tolerance The next step resource from a managing director of Morgan Stanley and the bestselling author David Darst Includes a Foreword by Jim Cramer David Darst reveals how to use asset allocation to increase your portfolio that tap into the investment strategies of the wealthy.

The key to building wealth the low-priced stock way Low-priced gems, or what author Hilary Kramer calls "breakout stocks" come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In The Little Book of Big Profits from Small Stocks, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this Little Book you'll learn: How to identify the low cost stocks that have the potential to yield big profits The most important secret to making money in stock investing Plus, you'll

Read Book The Little Book That Still Beats The Market Little Books Big Profits

gain instant access to a website with educational videos, interactive tools and stock recommendations The Little Book of Big Profits from Small Stocks explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

New York Times Bestseller Embrace Hygge (pronounced hoo-ga) and become happier with this definitive guide to the Danish philosophy of comfort, togetherness, and well-being. Why are Danes the happiest people in the world? The answer, says Meik Wiking, CEO of the Happiness Research Institute in Copenhagen, is Hygge. Loosely translated, Hygge—pronounced Hoo-ga—is a sense of comfort, togetherness, and well-being. "Hygge is about an atmosphere and an experience," Wiking explains. "It is about being with the people we love. A feeling of home. A feeling that we are safe." Hygge is the sensation you get when you're cuddled up on a sofa, in cozy socks under a soft throw, during a storm. It's that feeling when you're sharing comfort food and easy conversation with loved ones at a candlelit table. It is the warmth of morning light shining just right on a crisp blue-sky day. The Little Book of Hygge introduces you to this cornerstone of Danish life, and offers advice and ideas on incorporating it into your own life, such as: Get comfy. Take a break. Be here now. Turn off the phones. Turn down the lights. Bring out the candles. Build relationships. Spend time with your tribe. Give yourself a break from the demands of healthy living. Cake is most definitely Hygge. Live life today, like there is no coffee tomorrow. From picking the right lighting to organizing a

understanding the ways that human nature and financial markets interact." —Dan Ariely, James B. Duke Professor of Behavioral Economics, Duke University, and author of Predictably Irrational "In investing, success means being on the right side of most trades. No book provides a better starting point toward that goal than this one."

—Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School "Know thyself.' Overcoming human instinct is key to becoming a better investor. You would be irrational if you did not read this book."

—Edward Bonham-Carter, Chief Executive and Chief Investment Officer, Jupiter Asset Management "There is not an investor anywhere who wouldn't profit from reading this book."

—Jeff Hochman, Director of Technical Strategy, Fidelity Investment Services Limited "James Montier gives us a very accessible version of why we as investors are so predictably irrational, and a guide to help us channel our 'Inner Spock' to make better investment decisions.

Bravo!" —John Mauldin, President, Millennium Wave Investments

A hedge fund manager and Columbia Business School professor shows, in step-by-step fashion, how "beating the market" can be made simple and easy for investors of any age.

Profit from a powerful, proven investment strategy The Little Book That Makes You Rich is the latest book in the popular "Little Book, Big Profits" series. Written by Louis Navellier -- one of the most well-respected and successful growth investors of our day -- this book offers a fundamental understanding of how to get rich using the

Read Book The Little Book That Still Beats The Market Little Books Big Profits

best in growth investing strategies. Navellier has made a living by picking top, actively traded stocks and capturing unparalleled profits from them in the process. Now, with *The Little Book That Makes You Rich*, he shows you how to find stocks that are poised for rapid price increases, regardless of overall stock market direction. Navellier also offers the statistical and quantitative measures needed to measure risk and reward along the path to profitable growth stock investing. Filled with in-depth insights and practical advice, *The Little Book That Makes You Rich* gives individual investors specific tools for selecting stocks based on the factors that years of research have proven to lead to growth stock profits. These factors include analysts' moves, profit margins expansion, and rapid sales growth. In addition to offering you tips for not paying too much for growth, the author also addresses essential issues that every growth investor must be aware of, including which signs will tell you when it's time to get rid of a stock and how to monitor a portfolio in order to maintain its overall quality. Accessible and engaging, *The Little Book That Makes You Rich* outlines an effective approach to building true wealth in today's markets. Louis Navellier (Reno, NV) has one of the most exceptional long-term track records of any financial newsletter editor in America. As a financial analyst and editor of investment newsletters since 1980, Navellier's recommendations (published in *Emerging Growth*) have gained over 4,806 percent in the last 22 years, as confirmed by a leading independent newsletter rating service, *The Hulbert Financial Digest*. *Emerging Growth* is one of Navellier's four services,

which also includes his Blue Chip Growth service for large-cap stock investors, his Quantum Growth service for active traders seeking shorter-term gains, and his Global Growth service for active traders focused on high growth global stocks.

Why are Scandinavians the world's happiest people? How do you get more Scandi-style in your life? What is lagom and how do you use it? Whether you want your apartment to look like it belongs in Copenhagen, to workout like a Norwegian or to make cinnamon buns like a Swede, this pocket edition of North is the perfect introduction to the world's happiest countries. Full of inspiration and ideas, how-tos and recipes to help you experience the very best of Scandinavian design, philosophy, cookery and culture, this honest behind-the-scenes look at the culture provides an invaluable insight into the wonderful and visually stunning world of Scandinavia. Like her viking ancestors before her, Brontë Aurell left Denmark to explore the world beyond home shores and in her travels has come to understand the fascination with her kinfolk, as well as seeing the idiosyncrasies of the Scandinavian lifestyle that locals take for granted. With a signature wit and a keen eye for detail, she takes you on a journey through fjords and mountains, farmlands and cities to better understand these three nations and what makes each one so unique. So get outdoors, learn the life lesson that there's no such thing as bad weather (only bad clothing) and you may discover your inner Scandi sooner than you think.

which I intend to steal liberally for the next edition of *The Only Investment Guide You'll Ever Need*—is that most people won't believe it. . . . That's good, because the more people who know about a good thing, the more expensive that thing ordinarily becomes. . . ." —Andrew Tobias, author of *The Only Investment Guide You'll Ever Need* "This book is the finest simple distillation of modern value investing principles ever written. It should be mandatory reading for all serious investors from the fourth grade on up." —Professor Bruce Greenwald, director of the Heilbrunn Center for Graham and Dodd Investing, Columbia Business School

Valuation is at the heart of any investment decision, whether that decision is to buy, sell, or hold. In *The Little Book of Valuation*, expert Aswath Damodaran explains the techniques in language that any investors can understand, so you can make better investment decisions when reviewing stock research reports and engaging in independent efforts to value and pick stocks. Page by page, Damodaran distills the fundamentals of valuation, without glossing over or ignoring key concepts, and develops models that you can easily understand and use. Along the way, he covers various valuation approaches from intrinsic or discounted cash flow valuation and multiples or relative valuation to some elements of real option valuation. Includes case studies and examples that will help build your valuation skills

Written by Aswath Damodaran, one of today's most respected valuation experts Includes an accompanying iPhone application (iVal) that makes the lessons of the book immediately useable

Written with the individual investor in mind, this reliable guide will not only help you value a company quickly, but will also help you make sense of valuations done by others or found in comprehensive equity research reports.

yourself, you'll learn how to care for the world around you.

One of the most popular and profound inspirational writers of all time explores the mysteries of life. Here is bite-sized wisdom for daily living in a beautiful gift package. This book is a collection of Gibran's words on life's big questions and the mysteries of the spiritual path. It is an exploration of the riddles and conundrums that are part of the fabric of existence, and it is an attempt to penetrate and explain the mysteries of life. Gibran was fascinated by life's puzzles and riddles--those questions that cause us to stop what we are doing and ask, "Why?" Here are his musings about the seemingly unanswerable questions and his exploration of good and evil, love and hate, and the difference between appearances and reality. Kahlil Gibran's Little Book of Secrets is organized into five sections that elucidate the key issues and questions that each of us face: Entering the Labyrinth of Life Secrets of Life and Death Life's Ups and Downs Secrets of Good and Evil Traveling the Inner Path This inspirational gift volume gently guides readers through life's big issues: meaning and mortality, good and evil, and discovering an authentic spiritual path. Suitable for all gift-giving occasions, it is a book that delights, informs, and inspires.

MAGA hats, pussy hats. Hijabs, handmaids' bonnets. Safe spaces, safe streets. Voter fraud, voter suppression. George Soros, the Koch Brothers. Live free or die, no justice no peace. See any similarities? If so, you've just violated rule No.1 of turbo-partisan America:

That no matter how closely one side's position, pet hate, personal taste, or language mirrors the other's, any claim of left-right equivalence is patently false, and probably deeply offensive. But what if the false equivalence isn't actually false, and what both sides really need is a bracing slap of refined bothsiderism? The Little Book of Left-Right Equivalence is that slap, a no-holds-barred catalog of interchangeable idiocies, double dual-standards, and two-way u-turns that shows no favor and takes no prisoners. Set in short couplets rather than traditional book prose, and offering an unusual mix of serious and satirical - and highbrow and lowbrow - it is guaranteed to outrage, delight and enlighten.

A comprehensive and practical guide to the stock market from a successful fund manager—filled with case studies, important background information, and all the tools you'll need to become a stock market genius. Fund manager Joel Greenblatt has been beating the Dow (with returns of 50 percent a year) for more than a decade. And now, in this highly accessible guide, he's going to show you how to do it, too. You're about to discover investment opportunities that portfolio managers, business-school professors, and top investment experts regularly miss—uncharted areas where the individual investor has a huge advantage over the Wall Street wizards. Here is your personal treasure map to special situations in which big profits are possible, including: · Spin-offs · Restructurings · Merger Securities · Rights Offerings · Recapitalizations · Bankruptcies · Risk Arbitrage
