Named a best book of the year by Entertainment Weekly, Time, and The Chicago Tribune, and named a notable book by The New York Times Book Review and The Washington Post “Remarkable . . . With this book [Wolitzer] has surpassed herself.”—The New York Times Book Review “A victory . . . The Interestings secures Wolitzer's place among the best novelists of her generation. . . . She's every bit as literary as Franzen or Eugenides. But the very human moments in her work hit you harder than the big ideas. This isn't women's fiction. It's everyone's.”—Entertainment Weekly (A) From Meg Wolitzer, the New York Times–bestselling author of *The Female Persuasion*, a novel that has been called “genius” (The Chicago Tribune), “wonderful” (Vanity Fair), “ambitious” (San Francisco Chronicle), and a “page-turner” (Cosmopolitan). The summer that Nixon resigns, six teenagers at a summer camp for the arts become inseparable. Decades later the bond remains powerful, but so much else has changed. In *The Interestings*, Wolitzer follows these characters from the height of youth through middle age, as their talents, fortunes, and degrees of satisfaction diverge. The kind of creativity that is rewarded at age fifteen is not always enough to propel someone through life at age thirty; not everyone can sustain, in adulthood, what seemed so special in adolescence. Jules Jacobson, an aspiring comic actress, eventually resigns herself to a more practical occupation and lifestyle. Her friend Jonah, a gifted musician, stops playing the guitar and becomes an engineer. But Ethan and Ash, Jules’s now-married best friends, become shockingly successful—true to their initial artistic dreams, with the wealth and access that allow those dreams to keep expanding. The friendships endure and even prosper, but also underscore the differences in their fates, in what their talents have become and the shapes their lives have taken. Wide in scope, ambitious, and populated by complex characters who come together and apart in a changing New York City, *The Interestings* explores the meaning of talent; the nature of envy; the roles of class, art, money, and power; and how all of it can shift and tilt precipitously over the course of a friendship and a life.

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world

SHORT-LISTED FOR THE MAN BOOKER PRIZE A Christian Science Monitor Best Book of the Year On the morning after harvest, the inhabitants of a remote English village awaken looking forward to a hard-earned day of rest and feasting at their landowner's table. But the sky is marred by two conspicuous columns of smoke, replacing pleasurable anticipation with alarm and suspicion. One smoke column is the result of an overnight fire that has damaged the master's outbuildings. The second column rises from the wooded edge of the village, sent up by newcomers to announce their presence. In the minds of the wary villagers a mere coincidence of events appears to be unlikely, with violent confrontation looming as the unavoidable outcome. Meanwhile, another newcomer has recently been spotted taking careful notes and making drawings of the land. It is his presence more than any other that will threaten the village's entire way of life. In effortless and tender prose, Jim Crace details the unraveling of a pastoral idyll in the wake of economic progress. His tale is timeless and unsettling, framed by a beautifully evoked world that will linger in your memory long after you finish reading. While navigating his first year of high school and awaiting the birth of his new baby brother, Scott loses old friends and gains some unlikely new ones as he hones his skills as a writer. 50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. Cover may vary. No one ever said life was easy. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. A special 75th anniversary edition of Richard Wright's powerful and unforgettable memoir, with a new foreword by John Edgar Wideman and an afterword by

Malcolm Wright, the author's grandson. When it exploded onto the literary scene in 1945, *Black Boy* was both praised and condemned. Orville Prescott of the *New York Times* wrote that "if enough such books are written, if enough millions of people read them maybe, someday, in the fullness of time, there will be a greater understanding and a more true democracy." Yet from 1975 to 1978, *Black Boy* was banned in schools throughout the United States for "obscenity" and "instigating hatred between the races." Wright's once controversial, now celebrated autobiography measures the raw brutality of the Jim Crow South against the sheer desperate will it took to survive as a Black boy. Enduring poverty, hunger, fear, abuse, and hatred while growing up in the woods of Mississippi, Wright lied, stole, and raged at those around him—whites indifferent, pitying, or cruel and Blacks resentful of anyone trying to rise above their circumstances. Desperate for a different way of life, he made his way north, eventually arriving in Chicago, where he forged a new path and began his career as a writer. At the end of *Black Boy*, Wright sits poised with pencil in hand, determined to "hurl words into this darkness and wait for an echo." Seventy-five years later, his words continue to reverberate. "To read *Black Boy* is to stare into the heart of darkness," John Edgar Wideman writes in his foreword. "Not the dark heart Conrad searched for in Congo jungles but the beating heart I bear." One of the great American memoirs, Wright's account is a poignant record of struggle and endurance—a seminal literary work that illuminates our own time.

This profoundly moving memoir is the remarkable and inspiring true story of Sandra Uwiringiyimana, a girl from the Democratic Republic of the Congo who tells the tale of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp. Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members. With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new country, of her hope for the future, and how she found a way to give voice to her people. Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

The extraordinary tale of a refugee youth soccer team and the transformation of a small American town Clarkston, Georgia, was a typical Southern town until it was designated a refugee settlement center in the 1990s, becoming the first American home for scores of families in flight from the world's war zones—from Liberia and Sudan to Iraq and Afghanistan. Suddenly Clarkston's streets were filled with women wearing the hijab, the smells of cumin and curry, and kids of all colors playing soccer in any open space they could find. The town also became home to Luma Mufleh, an American-educated Jordanian woman who founded a youth soccer team to unify Clarkston's refugee children and keep them off the streets. These kids named themselves the Fugees. Set against the backdrop of an American town that without its consent had become a vast social experiment, *Outcasts United* follows a pivotal season in the life of the Fugees and their charismatic coach. Warren St. John documents the lives of a diverse group of young people as they miraculously coalesce into a band of brothers, while also drawing a fascinating portrait of a fading American town struggling to accommodate its new arrivals. At the center of the story is fiery Coach Luma, who relentlessly drives her players to success on the soccer field while holding together their lives—and the lives of their families—in the face of a series of daunting challenges. This fast-paced chronicle of a single season is a complex and inspiring tale of a small town becoming a global community—and an account of the ingenious and complicated ways we create a home in a changing world.

is a seminal novel of the 1960s. Here is the unforgettable story of a mental ward and its inhabitants—a counterculture classic that inspired the 1975 film adaptation, widely considered one of the greatest movies ever made.

The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen. 'Another indispensable classic' The Times "Ray Bradbury's gift for storytelling reshaped our culture and expanded our world" Barack Obama Guy Montag is a fireman. His job is to burn books, which are forbidden, being the source of all discord and unhappiness. Even so, Montag is unhappy; there is discord in his marriage. Are books hidden in his house? The Mechanical Hound of the Fire Department, armed with a lethal hypodermic, escorted by helicopters, is ready to track down those dissidents who defy society to preserve and read books. The classic dystopian novel of a post-literate future, Fahrenheit 451 stands alongside Orwell's 1984 and Huxley's Brave New World as a prophetic account of Western civilization's enslavement by the media, drugs and conformity. Bradbury's powerful and poetic prose combines with uncanny insight into the potential of technology to create a novel which, decades on from first publication, still has the power to dazzle and shock.

From Cannibals to Christ-Followers--A True Story In 1962, Don and Carol Richardson risked their lives to share the gospel with the Sawi people of New Guinea. Peace Child tells their unforgettable story of living among these headhunters and cannibals, who valued treachery through fattening victims with friendship before the slaughter. God gave Don and Carol the key to the Sawi hearts via a redemptive analogy from their own mythology. The "peace child" became the secret to unlocking a value system that had existed through generations. This analogy became a stepping-stone by which the gospel came into the Sawi culture and started both a spiritual and a social revolution from within. With an epilogue updating how the gospel has impacted the Sawi people, this missionary classic will inspire a new generation of readers who need to hear this remarkable story and the lessons it teaches us about communicating Christ in a meaningful way to those around us.

Sindiwe Magona's novel Mother to Mother explores the South African legacy of

apartheid through the lens of a woman who remembers a life marked by oppression and injustice. Magona decided to write this novel when she discovered that Fulbright Scholar Amy Biehl, who had been killed while working to organize the nation's first ever democratic elections in 1993, died just a few yards away from her own permanent residence in Guguletu, Capetown. She then learned that one of the boys held responsible for the killing was in fact her neighbor's son. Magona began to imagine how easily it might have been her own son caught up in the wave of violence that day. The book is based on this real-life incident, and takes the form of an epistle to Amy Biehl's mother. The murderer's mother, Mandisi, writes about her life, the life of her child, and the colonized society that not only allowed, but perpetuated violence against women and impoverished black South Africans under the reign of apartheid. The result is not an apology for the murder, but a beautifully written exploration of the society that bred such violence.

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' *Guardian* 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' *Observer* 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' *The Times*

A profoundly moving story of family, secrets, and longing, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.

An autobiography of a young Chinese man whose childhood and adolescence were spent in Mao's China during the Cultural Revolution.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

In this moving and compelling book, Melinda shares lessons she’s learned from the inspiring people she’s met during her work and travels around the world. As she writes in the introduction, “That is why I had to write this book—to share the stories of people who have given focus and urgency to my life. I want all of us to see ways we can lift women up where we live.” Melinda’s unforgettable narrative is backed by startling data as she presents the issues that most need our attention—from child marriage to lack of access to contraceptives to gender inequity in the workplace. And, for the first time, she writes about her personal life and the road to equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world—and ourselves. Writing with emotion, candor, and grace, she introduces us to remarkable women and shows the power of connecting with one another. When we lift others up, they lift us up, too.
