

Top Of Mind Use Content To Unleash Your Influence And Engage Those Who Matter To You

How the smartphone can become a personal concierge (not a stalker) in the mobile marketing revolution of smarter companies, value-seeking consumers, and curated offers. Consumers create a data trail by tapping their phones; businesses can tap into this trail to harness the power of the more than three trillion dollar mobile economy. According to Anindya Ghose, a global authority on the mobile economy, this two-way exchange can benefit both customers and businesses. In *Tap*, Ghose welcomes us to the mobile economy of smartphones, smarter companies, and value-seeking consumers. Drawing on his extensive research in the United States, Europe, and Asia, and on a variety of real-world examples from companies including Alibaba, China Mobile, Coke, Facebook, SK Telecom, Telefónica, and Travelocity, Ghose describes some intriguingly contradictory consumer behavior: people seek spontaneity, but they are predictable; they find advertising annoying, but they fear missing out; they value their privacy, but they increasingly use personal data as currency. When mobile advertising is done well, Ghose argues, the smartphone plays the role of a personal concierge—a butler, not a stalker. Ghose identifies nine forces that shape consumer behavior, including time, crowdedness, trajectory, and weather, and he examines these how these forces operate, separately and in combination. With *Tap*, he highlights the true influence mobile wields over shoppers, the behavioral and economic motivations behind that influence, and the lucrative opportunities it represents. In a world of artificial intelligence, augmented and virtual reality, wearable technologies, smart homes, and the Internet of Things, the future of the mobile economy seems limitless.

Read the Wall Street Journal Bestseller for "cultivating intense focus" for fast, powerful performance results for achieving success and true meaning in one's professional life (Adam Grant, author of *Give and Take*). Deep work is the ability to focus without distraction on a cognitively demanding task. It's a skill that allows you to quickly master complicated information and produce better results in less time. Deep Work will make you better at what you do and provide the sense of true fulfillment that comes from craftsmanship. In short, deep work is like a super power in our increasingly competitive twenty-first century economy. And yet, most people have lost the ability to go deep—spending their days instead in a frantic blur of e-mail and social media, not even realizing there's a better way. In *Deep Work*, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a series of four "rules," for transforming your mind and habits to support this skill. 1. Work Deeply 2. Embrace Boredom 3. Quit Social Media 4. Drain the Shallows A mix of cultural criticism and actionable advice, *Deep Work* takes the reader on a journey through memorable stories—from Carl Jung building a stone tower in the woods to focus his mind, to a social media pioneer buying a round-trip business class ticket to Tokyo to write a book free from distraction in the air—and no-nonsense advice, such as the claim that most serious professionals should quit social media and that you should practice being bored. *Deep Work* is an indispensable guide to anyone seeking focused success in a distracted world. An Amazon Best Book of 2016 Pick in Business & Leadership Wall Street Journal Business Bestseller A Business Book of the Week at 800-CEO-READ

Joseph Sugarman, recognized as one of the nation's top copywriters, marketers & catalog pioneers, has sold millions of dollars of products through the power of his pen. In *TRIGGERS*, Sugarman applies principles of direct marketing to the field of personal selling through 25 powerful techniques he calls "psychological triggers." These techniques effectively influence, persuade & motivate a prospect to make a positive buying decision. By learning just a few of these triggers any sales or marketing person can make a dramatic difference in their selling success. Whether it be selling in person or creating advertising that sells, knowledge of these psychological triggers is essential in a global competitive environment. Many of the triggers may surprise you because they are not obvious & yet are highly effective. Others are obvious but are applied in unique & different ways. Simply understanding these principles can trigger positive responses to any sales message, regardless of form. This invaluable book offers subtle but powerful tips for any salesperson, advertising executive or marketer.

Your new product is ready to launch and you're itching to tell potential customers all about it. But how do you make your message stand out above all the noise and marketing clutter? Take the guesswork out of content management with this hands-on guide. You'll learn how to produce and manage powerful content pieces that speak directly to customers and compel them to respond. Author Laura Busche walks you through content strategies and tactics drawn from business, design, and psychology insights. Packed with examples and exercises, this book teaches you how to tell your story with engaging copy, potent images, and striking design—all carefully orchestrated through well-oiled production management. Solopreneurs, startups, marketing managers, and execs will learn 10 Essential Steps to Content Success, with deep dives into: Content strategy: understand your audience, choose and prioritize channels, and find your brand's core themes, voice, and tone Content creation: craft an engaging experience with content formats and copywriting formulas and templates Content management: organize, delegate, and supervise tasks; optimize the content production process to reuse successful patterns

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are

not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Get the expert perspective and practical advice on big data The Big Data-Driven Business: How to Use Big Data to Win Customers, Beat Competitors, and Boost Profits makes the case that big data is for real, and more than just big hype. The book uses real-life examples—from Nate Silver to Copernicus, and Apple to BlackBerry—to demonstrate how the winners of the future will use big data to seek the truth. Written by a marketing journalist and the CEO of a multi-million-dollar B2B marketing platform that reaches more than 90% of the U.S. business population, this book is a comprehensive and accessible guide on how to win customers, beat competitors, and boost the bottom line with big data. The marketplace has entered an era where the customer holds all the cards. With unprecedented choice in both the consumer world and the B2B world, it's imperative that businesses gain a greater understanding of their customers and prospects. Big data is the key to this insight, because it provides a comprehensive view of a company's customers—who they are, and who they may be tomorrow. The Big Data-Driven Business is a complete guide to the future of business as seen through the lens of big data, with expert advice on real-world applications. Learn what big data is, and how it will transform the enterprise Explore why major corporations are betting their companies on marketing technology Read case studies of big data winners and losers Discover how to change privacy and security, and remodel marketing Better information allows for better decisions, better targeting, and better reach. Big data has become an indispensable tool for the most effective marketers in the business, and it's becoming less of a competitive advantage and more like an industry standard. Remaining relevant as the marketplace evolves requires a full understanding and application of big data, and The Big Data-Driven Business provides the practical guidance businesses need.

With sections on perception, memory, emotion, thought, consciousness, and the unconscious, "The Book of the Mind" is an imaginative bringing together of case notes, journals, and letters, that present humanity's most significant attempts to understand the mind and how it works.

Does it feel like you work in a "red ocean filled with sharks?" Eat or be eaten. Fierce competition. Continual battling over scarce resources. What if there was another path? What if you could create your own blue oasis where profits are higher, marketing is as natural as breathing, and competition is nearly nonexistent? This nirvana can be a reality when you practice the principles of Giftology. In this unusual un-marketing resource you'll discover... *Why Giftology isn't an expense...it's an investment that can pay off with huge dividends. *How to practice Giftology on a tight budget... it's easy and very effective. *How Giftology turns existing clients into your best salespeople. *Why (and how) gifts with a relatively low value can trump something expensive. *When is the best time to send gifts? (The answer may surprise you.) *How to unleash a "Referral Factory," a small army of influencers vouching for you--no gimmicks, no catches. *Find out how Giftology can transform your supply chain. *The ten worst gifts... definitely avoid these. (This info's available in the expanded bonus resource. Just click the link inside! It's my gift to you.) The average person is hit with at least thirty thousand messages a day, courtesy of that "red ocean filled with sharks." Giftology neutralizes that deadly philosophy and equips you with every tool you need to make your message a priority. Every time. Get your copy today!

Results. Everyone wants them, whether to sell more products, spread good ideas, or win more funding. In our busy digital world, the way to results is influencing people on the web. But how? An ad campaign won't cut it. A Twitter account doesn't guarantee it. Manipulative tricks will backfire. Instead, you need quality, compelling web content that attracts people and engages them for the long haul. Clout explains the key principles of influence and how to apply them to web content. Along the way, those principles come to life with lots of practical examples. With this book, you'll: Discover why a technology feature, marketing campaign, SEO effort, or redesign aren't enough to influence online.

Understand the business value of compelling web content. Learn 8 principles for influence from the art of rhetoric and the science of psychology. Find out what context is and why it's so important to influence. Jump start your planning for content over time with patterns and diagrams. Learn the basics of evaluation to determine whether your web content is making a difference.

The difference between helping and selling is just two letters. If you're wondering how to make your products seem more exciting online, you're asking the wrong question. You're not competing for attention only against other similar products. You're competing against your customers' friends and family and viral videos and cute puppies. To win attention these days you must ask a different question: "How can we help?" Jay Baer's Youtility offers a new approach that cuts through the clutter: marketing that is truly, inherently useful. If you sell something, you make a customer today, but if you genuinely help someone, you create a customer for life.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time. Do you want to build web pages but have no prior experience? This friendly guide is the perfect place to start. You'll begin at square one, learning how the web and web pages work, and then steadily build from there. By the end of the book, you'll have the skills to create a simple site with multicolumn pages that adapt for mobile devices. Each chapter provides exercises to help you learn various techniques and short quizzes to make sure you understand key concepts. This thoroughly revised edition is ideal for students and professionals of all backgrounds and skill levels. It is simple and clear enough for beginners, yet thorough enough to be a useful reference for experienced developers keeping their skills up to date. Build HTML pages with text, links, images, tables, and forms Use style sheets (CSS) for colors, backgrounds, formatting text, page layout, and even simple animation effects Learn how JavaScript works and why the language is so important in web design Create and optimize web images so they'll download as quickly as possible NEW! Use CSS Flexbox and Grid for sophisticated and flexible page layout NEW! Learn the ins and outs of Responsive Web Design to make web pages look great on all devices NEW! Become familiar with the command line, Git, and other tools in the modern web developer's toolkit NEW! Get to know the super-powers of SVG graphics THE JOURNEY MATTERS AS MUCH AS THE DESTINATION. Scrap the map and go full throttle. Most leadership books tell you how to set and achieve goals. This one is different. This one is written by a communications leader who's as passionate about riding motorcycles as she is about running her business. Her name is Elise Mitchell, and she wants to tell you about her journey—from starting her own agency to building a world-class brand to enjoying the ride along the way. But mostly, she wants to talk to you about your journey... Ask yourself: WHERE DO YOU WANT TO GO? Pick a destination. Not just for your career, but for your life. Answer this: HOW DO YOU PLAN TO GET THERE? Look at the road ahead. Then plot your course. But be prepared for some major twists, turns, and detours. Most importantly: ARE YOU ENJOYING THE JOURNEY? If not, maybe you need to throw away the map. Restart your engine. And get ready for the ride of your life. Whether you're just stepping into leadership an accomplished leader seeking something more, or simply stalled along the way, Mitchell's refreshing approach to modern leadership will help you navigate the curves and pit stops on your own path to fulfillment. You don't need a motorcycle. You just need to get revved up for the road ahead.

The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales.

A game-changing framework for staying top of mind with your audience?from the No. 1 company dominating content marketing What do many successful businesses and leaders have in common? They're the first names that come to mind when people think about their particular industries. How do you achieve this level of trust that influences people to think of you in the right way at the right time? By developing habits and strategies that focus on engaging your audience, creating meaningful relationships, and delivering value consistently, day in and day out. It's the winning approach John Hall used to build Influence & Co. into one of "America's Most Promising Companies," according to Forbes. In this step-by-step guide, he shows you how to use content to keep your brand front and center in the minds of decision makers who matter. He reveals: • how consumer needs and expectations have changed and what this shift means for you • how to build a helpful, authentic, and consistent brand that serves others just as well as it serves you • proven methods for using digital content to enrich your target audience's lives in ways that build real, lasting trust Whether you're a marketing leader engaging an audience of potential customers, a business leader looking to humanize your company brand, or an industry up-and-comer seeking to build influence, maintaining a prominent spot in your audience's minds will increase the likelihood that the moment they need to make a choice, you'll be the first one they call. There's no better way to drive opportunities that result in increased revenue and growth. Business is

never “just” business. It’s always about relationships. It’s always about a human connection. When you’re viewed as a valuable, trustworthy partner, the opportunities are endless. Position yourself for success by establishing and developing content-driven relationships that keep you and your brand Top of Mind.

Use Social and Viral Technologies to Supercharge Your Customer Service! Use this book to bring true business discipline to your social media program and align with your organization’s goals. Top branding and marketing expert Olivier Blanchard brings together new best practices for strategy, planning, execution, measurement, analysis, and optimization. You will learn how to define the financial and nonfinancial business impacts you are aiming for--and achieve them. Social Media ROI delivers practical solutions for everything from structuring programs to attracting followers, defining metrics to managing crises. Whether you are in a startup or a global enterprise, this book will help you gain more value from every dime you invest in social media. You’ll learn how to: Align social communications with broader business goals and functions Plan for effective performance measurement Establish clarity of vision, purpose, and execution Implement guidelines and operations for effectively managing social media Get started by “listening before talking” Integrate social media into long-term marketing programs, short-term campaigns, and brand initiatives Use social media to deliver real-time, optimized customer support Leverage mobility and the “on-the-fly” social media culture Measure FRY (Frequency, Reach, and Yield) Includes a foreword by Brian Solis.

This book explains how to: Create a blueprint for integrated search, social media and content marketing strategy Determine which creative tactics will provide the best results for your company Implement search and social optimization holistically in the organization Measure the business value of optimized and socialized content marketing Develop guidelines, processes and training to scale online marketing success Optimize offers a tested approach for a customer-centric and adaptive online marketing strategy that incorporates the best of content, social media marketing, and search engine optimization tactics.

Publishers Weekly says "Ramnarayan provides a detailed, contemporary primer that illuminates the promise and peril of the brave new world of social media. Ramnarayan herself acknowledges that social media is no panacea-her crisp presentation, with chapter summaries to highlight the main pointers, confirms that companies that choose not to listen to customers stand to lose ground to competitors who do."

WHAT OTHERS ARE SAYING ABOUT THE BOOK "Sujata Ramnarayan's excellent book does several things that I have not seen in other treatments of this subject. She takes a reasoned perspective on a topic that is often full of hyperbole. The book is filled with advice for the marketer that is both practical and strategic. It helps the marketer to leverage social media where it can best impact business performance. I highly recommend the book." - Gordon Wyner, Editor-In-Chief, Marketing Management "This practical guide to social media marketing cuts through the noise with clear advice on how to turn strategy into practice. With the help of effective charts and analysis, the reader can gain real insight into social media's influence in corporate marketing. By showing how building quality content in social media is no longer an option for corporations, this is also a lesson in building a brand by listening to your customers. " -Rajesh Subramaniam, SVP, Global Marketing and Customer Experience, FedEx Services "Owned social media presence is critical to generating earned media, which is where the growing value and rewards come in for social media marketing. This important book will help you to understand these concepts and reality to better evaluate, plan, and execute your social media marketing efforts." - Devin Redmond, CEO and Co-Founder, SocialiQ Networks "Are you overwhelmed by the changing digital landscape? If so, Sujata's book is a must read with actionable insights, tips on digital sharing, and more." -Porter Gale, Former VP of Marketing at Virgin America and author of "Your Network is Your Net Worth" ABOUT THE BOOK Like most marketers, you are drowning in social media noise and chaos. Businesses have simply jumped in without tying social media outcomes to any business objectives. The purpose of this book is to help you: - See how social media fits into your overall marketing strategy - Understand how best to develop social media with allocation among different tools - Figure out the extent to which social media is relevant to your business or department, and how best to implement it given an increasingly digital world of sharing and an empowered customer voice Whether you are a senior manager experienced in social media marketing or a novice, this book will help clarify how social media fits into your overall marketing strategy, how much you should be allocating given the return on investment, and at what time frame you should be looking, depending on the specific metrics adopted. This book will help you focus more and understand all the different elements to which you need to be paying attention. If you are a novice, the glossary and additional resources sections at the end of the book should be helpful.

"A terrific and timely book that makes a compelling case for fundamentally rethinking how your business communicates. Recommended!" —Jay Baer, founder of Convince & Convert and author of Hug Your Haters "Once upon a time, storytelling was confused with talking at people. Not anymore. Shane and Joe are your narrators in a journey that will transform how you talk to other human beings to be more believable, relevant, compelling and unforgettable." —Brian Solis, experience architect, digital anthropologist, best-selling author "Shane Snow and Joe Lazauskas spend the overwhelming majority of their time thinking, writing, and theorizing about brand storytelling - so you don't have to. They're smart and they know this topic inside out (and sideways). Read their book. While I can't guarantee you'll rise to Shane and Joe's ridiculously obsessive level, you will be infinitely better prepared to tell your own brand's story. Promise!" —Rebecca Lieb, Analyst, Author & Advisor "The Contently team understands the power of story, and how to craft and spread a great narrative, like no other. In an era where brand, design, and mission are a competitive advantage for every business, Contently underscores the importance of stories and how they transform companies and industries." —Scott Belsky, Entrepreneur, Investor, & Author (Founder of Behance, bestselling author of Making Ideas Happen) "I can't think of a better way to illustrate the power of story telling than by telling great stories. This book should be required reading not just by those with content in their titles, but by anyone in Marketing AND Sales. Then, when you're done, give it to your CEO to read... but make sure you get it back, because I guarantee you'll refer to it more than once." —Shawna Dennis, Senior Marketing Leader "Neuroscience, algorithms, illustrations, personal anecdotes and good, old-fashioned empathy: This entertaining and informative tome journeys to the core of how we communicate and pushes us, as marketers and humans, to do it better, "speeding the reader through and leaving us wanting more." —Ann Hynek, VP of global content marketing at Morgan Stanley Transform your business through the power of storytelling. Content strategists Joe Lazauskas and Shane Snow offer an insider's guide to transforming your business—and all the relationships that matter to it—through the art and science of telling great stories. Smart businesses today understand the need to use stories to better connect with the people they care about. But few know how to do it well. In The Storytelling Edge, the strategy minds behind Contently, the world renowned content marketing technology company, reveal their secrets that have helped award-winning brands to build relationships with millions of advocates and customers. Join as they dive into the neuroscience of storytelling, the elements of powerful stories, and methodologies to grow businesses through engaging and accountable content. With The Storytelling Edge you will discover how leaders and workers can

craft the powerful stories that not only build brands and engage customers, but also build relationships and make people care—in work and in life.

The Content Formula answers the biggest question currently on marketer's minds: what is the ROI of content marketing? This book provides a step by step guide for marketers, and is divided into three parts: how to build the business case for content marketing, how to find the budget to establish a new content marketing program, and how to measure content marketing success in business terms.

WHAT MAKES AN EFFECTIVE AND SUCCESSFUL MARKETING LEADER? The 12 Powers of a Marketing Leader, by former McKinsey Partner Thomas Barta and senior London Business School professor Patrick Barwise, is the first research-based leadership book for marketers in the 21st century. Based on the largest ever research study of its kind, with detailed data on over 8,600 leaders in more than 170 countries, this game-changing book identifies 12 specific behaviors--or Powers--that drive marketers' business impact and career success. Reading it, you'll learn how to: • MOBILIZE YOUR BOSS: Make an impact at the highest level and align marketing with the company's priorities. • MOBILIZE YOUR COLLEAGUES: Inspire and motivate your non-marketing colleagues to deliver a great customer experience. • MOBILIZE YOUR TEAM: Build and align a winning marketing team. • MOBILIZE YOURSELF: Focus on goals that will benefit your customers, your company and yourself, by meeting your own needs and ambitions. By zeroing in on the value creation zone ("V-Zone")--the all-important overlap between your company's and customers' needs--you'll be able to help the business win in the market--and achieve your career goals. Warning: This is not a marketing book. It's a leadership book for marketers, using the latest research on what works--and what doesn't--in marketing's digital age. BONUS: Receive full access to an online self-assessment tool and other marketing leadership resources.

"A book that stashes the fluff from social media and helps managers allocate capital and find the unicorn among unicorns...ROI." -Scott Galloway, Professor of Marketing, NYU Stern School of Business.

"This isn't just a practical way to think about the return on social media, it's also a spot-on accurate way to reframe your social efforts." -Ann Handley, Chief Content Officer, MarketingProfs, WSJ Bestselling author of Everybody Writes: Your Go-To Guide to Creating Ridiculously Good Content Every top salesman knows there's nothing more important than being 'top of mind' with customers. Every great manager knows there's nothing more critical than getting a positive return on every investment made, whether it be in the form of time, bandwidth or dollars. Then there's social media. The biggest time- and money-waster in human history. Unless it's not. The fact is, social media is the biggest disruption to 'the way you do business' since movable type. And if you're not doing it, you're dead and just don't know it yet. ROTOMA * The ROI of Social Media 'Top of Mind' is about all the above-and more. * If you know you should be doing social media, but don't know where to start, this book is for you. * If you're a manager who needs to fully understand, plan for, explain or embrace the ROI of social media, ROTOMA is for you. *And if you just like books that serve up a gourmet buffet of actionable ideas you can actually use, it's for you too. "ROTOMA is brilliant! Being "top of mind" is the new imperative in our digitally cluttered world. Superbly written - equally insightful and entertaining. Valuable tips shared in the context of fascinating stories and case studies. Especially loved the "Personal Branding Power Hour." Highly Recommended!" -Sandra Long, author, LinkedIn For Personal Branding: The Ultimate Guide Read 29 in-depth, candid interviews with people holding the top marketing roles within their organizations. Interviewees include CMOs and other top marketers from established companies and organizations—such as Linda Boff of GE, Jeff Jones of Target, and Kenny Brian of the Harvard Business School—to startups—such as Matt Price of Zendesk, Seth Farbman of Spotify, and Heather Zynczak of Domo. Interviewer Josh Steimle (contributor to business publications such as Forbes, Mashable, and TechCrunch and founder of an international marketing agency) elicits a bounty of biographical anecdotes, professional insights, and career advice from each of the prominent marketers profiled in this book. Chief Marketing Officers at Work: Tells how CMOs and other top marketers from leading corporations, nonprofits, government entities, and startups got to where they are today, what their jobs entail, and the skills they use to thrive in their roles. Shows how top marketing executives continuously adapt to changes in technology, language, and culture that have an impact on their jobs. Locates where the boundaries between role of CMOs and the roles of CEOs, CTOs, and COOs are blurring. Explores how the CMO decisions are now driven by data rather than gut feelings. The current realities in marketing are clearly revealed in this book as interviewees discuss the challenges of their jobs and share their visions and techniques for breaking down silos, working with other departments, and following the data. These no-holds-barred interviews will be of great interest to all those who interact with marketing departments, including other C-level executives, managers, and other professionals at any level within the organization.

The first book to deal with the problems of communicating to a skeptical, media-blitzed public, Positioning describes a revolutionary approach to creating a "position" in a prospective customer's mind—one that reflects a company's own strengths and weaknesses as well as those of its competitors. Writing in their trademark witty, fast-paced style, advertising gurus Ries and Trout explain how to: Make and position an industry leader so that its name and message wheedles its way into the collective subconscious of your market—and stays there Position a follower so that it can occupy a niche not claimed by the leader Avoid letting a second product ride on the coattails of an established one. Positioning also shows you how to: Use leading ad agency techniques to capture the biggest market share and become a household name Build your strategy around your competition's weaknesses Reposition a strong competitor and create a weak spot Use your present position to its best advantage Choose the best name for your product Determine when-and why-less is more Analyze recent trends that affect your positioning. Ries and Trout provide many valuable case histories and penetrating analyses of some of the most phenomenal successes and failures in advertising history. Revised to reflect significant developments in the five years since its original publication, Positioning is required reading for anyone in business today.

Imagine how much you would learn if you could converse with 64 of the brightest minds in marketing. Now imagine if those conversations were focused on all the essential elements that go into being a top-notch chief marketing officer and organized into seven logical, intuitive categories. Now you can stop imagining, and start reading The CMO's Periodic Table, an essential resource for the modern marketer. Over the last five years, thanks in large part to his friends at The CMO Club, author Drew Neisser has interviewed over 100 marketing leaders at prominent companies such as American Express, Audi, Belkin, Black Duck Software, Converse, College Humor, D&B, Dow, and many more. These interviews, 64 of which are highlighted in this book, reflect the fundamental diversity of challenges and subsequent solution sets deployed by each. Though these interviews don't yield a magic formula, they offer something a bit more profound and definitely more fundamental—a compendium of elements that every marketer has or will need to examine in the very near future. Organized into a CMO-worthy periodic table modeled on the classic organization of the chemical elements, the chapters progress from basic challenges like research and strategy, to internal issues like culture change and managing up, to advanced, highly volatile subjects like risk-taking and changing agencies.

"Brandscaping uncovers how unconventional content partnerships lead to unparalleled marketing success. You'll learn how to bring together like-minded brands and undiscovered talent to create content that increases demand and drives sales. Brandscaping is a big, infectious idea designed to be embraced by C-suite executives and implemented by savvy marketing professionals." --Back cover.

The NEW Rulebook for Entrepreneurial Success What's the surest way to startup failure? Follow old, outdated rules. In Content Inc., one of today's most sought-after content-marketing strategists reveals a new model for entrepreneurial success. Simply put, it's about developing valuable content, building an audience around that content, and then creating a product for that audience. Notice a shift? Author Joe Pulizzi flips the traditional entrepreneurial approach of first creating a product and then trying to find customers. It's a brilliant reverse-engineering of a model that rarely succeeds. The radical six-step business-building process revealed in this book is smart, simple, practical, and cost-effective. And best of all, it works. It's a strategy Pulizzi used to build his own successful company, Content Marketing

Institute, which has landed on Inc. magazine's list of fastest growing private companies for three years straight. It's also a strategy countless other entrepreneurs use to build their own multi-million dollar companies. Build an audience and you'll be able to sell pretty much anything you want. Today's markets are more dynamic and customers are more fickle than ever before. Why would you put all your eggs in one basket before securing a loyal customer base? Content Inc. shows you how to get customers first and develop products later. It's the best way to build a solid, long-lasting business positioned for today's content-driven world. This is the simple but profoundly successful entrepreneurial approach of one of today's most creative business minds. A pioneer of content marketing, Pulizzi has cracked the code when it comes to the power of content in a world where marketers still hold fast to traditional models that no longer work. In Content Inc., he breaks down the business-startup process into six steps, making it simple for you to visualize, launch, and monetize your own business. These steps are:

- The "Sweet Spot": Identify the intersection of your unique competency and your personal passion
- Content Tilting: Determine how you can "tilt" your sweet spot to find a place where little or no competition exists
- Building the Base: Establish your number-one channel for disseminating content (blog, podcast, YouTube, etc.)
- Harvesting Audience: Use social-media and SEO to convert one-time visitors into long-term subscribers
- Diversification: Grow your business by expanding into multiple delivery channels
- Monetization: Now that your expertise is established, you can begin charging money for your products or services

This model has worked wonders for Pulizzi and countless other examples detailed in the book. Connect these six pieces like a puzzle, and before you know it, you'll be running your own profitable, scalable business. Pulizzi walks you step by step through the process, based on his own success (and failures) and real-world multi-million dollar examples from multiple industries and countries. Whether you're seeking to start a brand-new business or drive innovation in an existing one, Content Inc. provides everything you need to reverse-engineer the traditional entrepreneurial model for better, more sustainable success. Joe Pulizzi is an entrepreneur, professional speaker, and podcaster. He is the founder of several startups, including the Content Marketing Institute (CMI), recognized as the fastest growing business media company by Inc. magazine in 2014. CMI produces Content Marketing World, the world's largest content marketing event, and publishes the leading content marketing magazine, Chief Content Officer. Pulizzi's book Epic Content Marketing was named one of Fortune magazine's Five Must Read Business Books of the Year.

Learn how to use the content you produce as an avenue for earning customer trust in this audio-only summary of marketing executive John Hall's insightful book.

Compete in the digital world with pragmatic strategies for success Digital Sense provides a complete playbook for organizations seeking a more engaged customer experience strategy. By reorganizing sales and marketing to compete in today's digital-first, omni-channel environment, you gain newfound talent and knowledge from the resources already at hand. This book provides two pragmatic frameworks for implementing and customizing a new marketing operating system at any size organization, with step-by-step roadmaps for optimizing your customer experience to gain a competitive advantage. The Experience Marketing Framework and the Social Business Strategy Framework break down proven methods for exceeding the expectations customers form throughout the entirety of the buying journey. Customizable for any industry, sector, or scale, these frameworks can help your organization leap to the front of the line. The evolution of marketing and sales demands a revolution in business strategy, but realizing the irrelevance of traditional methods doesn't necessarily mean knowing what comes next. This book shows you how to compete in today's market, with real-world frameworks for implementation. Optimize competitive advantage and customer experience Map strategy back to business objectives Engage customers with a pragmatic, proven marketing system Reorganize sales and marketing to fill talent and knowledge gaps Today's customer is savvy, with more options than ever before. It's critical to meet them where they are, and engagement is the cornerstone of any cohesive, effective strategy. The technological revolution has opened many doors for marketing and sales, but the key is knowing what lies behind each one—what works for your competitor may not be right for you. Digital Sense cuts through the crosstalk and confusion to give you a solid strategy for success.

This is an illustrated edition of an occult classic, with an intriguing and thought-provoking foreword by the publisher. Since 1908, The Kybalion has served as a study of basic hermetic teachings that outline an ageless wisdom. In ancient times (and even today), these teachings were not understood by the lay person, but were readily understood by students, after the axioms and principles had been explained and exemplified by the Hermetic Initiates and Masters to their Neophytes. "The purpose of this work is not the enunciation of any special philosophy or doctrine, but rather is to give to the students a statement of the Truth that will serve to reconcile the many bits of occult knowledge that they may have acquired, but which are apparently opposed to each other and which often serve to discourage and disgust the beginner in the study. Our intent is not to erect a new Temple of Knowledge, but rather to place in the hands of the student a Master-Key with which he may open the many inner doors in the Temple of Mystery through the main portals he has already entered." -- The Kybalion Illustrations in the print editions are black and white. Illustrations in the ebook (epub) are color.

Following the success of international bestseller How Brands Grow: What Marketers Don't Know comes a new book that takes readers further on a journey to smarter, evidence-based marketing. How Brands Grow Part 2, by Jenni Romaniuk and Byron Sharp, is about fundamentals of buying behaviour and brand performance - fundamentals that provide a consistent roadmap for brand growth, and improved marketing productivity. Ride the next wave of marketing knowledge with insights such as how to build Mental Availability, metrics to assess the strength of your brand's Distinctive Assets and a framework to underpin your brand's Physical Availability strategy. Learn practical insights such as smart ways to look at word of mouth and the sort of advertising needed to attract new brand buyers. This book is also a must read for marketers working in emerging markets, services, durables and luxury categories, with evidence that will challenge conventional wisdom about growing brands in these markets. If you've ever wondered if word of mouth has more impact in China, if luxury brands break all the rules of marketing or if online shoppers are more loyal to brands or retailers, this book is for you. If you read and loved How Brands Grow, it's time to move to the next level of marketing. And if you haven't, get ready -- this book will change the way you think about marketing forever.

#1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In Think Again, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of Dare to Lead The bestselling author of Give and Take and Originals examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a

curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.
