A History of Romanian Theatre from Communism to Capitalism

Musical Theatre: A History is a new revised edition of a proven core text for college and secondary school students – and an insightful and accessible celebration of twenty-five centuries of great theatrical entertainment. As an educator with extensive experience in professional theatre production, author John Kenrick approaches the subject with a unique appreciation of musicals as both an art form and a business. Using anecdotes, biographical profiles, clear definitions, sample scenes and select illustrations, Kenrick focuses on landmark musicals, and on the extraordinary talents and business innovators who have helped musical theatre evolve from its roots in the dramas of ancient Athens all the way to the latest hits on Broadway and London's West End. Key improvements to the second edition: · A new foreword by Oscar Hammerstein III, a critically acclaimed historian and member of a family with deep ties to the musical theatre, is included · The 28 chapters are reformatted for the typical 14 week, 28 session academic course, as well as for a two semester, once-weekly format, making it easy for educators to plan a syllabus and reading assignments. · To make the book more interactive, each chapter includes suggested listening and reading lists, designed to help readers step beyond the printed page to experience great musicals and performers for themselves. A comprehensive guide to musical theatre as an international phenomenon, Musical Theatre: A History is an ideal textbook for university and secondary school students.

A History of the Theatre Laboratory

"I cannot think of a better book for aspiring and working actors, craftspeople, artists, and managers" Kent Thompson, Artistic Director, Denver Center Theatre Company, Past President TCG Board of Directors "It's time for a new look at the complexity and richness of America's growing theatrical landscape and Jim Volz is

just the person to provide that overview" Lesley Schisgall Currier, Managing Director, Marin Shakespeare Company Working in American Theatre is a coast-to-coast overview of the opportunities awaiting theatre practitioners in every discipline. Featuring tips from America's top theatre professionals, this resource offers job-search and career-planning strategies, as well as detailed information on over 1,000 places to work in the American theatre, including regional companies, Broadway and commercial theatre, Shakespeare festivals, touring theatres, university/resident theatres, youth and children's theatres, and outdoor theatres. Offering an overview of the evolution of American theatre and behind-the-scenes stories of the regional movement, this single volume is an indispensable tool at every stage of your career.

History of the Theatre

A history of Italian theatre from its origins to the the time of this book's publication in 2006. The text discusses the impact of all the elements and figures integral to the collaborative process of theatre-making. The distinctive nature of Italian theatre is expressed in the individual chapters by highly regarded international scholars.

Theatre & History

This book aims to offer a broad history of theatre in Africa. The roots of African theatre are ancient and complex and lie in areas of community festival, seasonal rhythm and religious ritual, as well as in the work of popular entertainers and storytellers. Since the 1950s, in a movement that has paralleled the political emancipation of so much of the continent, there has also grown a theatre that comments back from the colonized world to the world of the colonists and explores its own cultural, political and linguistic identity. A History of Theatre in Africa offers a comprehensive, yet accessible, account of this long and varied chronicle, written by a team of scholars in the field. Chapters include an examination of the concepts of 'history' and 'theatre'; North Africa; Francophone theatre; Anglophone West Africa; East Africa; Southern Africa; Lusophone African theatre; Mauritius and Reunion; and the African diaspora.

A Cultural History of Theatre in Antiquity

The Cambridge History of American Theatre

The term 'theatre laboratory' has entered the regular lexicon of theatre artists, producers, scholars and critics alike, yet use of the term is far from unified, often operating as a catch-all for a web of intertwining practices, territories, pedagogies and ideologies. Russian theatre, however, has seen a clear emergence of laboratory practice that can be divided into two distinct organisational structures: the studio and the masterskaya (artisanal guild). By assessing these structures, Bryan Brown offers two archetypes of group organisation that can be applied across the arts and sciences, and reveals a complex history of the laboratory's characteristics and functions that support the term's use in theatre. This book's

discursive, historical approach has been informed substantially by contemporary practice, through interviews with and examinations of practitioners including Slava Polunin, Anatoli Vassiliev, Sergei Zhenovach and Dmitry Krymov.

Theatre Histories

This comprehensive, multicultural text presents the history of theater within a framework of cultural and social ideas.

A History of Theatre in Africa

In this sweeping chronicle of plays and performances, key dramatists, major actors, and important critics take their bows, backed up by memorable quotations and more than 150 illustrations. "A real treat includes a mixture of literary, archaeological, and historical evidence, and metaphorical prose provides a pleasurable and insightful discussion of theater in a social context an attractive, quality coffee-table book meant for browsing."—Library Journal.

Living Theatre

This comprehensive guide to the theatre's history covers theatre arts around the globe, including ancient Eastern arts like Kabuki and more modern ones such as Bollywood. This book goes back to what we know from our earliest ancestors by examining ancient artifacts and ancient texts to find out how theatre was influenced by life and how it in turn influenced the culture of the people who came to enjoy it. The book concludes with a look at modern theatre and its current heyday as entertainment for the masses, especially in places like Broadway in New York City.

The History of Theatre

This provocative book meets the supposedly 'live' practices of performance and the 'no-longer-live' historical past at their own dangerous crossroads. Focussing on the 'and' of the title, it addresses the tangled relations between the terms, practices, ideas, and aims embedded in these compatriot - but often oppositional - arts and acts of time.

Performing History

Japan boasts one of the world's oldest, most vibrant and most influential performance traditions. This accessible and complete history provides a comprehensive overview of Japanese theatre and its continuing global influence. Written by eminent international scholars, it spans the full range of dance-theatre genres over the past fifteen hundred years, including noh theatre, bunraku puppet theatre, kabuki theatre, shingeki modern theatre, rakugo storytelling, vanguard butoh dance and media experimentation. The first part addresses traditional genres, their historical trajectories and performance conventions. Part II covers the spectrum of new genres since Meiji (1868–), and Parts III to VI provide discussions of playwriting, architecture, Shakespeare, and interculturalism, situating Japanese

elements within their global theatrical context. Beautifully illustrated with photographs and prints, this history features interviews with key modern directors, an overview of historical scholarship in English and Japanese, and a timeline. A further reading list covers a range of multimedia resources to encourage further explorations.

A History of Irish Theatre 1601-2000

A study of the history of Asian American theatre from 1965 to 2005, first published in 2006.

The Oxford Illustrated History of Theatre

"This streamlined, engaging text helps students understand the events, places and people that have influenced the history of theatre Upon completing this book, readers will be able to: Identify the major time periods and geographic areas associated with the history of theatre; Distinguish relevant characteristics of theatre in diverse times and places; Describe the underlying cultural, economic, and political environments as they affected theatre in different times and places; Associate major participants who made theatre within their historical and regional context."--Publisher description.

History of Theatre

The second edition of a survey of 3000 years of theatrical history, including opera, ballet and spectacle. Two new chapters on the 20th-century are included.

Musical Theatre

A History of Romanian Theatre from Communism to Capitalism analyses the last three decades of Romanian theatre and connects it to the international stage. Cristina Modreanu questions the relationship between artists and power, both before 1989, behind the Iron Curtain, and in the current global political context, with nationalism manifesting itself in Eastern Europe, as seen in the critical work of Romanian theatre makers. This study covers the complex cases of theatre makers such as Lucian Pintilie, Liviu Ciulei and Andrei Şerban, who built their international careers in exile, and the most innovative Romanian artists of today, such as Silviu Purcărete, Mihai Măniuţiu, Gianina Cărbunariu, Radu Afrim, and Bogdan Georgescu, who reached the status of transglobal artists. Filling a considerable gap in Romanian theatre discourse, this book will be of a great interest to students and scholars of contemporary theatre and history.

Theatre History and Historiography

The future of theatre history studies requires consideration of theatre as a global phenomenon. The Challenge of World Theatre History offers the first full-scale argument for abandoning an obsolete and parochial Eurocentric approach to theatre history in favor of a more global perspective. This book exposes the fallacies that reinforce the conventional approach and defends the global

perspective against possible objections. It moves beyond the conventional nation-based geography of theatre in favor of a regional geography and develops a new way to demarcate the periods of theatre history. Finally, the book outlines a history that recognizes the often-connected developments in theatre across Eurasia and around the world. It makes the case that world theatre history is necessary not only for itself, but for the powerful comparative and contextual insights it offers to all theatre scholars and students, whatever their special areas of interest.

A History of Hispanic Theatre in the United States

A Theater of Our Own

A Cultural History of Theatre' presents an authoritative survey from ancient times to the present. The set of six volumes covers a span of 2,500 years, tracing the complexity of the interactions between theatre and culture. 1. 'A Cultural History of Theatre in Antiquity' (500 BC - 1000 AD) 2. 'A Cultural History of Theatre in the Middle Ages' (1000 - 1400) 03. 'A Cultural History of Theatre in the Early Modern Age' (1400 - 1650) 4. 'A Cultural History of Theatre in the Age of Enlightenment' (1650 - 1800) 5. 'A Cultural History of Theatre in the Age of Empire' (1800 - 1920) 6. 'A Cultural History of Theatre in the Modern Age' (1920 - 2000+)

A Cultural History of Theatre

The theatrical heritage from which both Ibsen and Strindberg sprang is rich in tradition and achievement. This study of the history and development of theatre in Scandinavia examines dominant styles and trends in various periods, from the earliest performances in the Middle Ages to the provocative productions and experiments of the present day. The closely interrelated theatrical cultures of Denmark, Sweden, and Norway have flourished for far longer than many outside observers realize. Moreover, as this book also demonstrates, the manifest vitality of theatrical activity in the three Nordic countries has depended on a vigorous interaction (not a one-way traffic) with European theatre at large. By the second half of the nineteenth century, as Ibsen and Strindberg began their rise to international prominence, Scandinavian theatre came to occupy a more dominant position in the wider European framework. In our own day, more forcefully than ever before, major Scandinavian stage directors and designers have continued to influence the shape and outlook of contemporary theatre as a whole. This book, the only work of its kind in English, provides a balanced and authoritative account of the theatrical history of all three Scandinavian countries. It is generously illustrated and comprehensively documented, with an extensive bibliography.

A history of the theatre

This new edition of the innovative and widely acclaimed Theatre Histories: An Introduction offers overviews of theatre and drama in many world cultures and periods together with case studies demonstrating the methods and interpretive approaches used by today's theatre historians. Completely revised and renewed in color, enhancements and new material include: a full-color text design with added

timelines to each opening section a wealth of new color illustrations to help convey the vitality of performances described new case studies on African, Asian, and Western subjects a new chapter on modernism, and updated and expanded chapters and part introductions fuller definitions of terms and concepts throughout in a new glossary a re-designed support website offering links to new audio-visual resources, expanded bibliographies, approaches to teaching theatre and performance history, discussion questions relating to case studies and an online glossary.

A History of East African Theatre, Volume 1

This collection of essays explores how historians of theatre apply ethical thinking to the attempt to truthfully represent their subject - whether that be the life of a well-known performer, or the little known history of colonial theatre in India - by exploring the process by which such histories are written, and the challenges they raise.

History of the Theatre

The 20th century was a dynamic period for the theatrical arts in China. Booming urban theatres, the interaction between commercial practice and theatres, dramas staged during the War of Resistance against Japan and an in-depth communication between Western and Eastern theatres all contributed to the momentousness of this period. The four volumes of A History of Chinese Theatre in the 20th Century display the developmental trajectories of Chinese theatre over those hundred years. This volume deals with the developmental process of Chinese theatre from 1900 to 1949, covering the prosperity of Peking Opera, the advent of play and colorful local dramas. The author shows that the modernization of Chinese theatre was subject to both internal factors and influences from the outside world, while modernity and localization are two contradictory but complementary dimensions in any interpretation of Chinese theatre in the 20th century. Scholars and students in the history of the arts, especially the history of Chinese theatre, will find this book to be an essential guide.

A History of Asian American Theatre

Monsters are fragmentary, uncertain, frightening creatures. What happens when they enter the realm of the theatre? The Monster in Theatre History explores the cultural genealogies of monsters as they appear in the recorded history of Western theatre. From the Ancient Greeks to the most cutting-edge new media, Michael Chemers focuses on a series of 'key' monsters, including Frankenstein's creature, werewolves, ghosts, and vampires, to reconsider what monsters in performance might mean to those who witness them. This volume builds a clear methodology for engaging with theatrical monsters of all kinds, providing a much-needed guidebook to this fascinating hinterland.

A History of Japanese Theatre

The former chief critic of the "Chicago Tribune" uses historical records, interviews,

and personal memories to chronicle Chicago's theater world from the 1830s to the present day.

The Cambridge History of British Theatre

Known as the bible of theatre history, Brockett and Hildy's History of the Theatre is the most comprehensive and widely used survey of theatre history in the market. This 40th Anniversary Edition retains all of the traditional features that have made History of the Theatre the most successful text of its kind including worldwide coverage, more than 530 photos and illustrations, useful maps, and the expertise of Oscar G. Brockett and Franklin J. Hildy, two of the most widely respected theatre historians in the field. This tenth edition provides the most thorough and accurate assessment of theatre history available and includes contemporary milestones in theatre history.

A History of Italian Theatre

This stunning contribution to the field of theatre history is the first in-depth look at avant-garde theatre in the United States from the early 1950s to the 1990s. American Avant-Garde Theatre offers a definition of the avant-garde, and looks at its origins and theoretical foundations by examining: *Gertrude Stein *John Cage *The Beat writers *Avant-garde cinema *Abstract Expressionism *Minimalism There are fascinating discussions and illustrations of the productions of the Living Theatre, the Wooster Group, Open Theatre, Ontological-Hysteric Theatre and Performance Group. among many others. Aronson also examines why avant-garde theatre declined and virtually disappeared at the end of the twentieth century.

The Making of Theatre History

Hispanic theatre flourished in the United States from the mid-nineteenth century until the beginning of the Second World War—a fact that few theatre historians know. A History of Hispanic Theatre in the United States: Origins to 1940 is the very first study of this rich tradition, filled with details about plays, authors, artists, companies, houses, directors, and theatrical circuits. Sixteen years of research in public and private archives in the United States, Mexico, Spain, and Puerto Rico inform this study. In addition, Kanellos located former performers and playwrights, forgotten scripts, and old photographs to bring the life and vitality of live theatre to his text. He organizes the book around the cities where Hispanic theatre was particularly active, including Los Angeles, San Antonio, New York, and Tampa, as well as cities on the touring circuit, such as Laredo, El Paso, Tucson, and San Francisco. Kanellos charts the major achievements of Hispanic theatre in each city—playwriting in Los Angeles, vaudeville and tent theatre in San Antonio, Cuban/Spanish theatre in Tampa, and pan-Hispanism in New York—as well as the individual careers of several actors, writers, and directors. And he uncovers many gaps in the record—reminders that despite its popularity, Hispanic theatre was often undervalued and unrecorded.

A History of Russian Theatre

A survey of 4,500 years of international performance history covers the significant movements, writers, performers, and events from traditional and avant-garde theater

A History of Chinese Theatre in the 20th Century I

Theatre was at the very heart of culture in Graeco-Roman civilizations and its influence permeated across social and class boundaries. The theatrical genres of tragedy, comedy, satyr play, mime and pantomime operate in Antiquity alongside the conception of theatre as both an entertainment for the masses and a vehicle for intellectual, political and artistic expression. Drawing together contributions from scholars in Classics and Theatre Studies, this volume uniquely examines the Greek and Roman cultural spheres in conjunction with one another rather than in isolation. Each chapter takes a different theme as its focus: institutional frameworks; social functions; sexuality and gender; the environment of theatre; circulation; interpretations; communities of production; repertoire and genres; technologies of performance; and knowledge transmission.

A Cultural History of Theatre in the Early Modern Age

Living Theatre: A History conveys the excitement and variety of theatre throughout time, as well as the dynamic way in which our interpretation of theatre history is informed by contemporary scholarship. Rather than presenting readers with a mere catalog of historical facts and figures, it sets each period in context through an exploration of the social, political and economic conditions of the day, creating a vivid study of the developments in theatre during that time.

Working in American Theatre

A comprehensive history of Russian theatre, written by an international team of experts.

A History of African American Theatre

Volume Two begins in 1660 with the restoration of King Charles II to the throne and the reestablishment of the professional theater. It follows the far-reaching development of the form over more than two centuries to 1895.

Concise History of Theatre

The Monster in Theatre History

The 19th century ushered in an unprecedented boom in technology, the unification of European nations, the building of global empires and stabilization of the middle classes. The theatre of the era reflected these significant developments as well as helped to catalyse them. Populist theatre and purposebuilt playhouses flourished in the ever-growing urban and cosmopolitan centres of Europe and in expanding global networks. This volume provides a comprehensive and interdisciplinary

overview of the cultural history of theatre from 1800 to 1920. Highly illustrated with 51 images, the ten chapters each take a different theme as their focus: institutional frameworks; social functions; sexuality and gender; the environment of theatre; circulation; interpretations; communities of production; repertoire and genres; technologies of performance; and knowledge transmission.

A Cultural History of Theatre in the Age of Empire

The Challenge of World Theatre History

Chris Morash's widely-praised account of Irish Theatre traces an often forgotten history leading up to the Irish Literary Revival. He then follows that history to the present by creating a remarkably clear picture of the cultural contexts which produced the playwrights who have been responsible for making Irish theatre's world-wide historical and contemporary reputation. The main chapters are each followed by shorter chapters, focusing on a single night at the theatre. This prize-winning book is an essential, entertaining and highly original guide to the history and performance of Irish theatre.

History of the American Theatre

In his examination of the ways in which theatre participates in the ongoing representations of and debates about the past, Freddie Rokem concentrates on the ways in which theatre after World War II has presented different aspects of the French Revolution and the Holocaust, showing us that by "performing history" actors bring the historical past and the theatrical present together.

A History of Scandinavian Theatre

Table of contents

A Cultural History of Theatre:

For both producers and consumers of theatre in the early modern era, art was viewed as a social rather than an individual activity. Emerging in the context of new capitalistic modes of production, the birth of the nation state and the rise of absolute monarchies, theatre also proved a highly mobile medium across geolinguistic boundaries. This volume provides a comprehensive and interdisciplinary overview of the cultural history of theatre from 1400 to 1650, and examines the socioeconomically heterodox nature of theatre and performance during this period. Highly illustrated with 48 images, the ten chapters each take a different theme as their focus: institutional frameworks; social functions; sexuality and gender; the environment of theatre; circulation; interpretations; communities of production; repertoire and genres; technologies of performance; and knowledge transmission.

American Avant-Garde Theatre

Volume One of a unique three-volume history covering all aspects of American theatre.
