The Antique Trader Antiques & Collectibles Price Guide

The Complete Guide to Cigars

From the end of the Civil War until the explosive popularity of the cigarette in the early twentieth century, the cigar was king. For the pleasure and convenience of cigar smokers a wide variety of smoking accessories were manufactured, including cigar cutters and lighters. The cutters range from simple vest pocket models to ingenious mechanical contraptions that would occupy a prominent place on the counter of the local tobacconist. In between are beautifully sculpted Vienna bronze and wooden desk models. In many cases these are combined with lighters, to offer the smoker full-service convenience. The lighters range from alcohol dips to electric devices. They are sometimes cast as stunning figures or are elegantly formed lamps, using blown glass or pierced tin. Beautiful color photographs document these wonderful objects, accompanied by concise, informative descriptions. The text places the cutters

Antique Medical Instruments

First published in 1993, *The Ultimate Cigar Book* has become a classic in its field, and is generally credited with having helped launch the current cigar smoking craze. It has been reprinted numerous times in the United States, and is now sold worldwide. No other book contains as much detailed and factual information on virtually every facet of cigar making and cigar smoking. And now this trendsetting book has been revised in this fourth edition for the aficionado of the future! Forget 1492. This book starts out in B. C. (Before Columbus) and transports the cigar enthusiast on a fun and fact-filled adventure into virtually every realm of today's popular and growing cigar smoking pastime. Written by one of the most knowledgeable and internationally-celebrated pipe and cigar authors of our time, Richard Carleton Hacker's well-known wit and wisdom will keep the reader enthralled with every turn of the page, as he takes you on an information-packed world tour of cigars. Starting off with a history of cigar smoking, the author then shows us how cigars are made today (handmade, handrolled, and machine made), divulges the secrets of finding the "perfect" cigar, and discusses the ritual of smoking and how to properly care for and store our cigars. From there the book lists a number of innovative cigar accessories, suggests which beers, wines, whiskeys, brandies, and cognacs go with what cigars, enlightens us with a chapter on cigar smoking celebrities, and concludes with the world's first International Compendium of

virtually every cigar brand known today, complete with histories and observations on taste, according to the author's HPH (Highly Prejudiced Hacker-Scale) ratings. If that was not enough, there is even a dictionary of CigarSpeak! The Ultimate Cigar Book is the most comprehensive, factual, and up-to-date book for the cigar smoker or for those who just want to learn more about the fascinating and popular world of cigar smoking.

Trash Or Treasure Guide of Buyers

Although advertising has a history that goes back thousands of years, it is the Americans who have made it into an art form. Advertisements were put on everything from pocket mirrors to memo pads, the sides of barns to the sides of carriages and buses. A

Read Free Antique Cigar Cutters Lighters A Schiffer Book For Collectors

history of advertising printed in the 1880s even show an advertisement on a tombstone. With the advent of color lithography in the late 1800s, some of the most beautiful and highly collectible items were created. Tin signs with colorful, strong images, often embossed, were made for stores, and often found their way into homes. Paper advertising in calendars, trade cards, and posters reached new levels of artistry in the latter years of the 19th century. This new book explores advertising in all its media: tin, paper, celluloid, and enamel. In full color it portrays the creativity of its makers, while at the same time bringing to life the styles of the past 120 years. Included are signs, three dimensional designs, smalls, and novelties. With some tin signs bringing in excess of \$100,000 (a Campbell Soup sign included in this book), it is clear that this is an active and exciting area for collectors. At the same time, it is a good field for the new collector, who can find many pieces of advertising for under \$50. Both ends of the spectrum are nicely covered in this book, and its up-to-date pricing information makes it an even more important book for all collectors.

New York's Best-kept Secrets

For millions of men and women, it's the ultimate pleasure. From private parties to hip bars to posh gentlemen's clubs, cigar smoking has become an eight billion dollar global pastime. But, like wine, a fine cigar requires dedicated study and tasting. Here is the only comprehensive book on the subject, featuring all the information that novice and veteran
