Fixing Broken Windows

Chanrithy Him felt compelled to tell of surviving life under the Khmer Rouge in a way "worthy of the suffering which I endured as a child." In a mesmerizing story, Chanrithy Him vividly recounts her trek through the hell of the "killing fields." She gives us a child's-eye view of a Cambodia where rudimentary labor camps for both adults and children are the norm and modern technology no longer exists. Death becomes a companion in the camps, along with illness. Yet through the terror, the members of Chanrithy's family remain loyal to one another, and she and her siblings who survive will find

Out of Broken Glass is the true story of a young German Jewish boy who endures and overcomes Nazi terror and hardship and finds himself a lonely refugee among strangers in wartime England. Orphaned by the Holocaust, he comes to America where he serves in the U.S military and then converts an eight grade education into two college degrees and a successful professional career. He creates his own family, leads a colorful life that features extraordinary experiences and challenges to his past and to his faith and values. This is the uplifting memoir of Sel Hubert whose tranquil village life in Cronheim is shattered by the Nazis when, as a ten-year old, he is assaulted by his classmates and forced out of his school. Sent to live

with strangers in Nrnberg, he becomes immersed in an Orthodox lifestyle and attends the Jewish school where he thrives scholastically. Caught up in the frenzy of a huge Nazi political rally, Sel maneuvers himself to look into the steely eyes of Adolf Hitler but escapes unhurt. No longer able to work and pay for Sels lodging, his father has to bring him home, only to live through the terror of Kristallnacht when the Nazis invade and trash their house and arrest his father who is sent to the notorious Dachau concentration camp. Devastated by that ordeal, Sel and his mother plead with the U.S. consulate for his fathers release and for permission to emigrate to the U.S. but are turned away. Expelled from their village, the family finds refuge with relatives in Augsburg, living in constant fear of further terror and arrest while trying desperately to flee Germany by any legal means. Suddenly, an offer comes to send just one child to safety in England on the Kindertransport. The Huberts face a cruel choice: which of their two children should they save -- thirteen year-old Sel or his older sister Emma? After a gut-wrenching family discussion, she is chosen in the hope that she can better help to secure a subsequent Kindertransport escape for him, which fortunately happens three months later. Sel bids an emotional farewell to his distraught mother and then travels with his father to the Munich railway station platform where he and hundreds of children say tearful good-bys before boarding a special train that takes them away from their parents, forever for most. He embarks on the terrifying lonely journey to freedom, not knowing where or with whom he will live and is taken in by a Jewish family King in London who makes him feel safe and welcome and restores his broken spirits. He develops close relationships with them and with the synagogue that sponsored his rescue and he writes reassuring letters home to his parents. But after only 6 weeks, he is again uprooted when, as war threatens, the government evacuates him with his school into the countryside where he is assigned to live with a childless Christian couple in a small village that has no Jews. War breaks out and his fears about the fate of his parents trapped in Germany escalate when he learns that they were sent away. Lonely and yearning for religious sustenance, he seeks spiritual comfort by attending a church service where his Jewish soul is unexpectedly renewed and nourished. Too proud to remain on charitable support, he quits school and starts to work in an office at age fourteen. He later moves into a hostel for Kindertransport refugees in Cambridge where he feels rejuvenated among his own peers and learns to become a motor mechanic. He turns down an offer to enter an Orthodox rabbinic school, reluctant to embrace and commit to such a lifestyle. Early in 1945, he crosses the U-Boat infested Atlantic to accept an invitation to live with relatives in New York where he joins the US Army Air Corps (now U.S. Air Force) and attains US citizenship. As sergeant in the Air Transport Command, he personally pleads with Supreme Court Justice Robert Jackson to administer justice as he boards his military flight to be Chief Prosecutor of the top Nazis

Rebuilt from Broken Glass

Over the last three decades, Kashmir has been ravaged by insurgency. While reams have been written on it - in human rights documents, academic theses, non-fiction accounts of the turmoil, and government and military reports - the effects of the violence on its inhabitants have rarely been rendered in fiction. Feroz Rather's The Night of Broken Glass corrects

that anomaly. Through a series of interconnected stories, within which the same characters move in and out, the author weaves a tapestry of the horror Kashmir has come to represent. His visceral imagery explores the psychological impact of the turmoil on its natives - Showkat, who is made to wipe off graffiti on the wall of his shop with his tongue; Rosy, a progressive, jeans-wearing 'upper-caste' girl who is in love with 'lower-caste' Jamshid; Jamshid's father Gulam, a cobbler by profession who never finds his son's bullet-riddled body; the ineffectual Nadim 'Pasture', who proclaims himself a full-fledged rebel; even the barbaric and tyrannical Major S, who has to contend with his own nightmares. Grappling with a society brutalized by the oppression of the state, and fissured by the tensions of caste and gender, Feroz Rather's remarkable debut is as much a paean to the beauty of Kashmir and the courage of its people as it is a dirge to a paradise lost.

Broken Glass

Were you ever lost in a large department store when you were a child? Can you remember how you felt with your chest welling up inside like it was going to explode from the anxiety that overwhelmed you as you frantically searched for your mom or dad? Your mind racing as you were thinking, "I only took my eyes off of them for a minute to look at the toy, oh where could they be?" That sheer panic is what plagued me when I was distracted by things in this world and lost my way. 'Like Broken Glass' is an inspirational book about losing our way, making all the wrong decisions and God still bringing us home safely again. This journey began with losing everything our family had in a business which was wiped out by a natural disaster; then refusing to see God's hand of providence, I tried rebuilding it all again. Compounded by the untimely death of my father, God finally broke my heart and I listened. This story ends with one of the greatest blessings I have ever known, culminating in the birth of the only heir to my family name. 'Like Broken Glass' hopes to leave you with one principle from the Word of God. If you learn nothing else at least remember this: "God makes a promise. We fail. God keeps His promise!" Why? Because He is God; and He has come to seek those who are lost and mend their broken hearts.

Finalist for the Man Booker International Prize 2015 The history of Credit Gone West, a squalid Congolese bar, is related by one of its most loyal customers, Broken Glass, who has been commissioned by its owner to set down an account of the characters who frequent it. Broken Glass himself is a disgraced alcoholic school teacher with a love of French language and literature which he has largely failed to communicate to his pupils but which he displays in the pages of his notebook. The notebook is also a farewell to the bar and to his fellow drinkers. After writing the final words, Broken Glass will go down to the River Tchinouka and throw himself into its murky waters, where his lamented mother also drowned. Broken Glass is a Congolese riff on European classics from the most notable Francophone African writer of his generation.

Beyond Breaking the Glass

"From the New York Times bestselling author of the Flowers in the Attic and My Sweet Audrina series, now Lifetime movies, comes book two of the haunting saga of identical twin sisters tortured by their perfectionist mother--until one of them snaps. Haylee and Kaylee Fitzgerald are twin sisters who have been forced to be identical in every way by their domineering mother. She insists they wear the same clothes, eat the same food, get the same grades, and have all the same friends. But both are growing weary of her obsession with their similarities, so when they finally attend high school, they find little ways to highlight their independence. The transition isn't as easy as expected, however, and soon both sisters are thrust into a world that their mother never prepared them for--a world with far more dangerous consequences than just upsetting Mother"--

One murdered, one missing. Both are almost identical. Detective Nik Pohl has seen every shade of darkness in his career. Not used to playing by the rules, he finds himself frozen out by his superiors. What's worse, now he's being blackmailed into investigating a seemingly crimeless disappearance by a shadowy businessman. A young woman, Viola, left her home months ago, leaving a letter to her parents saying she wouldn't be coming back. With a little digging Nik discovers the case of an almost identical-looking woman, who went missing in similar circumstances. There's one important difference: that woman is dead. Viola may still be alive . . . but perhaps not for much longer. When Nik is viciously attacked, it becomes clear that whoever is behind Viola's disappearance has some high-level connections, and they will stop at nothing to shut him down. But he's in too deep and the clock is ticking. He has to find Viola, and her captors, before it's too late. From million-copy bestselling German author Alexander Hartung

broken glass and shattered hearts

Broken Glass is an anthology which has taken more than fifteen years to compile. It is a loving effort put forth by its author of inspirational, humorous, issue related, and spiritual poetry. Of the over six thousand poems I have written I have selected the poems in this volume because they are the most personal and dearest to my heart. I am of the strong opinion the best poetry is the kind that can be identified with, it touches, lifts and helps the reader in some way. I hope the poems in this anthology can in some way touch, lift and help. If one or more of them accomplishes this in any way, I feel I have done my job as both a poet and a human being. The ultimate goal of art is to provoke, introduce, uplift and reflect the human condition. Like my poetry I am a mix of many things. I am a mother, a daughter, a sister, a friend, a lover and a spiritual being. While poetry is my primary love, I am also the author of the historical fiction novel HEROES.

Praise for *A City of Broken Glass*: “In this fourth novel in a superbly written historical mystery series, Rebecca Cantrell once again tells a fast-paced story about the indomitable Hannah Vogel, a journalist, mother and fervent anti-Nazi Berliner...Set against the haunting backdrop of Kristallnacht, the Night of Broken Glass, the novel holds many surprises for Vogel, who becomes trapped in Berlin with Anton and a former lover. Cantrell drops you into 1930s Berlin, and the fear and chaos swirl around you.” — USA Today “Cantrell’s fourth historical featuring journalist Hannah Vogel (after *A Game of Lies*) is compulsively readable. A palpable sense of dread builds, as we know that Kristallnacht, the Nazi pogrom of November 1938, is imminent. This award-winning series succeeds at weaving a very personal story into a well-researched historical survey. In an increasingly crowded genre period, Cantrell’s series stands tall.” — Library Journal (starred) “With compelling characters and a narrative which makes it hard to put down, *A City of Broken Glass* combines romantic thriller with historical tragedy.” — Historical Novel Society “The opening of Cantrell’s gripping fourth novel featuring journalist Hannah Vogel (after 2011’s *A Game of Lies*) finds Vogel and her 13-year-old son, Anton, in 1938 Poland...Cantrell poignantly conveys the plight of Nazi Germany’s Jews through the story of one child.” — Publishers Weekly

Walking on Broken Glass

From the survivor of ten Nazi concentration camps who went on to create the New England Holocaust Memorial, a "devastatingly inspirational" memoir (The Today Show) about finding strength in the face of despair. On August 14, 2017, two days after a white-supremacist activist rammed his car into a group of anti-Fascist protestors, killing one and injuring nineteen, the New England Holocaust Memorial was vandalized for the second time in as many months. At the base of one of its fifty-four-foot glass towers lay a pile of shards. For Steve Ross, the image called to mind Kristallnacht, the Night of Broken Glass in which German authorities ransacked Jewish-owned buildings with sledgehammers. Ross was eight years old when the Nazis invaded his Polish village, forcing his family to flee. He spent his next six years in a day-to-day struggle to survive the notorious camps in which he was imprisoned, Auschwitz-Birkenau and Dachau among them. When he was finally liberated, he no longer knew how old he was, he was literally starving to death, and everyone in his family except for his brother had been killed. Ross learned in his darkest experiences--by observing and enduring inconceivable cruelty as well as by receiving compassion from caring fellow prisoners--the human capacity to rise above even the bleakest circumstances. He decided to devote himself to underprivileged youth, aiming to ensure that despite the obstacles in their

lives they would never experience suffering like he had. Over the course of a nearly forty-year career as a psychologist working in the Boston city schools, that was exactly what he did. At the end of his career, he spearheaded the creation of the New England Holocaust Memorial, a site millions of people including young students visit every year. Equal parts heartrending, brutal, and inspiring, *From Broken Glass* is the story of how one man survived the unimaginable and helped lead a new generation to forge a more compassionate world.

Symbolized by a three-hundred-year-old Seder plate, the religious life of Fred Behrend's family had centered largely around Passover and the tale of the Jewish people's exodus from tyranny. When the Nazis came to power, the wide-eyed boy and his family found themselves living a twentieth-century version of that exodus, escaping oppression and persecution in Germany for Cuba and ultimately a life of freedom and happiness in the United States. Behrend's childhood came to a crashing end with Kristallnacht (the Night of Broken Glass) and his father's harrowing internment at the Sachsenhausen concentration camp. But he would not be defined by these harrowing circumstances. Behrend would go on to experience brushes with history involving the defeated Germans. By the age of twenty, he had run a POW camp full of Nazis, been an instructor in a program aimed at denazifying specially selected prisoners, and been assigned by the U.S. Army to watch over Wernher von Braun, the designer of the V-2 rocket that terrorized Europe and later chief architect of the Saturn V rocket that sent Americans to the moon. Behrend went from a sheltered life of wealth in a long-gone, old-world Germany, dwelling in the gilded compound once belonging to the manufacturer of the zeppelin airships, to a poor Jewish immigrant in

More than a book about miraculous healing, *Broken Glass and All* is an inspiring journey of hope and healing. Reading like a novel, it traces the author's life journey through the hard streets of New York City, the hilarious times of raising ten children, and his school days at the old age of 45 with a two year term in Bible college. Then came the loss of his health, livelihood and his 24 year-old son in a car accident, all while doing battle with his incurable autoimmune disease Polymyositis and taking on the American Health Care system. His perseverance and toughness helped him win battles most men would have yielded to. *Broken Glass and All* brings hope and encouragement to anyone fighting a hopeless illness or a seemingly losing battle. Through the author's infectious mind-set against bowing to what he calls the Pawnbrokers of this World, the reader comes away ready for the fight for one's life. A healing experience for the price of a movie. "This book will have you crying and laughing almost simultaneously." Vincent Caravan, Publisher, Valley News Newspapers

"A man sits in a bar, ruminating on his own failures and conversing with an ensemble of memorable characters that pass in and out of the same space. It's archetypal stuff, but Mabanckou transforms it into a work that intimately inhabits its narrator's mind even as it makes a host of bold literary allusions, from Paul Laurence Dunbar to Eugène Ionesco. A new introduction to this edition by Uzodinma Iweala offers varied and nuanced insights into the novel's themes as well as the initial reception it received when it first appeared in translation." —Words Without Borders In Republic of the Congo, in the town of Trois-Cents, in a bar called Credit Gone West, a former schoolteacher known as Broken Glass drinks red wine and records the stories of the bar and its regulars, including Stubborn Snail, the owner, who must battle church people, ex-alcoholics, tribal leaders, and thugs set on destroying him and his business; the Printer, who had his respectable life in France ruined by a white woman, his wife; Robinette, who could outdrink and outpiss any man until a skinny-legged stranger challenged her reign; and Broken Glass himself, whose own tale involves as much heartbreak, squalor, disappointment, and delusion. When Broken Glass Floats: Growing Up Under the Khmer Rouge

"In 1945, Edith Farnsworth asked the German architect Mies van der Rohe, already renowned for his avant-garde buildings, to design a weekend home for her outside of Chicago. Edith was a woman ahead of her time--unmarried, she was a distinguished medical researcher, whose discoveries put her in contention for the Nobel Prize, as well as an accomplished violinist, translator, and poet. The two quickly began an intimate relationship, spending weekends together, sharing interests in transcendental philosophy, Catholic mysticism, wine-soaked picnics, and architecture. Their collaboration would produce one of the most important works of architecture of all time, a blindingly original house made up almost entirely of glass and steel. But the minimalist marvel, built in 1951, was plagued by cost over-runs and a sudden chilling of the two friends' mutual affection. Though the building became world-famous, Farnsworth found it impossible to live in the transparent house, and she began a public campaign against him, cheered on by Frank Lloyd Wright.
