Before his trade became his name, "Tracker" Ochoa was a scrawny mestizo runaway. Now as fearsome as he once was frightened, he's joined the notorious Hell's Eight...and they have a job for him. He must rescue kidnapped heiress Ari Blake and deliver her safely to the Hell's Eight compound—by any means necessary. Turns out that includes marrying her, if he means to escort her and her infant daughter across the Texas territory. Tracker hadn't bargained on a wife—especially such a fair, blue-eyed beauty. But the pleasures of the marriage bed more than make up for the surprise. Tracker's well-muscled body and dark, dangerous eyes are far more exciting than any of Ari's former debutante dreams. In the light of day, though, his deep scars and brooding intensity terrify her. But with the frontier against them and mercenary bandits at their heels, her fearsome husband may be the only protection she's got.

"Heather (North Korean Posters), a collector of North Korean and Vietnamese art, and Buchanan (Vietnam Zippos: American Soldiers' Engravings and Stories) here present full- and half-page reproductions of Communist propaganda posters printed in Vietnam from the 1960s to the present. Buchanan's discussions in the introductory essay on the printing methods and native materials used in wartime posters are especially captivating. The posters, captioned in English and German, are arranged into four subject groups: war; Ho Chi Minh and the Communist Party; agriculture; and education, population control, and voting. Because the material is organized by topic, it would have been helpful for the captions to include approximate dates. VERDICT An original and nicely produced book; recommended for students and lay readers with an interest in Vietnam or propaganda art. Eric Linderman, Euclid P.L., OH"--Library Journal Reviews.

### **Kanban in Action**

Roland Huntford's brilliant history begins 20,000 years ago in the last ice age on the icy tundra of an unformed earth. Man is a travelling animal, and on these icy slopes skiing began as a means of survival. That it has developed into the leisure and sporting pursuit of choice by so much of the globe bears testament to its elemental appeal. In polar exploration, it has changed the course of history. Elsewhere, in war and peace, it has done so too. The origins of skiing are bound up in with the emergence of modern man and the world we live in today.

### **Public and Private Families: An Introduction**

### **Clarifier Design: WEF Manual of Practice No. FD-8**

During the twenty years of Mussolini's rule a huge number of travel texts were written of journeys made during the interwar period to the sacred sites of Fascist Italy, Mussolini's newly conquered African empire, Spain during the Civil War, Nazi Germany, Communist Russia and the America of the New Deal. Examining these observations by writers and journalists, the author throws new light on the evolving ideology of Fascism, how it was experienced and propagated by prominent figures of the time; how the regime created a utopian vision of the Roman past and the imperial future; and how it interpreted the attractions and dangers of other totalitarian cultures. The book helps gain a better understanding of the evolving concepts of imperialism, which were at the heart of Italian Fascism, and thus shows that travel writing can offer an important contribution to historical analysis.

More than a cookbook, *In Late Winter We Ate Pears* is a love affair with a culture and a way of life. In vignettes taken from their year in Italy, husband and wife Caleb Barber and Deirdre Heekin offer glimpses of a young, vibrant Italy: of rolling

out pizza dough in an ancient hilltown at midnight while wild dogs bay in the abandoned streets; of the fogged car windows of an ancient lovers' lane amid the olive groves outside Prato. The recipes in *In Late Winter We Ate Pears* are every bit as delicious as the memories. Selections such as red snapper with fennel sauce, fresh figs with balsamic vinegar and mint, and frangipane and plum tart capture the essence of Italy. Following the tradition of Italian cuisine, the 80 recipes are laid out according to season, to suggest taking advantage of your freshest local ingredients. Whether you are an experienced cook looking for authentic Italian recipes or a beginner wanting to immerse yourself in the romance of a young couple's culinary adventure, *In Late Winter We Ate Pears* provides rich sustenance in the best tradition of travel and food writing. Cheers to Chef Barber and writer Deirdre Heekin for sharing these marvelous recipes from Osteria Pane e Salute (Pane translates as bread and Salute as health) and for sharing the story of a most inspired year spent in Italy. *In Late Winter We Ate Pears* is a testament that bread and health are the things that make a good life.

On uncensored cable. Sweet and normal Ally Cavanaugh is one of five freshpeople shacking up on In the House, a reality show filmed on her college campus. (As if school isn't panic-inducing enough!) The cameras stalk her like paparazzi, but they also capture the fun that is new friends, old crushes, and learning to live on your own. Sure, the camera adds ten pounds, but with the freshman fifteen a given anyway, who cares? Ally's got bigger issues -- like how her long-distance bf can watch her loopy late-night episode with a certain housemate Freshman year on film. It's outrageous. It's juicy. And like all good reality TV, it's impossible to turn off.
