A cop's creed: If your partner dies, take care of his family. John McLean is a single father and a cop—and he takes all his duties seriously. A year ago, after her husband died, he added Natalie Reed to his list of responsibilities. At first, that just meant helping around the house. Then a body is found in her den... Once he learns the victim's identity—and his connection with Natalie's husband—John realizes the safest place for Natalie is with him. He knows it's the honorable thing to do. But even when you're right, it isn't easy to feel good when you're falling in love with your partner's wife.

"Hormone Harmony answers these and many other questions from women of all ages, and includes a special section for men. Today, hormone imbalance is an epidemic that is upsetting countless lives with symptoms such as these: lack of energy ; loss of zest for life ; weight gain ; mood swings ; loss of sex drive ; sleep disturbances ; fuzzy thinking ; forgetfulness ; hot flashes. Traditionally, menopause is viewed as the chief trigger of hormonal problems but evidence shows this is not entirely true. While menopause is a natural transition during which hormone levels change, its discomforts are fueled by imbalances created earlier in life. This fact is widely unrecognized in today's healthcare system, leaving millions of women whose medical tests are "normal" in dire need of help" --Cover, p. 2.

Mystery crime fiction written in the Golden Age of Murder "Like an assortment of presents under a Christmas tree, there's something for everyone in this Yule-themed reprint anthology in the British Library Crime Classics series from Edwards." —Publishers Weekly Christmas is a mysterious, as well as magical, time of year. Strange things can happen, and this helps to explain the hallowed tradition of telling ghost stories around the fireside as the year draws to a close. Christmas tales of crime and detection have a similar appeal. When television becomes tiresome, and party games pall, the prospect of curling up in the warm with a good mystery is enticing—and much better for the digestion than yet another helping of plum pudding. Crime writers are just as susceptible as readers to the countless attractions of Christmas. Over the years, many distinguished practitioners of the genre have given one or more of their stories a Yuletide setting. The most memorable Christmas mysteries blend a lively storyline with an atmospheric evocation of the season. Getting the mixture right is much harder than it looks. This book introduces of readers to some of the finest Christmas detective stories of the past. Martin Edwards' selection blends festive pieces from much-loved authors with one or two stories which are likely to be unfamiliar even to diehard mystery fans.
