The 613

“For here we have no lasting city, but we seek the city that is to come.” -Hebrews 13:14 At the very heart of God’s plan for the world stands an extraordinary city. Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation, the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence. Tracing the development of the theme of city in both testaments, T. Desmond Alexander draws on his experience as a biblical scholar to show us God’s purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth. Part of the Short Studies in Biblical Theology series.

Holy Bible - Best God Damned Version - Genesis

A once devout Christian, I dedicated myself to studying the Bible in an attempt to write the perfect argument for why the Bible is the word of God. Instead my studies led me kicking and screaming to the conclusion that the Bible is mythology. This book is a collection of essays detailing how I came to the conclusion that the Bible is mythology and Christianity does more harm than good in the world.

Reading the Bible with the Damned

Explore the meaning and joy of life with 100 atheists in this book of photos and commentary.

Sinners in the Hands of an Angry God

A former African American minister reveals his unusual journey from faith to atheism. Anthony Pinn preached his first sermon at age twelve. At eighteen he became one of the youngest ordained ministers in his denomination. He then quickly moved up the ministerial ranks. Eventually he graduated from Columbia University and then received a Master of Divinity in theology and a PhD in religion from Harvard University. All the while, Pinn was wrestling with a growing skepticism. As his intellectual horizons expanded, he became less and less confident in the theism of his upbringing. At the same time, he became aware that his church could offer only anemic responses to the acute social needs of the community. In his mid-twenties, he finally decided to leave the ministry and committed the rest of his life to academia. He went on to become a distinguished scholar of African American humanism and religious history. The once fully committed believer evolved into an equally committed nonbeliever convinced that a secular approach to life offers the best hope of solving humanity's problems.

All That's Wrong With the Bible

Millions of Christians have struggled with how to reconcile God's love and God's judgment: Has God created billions of people over thousands of years only to select a few to go to heaven and everyone else to suffer forever in hell? Is this acceptable to God? How is this "good news"? Troubling questions—so troubling that many have lost their faith because of them. Others only whisper the questions to themselves, fearing or being taught that they might lose their faith and their church if they ask them out loud. But what if these questions trouble us for good reason? What if the story of heaven and hell we have been taught is not, in fact, what the Bible teaches? What if what Jesus meant by heaven, hell, and salvation are very different from how we have come to understand them? What if it is God who wants us to face these questions? Author, pastor, and innovative teacher Rob Bell presents a deeply biblical vision for rediscovering a richer, grander, truer, and more spiritually satisfying way of understanding heaven, hell, God, Jesus, salvation, and repentance. The result is the discovery that the "good news" is much, much better than we ever imagined. Love wins.

The Skeptic's Annotated Bible

'Jesus Lied. He Was Only Human' is arguably the most comprehensive and exhaustive debunking of the Christian myth on bookshelves today. Like a forensic accountant, Werleman meticulously pulls apart the New Testament thread-by-thread until the greatest lie ever told is exposed for all to see. Werleman not only reveals the suffering Jesus caused his early followers, he cleverly demonstrates that the New Testament is brim full with contradictory views, conflicting accounts, historical flaws, and irreconcilable discrepancies. Comprehensive. Funny. Entertaining. Engaging. A must read for anyone

who wants to silence their evangelical friend. "C.J. Werleman is a warrior for truth and a liberator against superstition. Jesus Lied is his slap across the face of biblical literalism." -Sean Hoade 'Darwin's Dreams' "This book is an all out undermining assault on an old cult that needs to exit stage left. Werleman lights a fire underneath a historically flawed religion. A must read." - Alex Wilhelm 'In Praise of Christopher Hitchens' "With this book, CJ has rightfully earned the title of atheism's preeminent 'blue collar intellectual'. No one has successfully brought down a religious faith as comprehensively and meticulously as he." - Tim Hawken 'Hellbound'

The Practice of the Presence of God

The Books of Moses - Because you know it's nonsense, but were never sure why.

The Atheist's Bible

"And the earth was filled with violence." (Genesis 6:11). It's 1,655 years after Eden, and life on earth has already gone to hell. The world of man is a place of wanton cruelty and wickedness. Prehistoric monsters and stone-age marauders roam the land. Murder and destruction are the rule of the day. This is life before the Flood. The story of man on the verge of his first apocalypse. Welcome to the world of The Goddamned. Collects THE GODDAMNED #1-5

The Lotus & the Rose

The Biblical God Doesn't Exist

On the seventh day, the Flying Spaghetti Monster said, "Read me, for I am good." In Amazing Stories, the Flying Spaghetti Monster goes on trial to earn his godhood among a council of deities that includes Jehovah, the Buddha, Ganesh, Cthulhu, and Charlie Sheen. He is interviewed for an exclusive episode of the celebrity talk show In the Monster's Studio to discuss his relationship with Godzilla and other famous monsters. He rears his head at an archeological dig in a desert wasteland and dines with a horde of food demons in Hell. He rescues pirates, authors, and prisoners from the cold hand of death while banishing children to suffering and starvation. He is a just god, but only if you compliment his vodka sauce. Like an all-spaghetti evening of Adult Swim, Amazing Stories of the Flying Spaghetti Monster will show you the many realms of His Noodly Appendage. Learn of those who worship him and the lives he touches in distant, mysterious ways. Enjoy with Italian food and a side of Darwinism.

The Goddamned Volume 1

"All thinking men are atheists," Ernest Hemingway famously wrote. True? Here are quips, quotes, and questions from a distinguished assortment of geniuses and jokers, giving readers a chance to decide for themselves. When I think of all the harm [the bible] has done, I despair of ever writing anything to equal it. Oscar Wilde SAINT, n. A dead sinner revised and edited. Ambrose Bierce There ain't no answer. There ain't going to be any answer. There never has been an answer. That's the answer. Gertrude Stein Do not let yourself be deceived: great intellects are skeptical. Friedrich Nietzsche Millions long for immortality who don't know what to do with themselves on a rainy Sunday afternoon. Susan Ertz God is love, but get it in writing. Gypsy Rose Lee Nothing is at last sacred but the integrity of our own mind. Ralph Waldo Emerson The fact that a believer is happier than a skeptic is no more to the point than the fact that a drunken man is happier than a sober one. George Bernard Shaw

Everything Jesus Said

In his bestselling book, *The Language of God*, Francis Collins—the scientist who led the National Institutes of Health's Human Genome Project—attempted to harmonize the findings of scientific research with Christian belief. In this response to Collins's work, fellow geneticist George C. Cunningham presents a point-by-point rebuttal of *The Language of God*, arguing that there is no scientifically acceptable evidence to support belief in a personal God and much that discredits it. Written with admirable clarity for the nonscientist, *Decoding the Language of God* covers much of the same ground addressed by Collins in his book:· Do moral behavior, altruism, and similar moral standards across cultures indicate that humans are somehow in touch with a divine lawgiver, as Collins argues? Cunningham cites data from behavioral genetics that suggest a purely naturalistic explanation for morality.· The existence of evil, both natural and human-caused, has always been a major stumbling block for religious apologists. Cunningham points out how Collins fails to adequately address this issue and the difficulty of reconciling belief in a good God with the existence of evil.· Collins refers to the origin of the universe and anthropic coincidences as evidence of God as creator of all of reality. By contrast, Cunningham notes that there are naturalistic interpretations for the big bang and the fine-tuning of the universe, which adequately explain this evidence. Cunningham also devotes chapters to the unreliability of the Bible as a basis for belief; the conflict between naturalistic explanations of reality, which are anchored in scientific research, and supernatural interpretations, which are not; and the many difficulties in conceptualizing the origins of the universe in terms of a personal God. Unlike recent hostile attacks on religious belief, Cunningham's respectful, well-reasoned discussion will appeal to open-minded people across the whole spectrum of belief and unbelief. George C. Cunningham, MD, MPH (San Francisco, CA), now retired, is the former chief of the Genetic Disease Branch of the California State Department of Health Services. He has published more than 150 articles in scientific publications, including the *New England Journal of Medicine*, *Lancet*, the *American Journal of Human*

Genetics, and Pediatrics.

The Bible Is Mythology

Marcus Aurelius asked a pertinent question: What is it in itself, what is its nature? This question, meant for anything and everything, has been applied to Religion by Peter Lockhart. To answer it, he goes to the origins, both historically and psychologically. Like any living organism, a religion has relatives and origins. These are easily found in the Bible, and in the History of the Christian and Jewish religions. The clear link between Judaism and Christianity, with ancient Persia and Zoroastrianism, is easily found in both the Old and New Testaments. Then there is the psychological aspect of religions. Jungian psychology and the outline of fictional stories, the archetypes found within them, and the glaring similarities of the Bible with other Myths, Legends, fables and epic stories, is explained. In addition, the dark history of different religions is held to account by the author. No organisation is spared, as the deeds of the past and present, are discussed and laid bare for all to see. Speaking as one who was in a Catholic orphanage as a small boy, Lockhart writes with both conviction and experience. No punches are pulled, and no stone is left unturned. The author and this book, takes a wrecking ball to religion.

Atheism For Dummies

An influential pastor, podcaster, and thought leader believes it's not only possible to predict life's hardest moments, but also to alter outcomes, overcome challenges, and defeat your fiercest adversaries. Founding Pastor of one of North America's most influential churches, Carey Nieuwhof wants to help you avoid and overcome life's seven hardest and most crippling challenges: cynicism, compromise, disconnectedness, irrelevance, pride, burnout, and emptiness. These are challenges that few of us expect but that we all experience at some point. If you have yet to confront these obstacles, Carey provides clear tools and guidelines for anticipation and avoidance. On the other hand, if you already feel stuck in a painful experience or are wrestling with one of these challenges, he provides the steps you need to find a way out and a way forward into a more powerful and vibrant future.

Decoding the Language of God

While I can make various arguments for the harm that religion does in the world, and the dangers represented by a faith mentality, the primary issue that I remain passionate about is that religion is false. The underlying premise is untrue, which means that everything that is built upon that premise is also untrue. The staggering amount of time, money, emotional energy and bloodshed expended in the name of something completely fictitious is a crime against humanity. So while there

are debates about religion's place in society, whether the charitable works they do add value, whether they should have tax exemptions and access to power in government, whether the comfort some people seem to derive from their faith is worthwhile and should be left unchallenged, I will focus on one thing: To show that the God of Abraham, from which the three great monotheisms were spawned, does not exist. I have read many books on the subject of gods, religions and belief in the supernatural. I've watched many debates on the matter as well, and one particularly vexing issue comes up frequently and leaves me feeling dissatisfied. That issue is the one of disproving the existence of God. Scientists will often stop well short of even making a claim about the existence of God, answering instead that one cannot prove a negative, i.e. we cannot prove that God doesn't exist. Many debates about the existence of God are often mired down in that esoteric point and the natural progression from there to debates regarding who carries the burden of proof. Arguments are presented and then countered and in the end, people must decide for themselves if they heard anything that impacted their thinking on the subject. I began to think that I could build a compelling argument for the non-existence of God, but I wanted more than just arguments: I wanted proof. What you will find in this book is a combination of both. Part I features arguments supporting my statement that the god of monotheism; the God of Jews, Christians and Muslims featured prominently in the Holy Bible and the Quran, does not actually exist. In Part II of the book, I will use evidence, or more precisely, the lack of evidence where evidence should exist, to show beyond a reasonable doubt that the Biblical God is a mythical figure no more real than Zeus, the King of Gods from Greek Mythology.

Invading Babylon

"An American Bible is an extremely compelling piece of cultural history that succeeds in making rich rather than schematic sense of the major dramas that lay behind the production of over 1,700 different American editions of the Bible in the century after the American Revolution. Gutjahr's book is especially powerful in demonstrating how nineteenth-century efforts to purge the Bible of textual and translational impurities in search of an 'authentic' text led ironically to the emergence of entirely new gospels like the Book of Mormon and the massive fictionalized literature dealing with the life of Christ." --Jay Fliegelman, Stanford University During the first three-quarters of the nineteenth century, American publishing experienced unprecedented, exponential growth. An emerging market economy, widespread religious revival, educational reforms, and innovations in print technology worked together to create a culture increasingly formed and framed by the power of print. At the center of this new culture was the Bible, the book that has been called "the best seller" in American publishing history. Yet it is important to realize that the Bible in America was not a simple, uniform entity. First printed in the United States during the American Revolution, the Bible underwent many revisions, translations, and changes in format as different editors and publishers appropriated it to meet a wide range of changing ideological and economic demands. This book examines how many different constituencies (both secular and religious) fought to keep the Bible the preeminent text in the United States as the country's print marketplace experienced explosive growth. The author shows how these

heated battles had profound consequences for many American cultural practices and forms of printed material. By exploring how publishers, clergymen, politicians, educators, and lay persons met the threat that new printed material posed to the dominance of the Bible by changing both its form and its contents, the author reveals the causes and consequences of mutating God's supposedly immutable Word.

An American Bible

The Skin of Our Teeth

This fascinating and at times humorous collection of more than 1,000 quotations by everyone from Albert Einstein to George Carlin is sometimes thought-provoking and at times challenging. Provides enough information for the beginning Atheist to take one step further down the road of disbelief, and is at the same time reaffirming for the long-time Atheist. GOD'S NOT REAL: A COLLECTION OF QUOTATIONS FOR THE ATHEIST is a must-read for any serious disbeliever.

All That's Wrong with the Bible: Contradictions, Absurdities, and More

Can we prove that the Bible makes false claims? Do its moral teachings justify it being called "The Good Book?" Has the text been modified throughout the centuries? What about all those prophecies? Written by a linguist, ex-fundamentalist graduate of Liberty University, this book goes straight to the evidence and presents a concise case-by-case analysis of the most salient problems in the Christian Scriptures. With insightful commentary concerning frequent rebuttals used by apologists, it makes a solid case against evangelical claims to inerrancy. This 2nd edition has a much improved third chapter, providing several more examples of scribal changes to the New Testament, as well as a completely new section on textual differences in Greek manuscripts. The format of the paperback version has been adjusted in order to keep sale cost as low as possible.

The City of God and the Goal of Creation

You were transformed to transform your world! For too long, Christianity has been defined by a false concept of church. As a result, believers have built walls around their lives, keeping culture at a distance. As Christians have tried to keep culture out of the church, unfortunately, the church has kept itself out of the culture. This was never Jesus' design for the your life! Before church was established as a place that people "came to," Jesus instituted it as an army that brought transformation to society, starting with salvation and continuing with seven spheres of influence: Church, family, education, government,

media, arts, and commerce. Six revolutionary voices in the modern church deliver Invading Babylon. This essential guide will equip you to: Understand your vital role in shaping society. Release God's will in your sphere of influence. Become an unstoppable citizen in God's Kingdom. It's your time to arise and be a light in a dark world.

The Naked Emperor

Everything Jesus said. Categorized and documented.

The Goddamned Vol. 1

Artist Archie Rand creates a glorious reimagining of the 613 Jewish commandments using comic strips and pulp fiction jackets to capture each mitzvah. A gift for the eyes, this unique collage of images, ranging from Lox to superheroes, is not your Bubbe's graphic novel. "If Leviticus seems an unlikely text for a comic strip, look again. Or rather look at Archie Rand's magnificent series of commandments, The 613. The beauty, terror, and fun are all there in one magic, mesmerizing wall of colored shapes and visual oratory. It's a splendid series." —John Ashbery "[R]ichly colored, always stirring works of visual art...[The 613] is something like seeing a cinema-sized version of ancient wisdom transmuted through a comic (and then blown up again)." —Flavorwire "A new book by a trailblazing artistThe 613 pairs mitzvahs with appropriated images from Mad Magazine, pulp and 20th-century illustration. Sometimes the connections are obvious, sometimes intriguingly oblique. It is outrageous and inviting, in-your-face and mysterious, making Rand's case 613 times over." —David Van Biema, Religion News Service Archie Rand's career as an artist spans five decades and myriad themes and genres. Among his pioneering explorations, The 613 is surely one of his most ambitious feats yet. Without any idea where the work would be exhibited, Rand began transforming each and every one of the 613 mitzvahs, or commandments, into its own breathtaking painting, a series that took five years to complete. Each of the gorgeous and perplexing panels features a vibrant, unexpected image that brings forth the heart of its law and commands our eyes to linger. Rand is startling and original in his rich color choices, bold characters, and extraordinarily expressive approach. The New York Times describes the paintings as "rendered in the style of comics and pulp fiction book jackets, a dash of Mad magazine, a spoonful of Tales of the Crypt, some grotesques, some superheroes, always action, emotion, drama." Whether grotesque or dramatic, each painting provokes a sense of wonder and self-reflection, making The 613 a book to be visited time and time again. Perfect for readers of art, religion, or popular visual culture, The 613 may be the most audacious and distinctive gift book of its kind.

Why There Is No God

"The Practice of the Presence of God" is among the most enduringly popular of all Christian devotional works. It is a collection of conversations with a simple seventeenth-century French Carmelite monk who, through the simplest of everyday activities, was able to achieve a profound intimacy with God. Brother Lawrence's teaching has resonated with Christians for more than three hundred years, and it is fitting that it is now available in this beautiful edition with a fine full-cloth cover, a sewn binding, and a ribbon marker.

Love Wins

Can we prove that the Bible makes false claims? Do the gospels all agree on details in the life, death, and resurrection of Jesus? Does the Bible ever exaggerate historical facts? Do its moral teachings justify it being called "The Good Book?" Written by an ex-fundamentalist and graduate of Liberty University, this book goes straight to the evidence and presents a concise case-by-case analysis of the most salient irrationalities in the Christian Scriptures. With insightful commentary concerning frequent rebuttals used by apologists, it makes a solid case against evangelical claims to inerrancy. A valuable resource for believers and skeptics alike. Also included are examples of bogus prophecies and scribal manipulations of the New Testament.

The Final Testament of the Holy Bible

Amazing Stories of the Flying Spaghetti Monster

Think adolescence is hell? You have no idea Welcome to Dante's Inferno, by way of The Breakfast Club, from the mind of American fiction's most brilliant troublemaker. "Death, like life, is what you make out of it." So says Madison, the whip-tongued 11-year-old narrator of Damned, Chuck Palahniuk's subversive homage to the young adult genre. Madison is abandoned at her Swiss boarding school over Christmas while her parents are off touting their new film projects and adopting more orphans. Over the holidays she dies of a marijuana overdose--and the next thing she knows, she's in Hell. This is the afterlife as only Chuck Palahniuk could imagine it: a twisted inferno inspired by both the most extreme and mundane of human evils, where The English Patient plays on repeat and roaming demons devour sinners limb by limb. However, underneath Madison's sad teenager affect there is still a child struggling to accept not only the events of her dysfunctional life, but also the truth about her death. For Madison, though, a more immediate source of comfort lies in the motley crew of young sinners she meets during her first days in Hell. With the help of Archer, Babette, Leonard, and Patterson, she learns to navigate Hell--and discovers that she'd rather be mortal and deluded and stupid with those she loves than perfect and alone.

Jesus Lied

The easy way to understand atheism and secular philosophy For people seeking a non-religious philosophy of life, as well as believers with atheist friends, *Atheism For Dummies* offers an intelligent exploration of the historical and moral case for atheism. Often wildly misunderstood, atheism is a secular approach to life based on the understanding that reality is an arrangement of physical matter, with no consideration of unverifiable spiritual forces. *Atheism For Dummies* offers a brief history of atheist philosophy and its evolution, explores it as a historical and cultural movement, covers important historical writings on the subject, and discusses the nature of ethics and morality in the absence of religion. A simple, yet intelligent exploration of an often misunderstood philosophy Explores the differences between explicit and implicit atheism A comprehensive, readable, and thoroughly unbiased resource As the number of atheists worldwide continues to grow, this book offers a broad understanding of the subject for those exploring atheism as an approach to living.

A Better Life

In *Reading the Bible with the Damned*, Ekblad demonstrates how to bridge this gap by showing us specific ways to engage people from all walks of life, from the poorest parts of town to inside the prison walls. This book is full of examples of how Scripture changes lives, offering practical suggestions on how to lead discussions on passages from the Old and New Testaments. Book jacket.

Pop-atheist Bible Expositors

Deconverted

"Science can't explain the complexity and order of life; God must have designed it to be this way." "God's existence is proven by scripture." "There's no evidence that God doesn't exist." "God has helped me so much. How could none of it be true?" "Atheism has killed more people than religion, so it must be wrong!" How many times have you heard arguments like these for why God exists? *Why There Is No God: Simple Responses to 20 Common Arguments for the Existence of God* provides simple, easy-to-understand counterpoints to the most popular arguments made for the existence of God. Each chapter presents a concise explanation of the argument, followed by a response illustrating the problems and fallacies

inherent in it. Whether you're an atheist, a believer or undecided, this book offers a solid foundation for building your own inquiry about the concept of God.

God's Not Real

Under consideration is a focus upon statements made, in spoken word or writing, by Richard Dawkins, Christopher Hitchens, Dan Barker, Sam Harris, and Neil deGrasse Tyson with particular regards to the Bible--and a few issues with revolve around such statements. This group consists of a biologist, a journalist, a neuroscientist, an astrophysicist and a political activist: are they reliable sources on the Bible's contents, concepts, and contexts? Find out herein. Thus, this is not tantamount to your typical Atheism books. As far as format, it is available as an Atheism Kindle book and paperback.

Writing God's Obituary

Among the pressing concerns of Americans in the first century of nationhood were day-to-day survival, political harmony, exploration of the continent, foreign policy, and--fixed deeply in the collective consciousness--hell and eternal damnation. The fear of fire and brimstone and the worm that never dies exerted a profound and lasting influence on Americans' ideas about themselves, their neighbors, and the rest of the world. Kathryn Gin Lum poses a number of vital questions: Why did the fear of hell survive Enlightenment critiques in America, after largely subsiding in Europe and elsewhere? What were the consequences for early and antebellum Americans of living with the fear of seeing themselves and many people they knew eternally damned? How did they live under the weighty obligation to save as many souls as possible? What about those who rejected this sense of obligation and fear? Gin Lum shows that beneath early Americans' vaunted millennial optimism lurked a pervasive anxiety: that rather than being favored by God, they and their nation might be the object of divine wrath. As time-honored social hierarchies crumbled before revival fire, economic unease, and political chaos, "saved" and "damned" became as crucial distinctions as race, class, and gender. The threat of damnation became an impetus for or deterrent from all kinds of behaviors, from reading novels to owning slaves. Gin Lum tracks the idea of hell from the Revolution to Reconstruction. She considers the ideas of theological leaders like Jonathan Edwards and Charles Finney, as well as those of ordinary women and men. She discusses the views of Native Americans, Americans of European and African descent, residents of Northern insane asylums and Southern plantations, New England's clergy and missionaries overseas, and even proponents of Swedenborgianism and annihilationism. Damned Nation offers a captivating account of an idea that played a transformative role in America's intellectual and cultural history.

Damned

"Caine, son of Adam. Inventor of murder. Cursed by God. The closest thing this doomed world has to a savior. It's 1,600 years after Eden, and life on earth has already gone to hell. The world of man is a place of wanton cruelty and wickedness. Prehistoric monsters and Stone Age marauders roam the land. Murder and destruction are the rules of the day. This is the story of man on the verge of his first apocalypse. This is life before the Flood. Welcome to the world of the Goddamned."--page 4 of cover

Holy Bible - Best God Damned Version - the Books of Moses

Spirited conversations on spiritual topics between two friends--an American Lama and an Episcopal minister--who celebrate their common ground and delight in their differences.

Damned If You Do

"Winner of the Pulitzer Prize, this is the groundbreaking satiric fantasy follows the extraordinary Antrobus family down through the ages from the time of 'The War' surviving flood, fire, pestilence, locusts, the ice age, the pox and the double feature, a dozen subsequent wars and as many depressions. Ultimately, they are the stuff of which heroes and buffoons are made. Their survival is a vividly theatrical testament of faith in humanity." --

Didn't See It Coming

Soul acquisition is a drag, but if Abaddon doesn't catch up on his quota, he could be demoted to scooping poop for the Hounds of Hell. With a deadline hanging over him, he heads for the Bible Belt, looking for the perfect combination of sweetness and challenge. Seth is a blind musician, part of a traveling tent revival. He's cute, mystically talented, and quotes the Bible at every turn. His soul is pure enough to fill Abaddon's quota for months to come, and Abaddon is

determined to claim it. The problem? There's the revival foreman who watches Abaddon's every move. Then there's the mystery of Seth's many unusual talents. Finally, there's Abaddon himself. He's beginning to like Seth a bit too much. Maybe Seth deserves something better than damnation. But Hell's agenda isn't negotiable, and time is running out. If Abaddon doesn't play his cards right, he could condemn both of them to the worst fate of all—an eternity apart. Warning: Contains a Bible-quoting twink and an irreverent devil. Also, snakes. Lots and lots of snakes.

The Goddamn Bible

"and then Noah loaded the dinosaurs onto the ark." Assertions like these seem comical until you realize that many Christian parents aren't kidding when they teach them to their children as facts. Every day, impressionable young minds are conditioned to blindly accept wild biblical tales of floating zoos, talking shrubbery, 900-year-old humans, the undead, curses, levitation, demon/human hybrids and men who obtain super-human strength from the length of their hair. Allegiance to these teachings is expected, often demanded. Curiosity is muted. Doubt is frowned upon as a sin. And for those who dare to raise a dissenting hand, the threat of Hell looms ominously. A former religious radio host raised in the cradle of Christianity, Seth Andrews battled his own doubts for many years. His attempts to reconcile faith and the facts led him to a conclusion previously unthinkable, and this once-true believer ultimately became the founder of one of the most popular atheist communities on the internet.

God Damn Satan

James Frey isn't like other writers. He's been called a liar. A cheat. A con man. He's been called a saviour. A revolutionary. A genius. He's been sued by readers. Dropped by publishers because of his controversies. Berated by TV talk-show hosts and condemned by the media. He's been exiled from America, and driven into hiding. He's also a bestselling phenomenon. Published in 38 languages, and beloved by readers around the world. What scares people about Frey is that he plays with truth; that fine line between fact and fiction. Now he has written his greatest work, his most revolutionary, his most controversial. The Final Testament of the Holy Bible. What would you do if you discovered the Messiah were alive today? Living in New York. Sleeping with men. Impregnating young women. Euthanizing the dying, and healing the sick. Defying the government, and condemning the holy. What would you do if you met him? And he changed your life. Would you believe? Would you? The Final Testament of the Holy Bible . It will change you. Hurt you. Scare you. Make you think differently. Live differently. Enrage you. Offend you. Open your eyes to the world in which we live. We've waited 2,000 years for the Messiah to arrive. We've waited 2,000 years for this book to be written. He was here. The Final Testament of the Holy Bible is the story of his life.

The Ultimate Guide on How To Become an Influencer - For Beginners
