Holy Crap!!

In his first novel, journalist Bino K. John returns to the land of his birth - the magical, sensual, about-to-be-drowned tip of Kerala. Within moments of meeting Savio, the young man whose voice weaves magic in the lives of those around him, we are plunged into a story of undying love and great loss wherein church and mosque and temple vie for believers, young love finds its moorings in tragedy, and friends must earn their rites of passage. Set against the backdrop of the 2004 tsunami, this is a gripping novel about ordinary people who survive against great odds to carve their indelible stories on sand.

Against the Grain

Becoming a mother is rarely what you expect. Jane Roper never expected she'd have twins—or that they'd be such a spirited twosome. She didn't expect that finding the right balance of work and home would be so tricky. And she certainly didn't expect she'd grapple with a diagnosis of bipolar disorder during her daughters' toddler years. But she also didn't anticipate just how much joy, laughter and self-discovery motherhood would bring. Full of warmth, honesty, occasional advice, and a generous helping of humor, Double Time is a smart and engaging account of the first three years with multiples and a refreshingly candid and vulnerable look at clinical depression. It's a memoir that will resonate countless women—especially those parenting in double time.

Double Time

The president has announced that Earth is going to collide with a rogue moon, and in the process, our entire planet is going to be smashed to bits. As one would expect, upon hearing this news, humans went ballistic. It was as if every sports team in the world lost their championship game at the same time. No car was left unrolled—but oddly enough, Taco Bell remained open and made unfathomable profits in the last days. Apparently, Doritos Locos® Tacos were a popular last meal. Autumn (who for the purposes of this retelling asked to be portrayed as drool-inducing hot with kickass ninja skills) has just been handed the task of saving all of humanity. With the help of her unbelievably sexy alien boyfriend and her kleptomaniac friend with fire-retardant hair, Autumn takes a spaceship and races to save her fellow humans by using the Ark of the Covenant. Along the way, she discovers how sheltered people are from the truth of extraterrestrials and their power to either protect us or destroy us. Stupid government. Grab a bottle of wine, a shipload of snacks, and prepare to take a ride on this humorous chick lit romantic sci-fi paranormal adventure. If you're into Ancient Aliens, conspiracy theories, UFOs, crave a little sexy time in your reading, are curious if we were genetically engineered (like the Sumerian cuneiform texts claim), and are dying to find out the meaning of life, then this book is for you.

The Last Song Of Savio De Souza

Real-world, from-the-trenches toddler parenting advice from the author of the bestselling Oh Crap! Potty Training. Toddlers—commonly defined as children aged between two and five years old—can be a horribly misunderstood bunch. What most parents view as bad behavior is in fact just curious behavior. Toddlerdom is the age of individuation, seeking control, and above all, learning how the world works. But this misunderstanding between parents and child can lead to power struggles, tantrums, and even diminished growth and creativity. The recent push of early intellectualism coupled with a desire to “make childhood magical” has created a strange paradox—we have three-year-olds with math and Mandarin tutors who don't know how to dress themselves and are sitting in their own poop. We are pushing the toddler mind beyond its limit but simultaneously keeping them far below their own natural capabilities. In the frank, funny, and totally authentic Oh Crap! I Have a Toddler, social worker Jamie Glowacki helps parents work through what she considers the five essential components of raising toddlers: —Engaging the toddler mind —Working with the toddler body —Understanding and dealing with the toddler behavior —Creating a good toddler environment —You, the parent Oh Crap! I Have a Toddler is about doing more with less—and bringing real childhood back from the brink of over-scheduled, over-stimulated, helicopter parenting. With her signature down-and-dirty, friend-to-friend advice, Jamie is here to help you experience the joy of parenting again and giving your child—and yourself—the freedom to let them grow at their own pace and become who they are.

The Faith of Donald J. Trump

It's Your First Year Teaching, But You Don't Have to Act Like It is for anyone who is either studying to be a teacher or who has recently entered the teaching profession. This book includes sections on: How to find a job, How to prepare for the job, What to do and say on your first day, How to handle various discipline situations that may arise throughout the first year. Any prospective teacher who reads this book will reap immediate benefits. Whether it is during the job search, the planning stage, the first day in the classroom, or the first year as a whole, Kitchen offers practical, humorous, and motivational advice that prospective teachers can use to help them survive their first year.

Year's Best SF 14

Jamie Glowacki—potty-training expert, Pied Piper of Poop, and author of the popular guide, Oh Crap! Potty Training—shares her proven 6-step plan to help you toilet train your preschooler quickly and successfully. Worried about potty training? Let Jamie Glowacki, potty-training expert, show you how it's done. Her 6-step, proven process to get your toddler out of diapers and onto the toilet has already worked for tens of thousands of kids and their parents. Here's the good news: your child is probably ready to be potty trained EARLIER than you think (ideally, between 20-30 months), and it can be done FASTER than you expect (most kids get the basics in a few days—but Jamie's got you covered even if it takes a little longer). If you've ever said to yourself: ** How do I know if my kid is ready? ** Why won't my child poop in the potty? ** How do I avoid "potty power struggles"? ** How can I get their daycare provider on board? ** My kid was doing so well—why is he regressing? ** And what about nighttime?! Oh Crap! Potty Training can solve all of these (and other) common issues. This isn't theory, you're not bribing with candy, and there are no gimmicks. This is real-world, from-the-trenches potty training information—all the questions and all the ANSWERS you need to do it once and be done with diapers for good.

Adventures of a Currency Trader

An Extra Year is the true story of a couple whose relationship continues after one of them dies. It chronicles communication they shared on their own and with the help of clairvoyants and how that communication helped the author not to live with grief and loss but to live through and beyond it. A former psychotherapist, Steven Morrison applies the contemporary, non-religious, religion-friendly, universally spiritual concepts he works with as a teacher to his own loss experience and, in so

doing, gently challenges us to look beyond what we have been taught about grief and loss. Having done so, he reports having had an experience that grew his soul and enriched his life. This book about grief and loss is truly a book about life and living and, of course, about loving

Oh Crap! I Have a Toddler

Travis and his best friends Ryan and Jasper live for the thrill of watching their horses race. When a thief starts hacking off the tails of Standardbred horses stabled at Blackdown Park, suddenly the track isn't such a great place to hang out. Things get even more unpleasant when a troubled girl comes between Travis and his friends. Travis has to make some tough choices, but how can he stand by his friends when he no longer trusts them?

Holy Crap You're 30!

Based on extensive inside sources, including exclusive interviews with the President and Vice President, The Faith of Donald J. Trump explores his rarely discussed, but deeply important, religious beliefs and relationships with leading Evangelicals. The Chief Political Correspondent for the Christian Broadcasting Network and the "Jesus in the Public Square" columnist for the Washington Times explore the rarely discussed, but deeply important, religious beliefs and worldview of Donald J. Trump and his advisors. Donald J. Trump was raised as a Presbyterian and has praised both Christianity and the primacy of the Bible. In the Oval Office, he has surrounded himself with close advisors who share his deep faith. In this deeply reported book, David Brody and Scott Lamb draw on unparalleled access to the White House to explain President Trump's connection to the Christian faith, the evangelical right, the prosperity gospel, and the pressing moral and ethical issues of our day. In part, the authors argue, President Trump won over evangelicals not by pandering to them, but by supporting them and all their most important issues without pretending to be something he's not. Though the forty-fifth president is far from the perfect vessel—he has been married three times—his supporters argue that Donald Trump may be just what America needs. This book reveals how he has surrounded himself with believers who think he is the one guiding figure who can return us to the traditional values—hard work, discipline, duty, respect, and faith—that have long been the foundation of American life, and truly make America great again in all ways.

Holy Crap! The World is Ending!

Lunacy, Alaska - population 506 - is Nate Burke's last chance. As a Baltimore cop, he had watched his partner die - and the guilt still haunts him. Maybe serving as Chief of Police in this tiny, remote town, where darkness falls by mid-afternoon and temperatures fall to below zero, will bring some kind of solace. It isn't as if he has anywhere else to go. Aside from sorting out a run-in between a couple of motor vehicles and a moose and pulling apart two brothers fighting over John Wayne's best movie Nate's first weeks on the job are relatively quiet. But as he wonders whether this was all a big mistake, an unexpected kiss from feisty bush pilot Meg Galloway under the brilliant Northern Lights of the Alaska sky lifts his spirit - and convinces him to stay just a little longer. Born and raised in Lunacy, Meg has learned to be independent. But there's something about Nate's sad eyes that gets under her skin, and warms her frozen heart. However, when two climbers find a corpse on the mountain, Nate discovers that Lunacy isn't quite the sleepy little backwater he imagined.

An Extra Year

In his insightful new book, *Holy Shit: Managing Manure to Save Mankind*, contrary farmer Gene Logsdon provides the inside story of manure-our greatest, yet most misunderstood, natural resource. He begins by lamenting a modern society that not only throws away both animal and human manure-worth billions of dollars in fertilizer value-but that spends a staggering amount of money to do so. This wastefulness makes even less sense as the supply of mined or chemically synthesized fertilizers dwindles and their cost skyrockets. In fact, he argues, if we do not learn how to turn our manures into fertilizer to keep food production in line with increasing population, our civilization, like so many that went before it, will inevitably decline. With his trademark humor, his years of experience writing about both farming and waste management, and his uncanny eye for the small but important details, Logsdon artfully describes how to manage farm manure, pet manure and human manure to make fertilizer and humus. He covers the field, so to speak, discussing topics like: How to select the right pitchfork for the job and use it correctly How to operate a small manure spreader How to build a barn manure pack with farm animal manure How to compost cat and dog waste How to recycle toilet water for irrigation purposes, and How to get rid ourselves of our irrational paranoia about feces and urine. Gene Logsdon does not mince words. This fresh, fascinating and entertaining look at an earthy, but absolutely crucial subject, is a small gem and is destined to become a classic of our agricultural literature.

I Heart My Little A-Holes

Almost every couple faces a “now what?” moment as their last kid moves out of the house. There’s a big empty nest looming over this new and uncertain stage in their lives. David and Veronica James chose to look at this next phase of life as a beginning instead of an ending. Rather than staying put and facing the constant reminders of empty bedrooms and backseats, a plan began to develop to sell the nest and hit the highway. But could a homebody helicopter mom learn to let go of her heartstrings and house keys all at once? Filled with a sense of adventure and humor, *Going Gypsy* is the story of a life after raising kids that is a celebration of new experiences. Pulling the rip cord on the daily grind, David and Veronica throw caution to the wind, quit their jobs, sell their house, put on their vagabond shoes, and go gypsy in a beat-up old RV found on eBay. On a journey of over ten thousand miles along the back roads of America (and a hysterical, error-infused side trip into Italy), they conquer old fears, see new sights, reestablish bonds with family and friends, and transform their relationships with their three grown children from parent-child to adult-to-adult. Most importantly, they rediscover in themselves the fun-loving youngsters who fell in love three decades prior.

Holy Shit

Laugh-out-loud funny high school drama - perfect for fans of Lauren Myracle and Meg Cabot Let's say you're fourteen and live in New York City. You'd think your life would be like a glamorous TV show, right? And yet . . . You don't have a checking account, much less a personal Black American Express card. You've never been to a club, and the only couture in your closet is a Halloween costume your mom made from an old laundry bag. In other words? You're Kelsey Finkelstein - fourteen and frustrated. Every time she tries to live up to her awesome potential, her plans are foiled. Kelsey wants to rebrand herself for high school to make the kind of mark she knows is her destiny. But just because Kelsey has a plan for greatness . . . it doesn't mean the rest of the world is in on it. Kelsey's hilarious commentary and sardonic narration of her freshman year will have readers laughing out loud - while being thankful that they're not in her shoes, of course.

Holy Crap Larry Is That You

“We should start our own religion.” One simple sentence, one really bad idea. But to chronic underachievers Danny Welles and Walter James, starting a new religion sounded like the best idea they'd ever had. Those six little words would inspire them to write their own dogma, ensnare a gullible Hollywood star to be their spokesman, hijack the nation's highest-rated TV talk show and create the Church of OK, a religion based on “positivity and permissiveness” that would fuel a media firestorm rocketing them to fame - and infamy. Holy Crap is a funny, satirical look at our modern culture, following its characters as they take on religion, Hollywood, television, the tabloids and each other with the goal to enrich lives - as well as their own bank accounts. It's a journey filled with religious zealots, 7-Eleven hot dogs, Caddyshack as a Christian allegory, Kama Sutra with cats, a certain amount of substance abuse, and heartfelt sex on playground equipment.

Letters from Home

Over a forty-year period, my career in education expanded the private and public sectors, but mostly public. Hopefully over that period, I grew in my understanding of myself and human nature. While the work I did was intended to improve the lives and opportunities for children, it did not always turn out to be the case. Energy was often diverted to those interests belonging to adults. I am not referring to parents. The adult interest that I speak of here is the interest of those within the system: administrators, school board members, and government officials. While I might have included teachers, I did not, for these are the hardest and most dedicated individuals of this group. Someone once said, It is about power who has the power, who wants the power, and who gets the power. This is the distraction and children are not the benefactors.

Pecan Pies and Homicides

This may be the most honest book ever written about Jesus. As a veteran pastor in the United Church of Christ, Dr. Watson shares his thoughts on the timeless topic of Christology--the doctrine of Christ--with new and creative insights, informative and accessible theology, personal anecdotes, and lively wit. Nothing is off-limits in this no-holds-barred contribution to the Jesus genre. Big Jesus is not another theological "spin" on the identity and nature of Jesus of Nazareth, nor is it a sentimental fairytale for those who prefer their Christology to be served up on Sunday mornings with fluffy sheep, little children, and footprints in the sand. This book is for Christian adults with a sense of humor.

Holy Crap! You're 40

[Book 1 in the "Year of the Chick" series. There's a bit of a cliffhanger to end this book, but the sequel addresses any unanswered questions] An awkward family homecoming at Christmas. A humiliating public weigh-in, with two judging parents as the audience. The announcement of a deadline for arranged marriage doom. And that's just the first two chapters. In "Year of the Chick," Romi Narindra must find love before her parents find her a husband (a seemingly absurd concept that's the norm in many cultures). To escape her fate, Romi wades through the waters of secret-dating, where self-

consciousness is at an all-time high, and experience at an all-time low. It's the sort of thing that would turn almost anyone into a man-crazy freak with romance tunnel-vision, and that's exactly what happens to her. All the while, a lack of inspiration in her corporate job leads Romi to her love of writing, in what quickly becomes a man-quest play-by-play. From whiskey-breath scum bags to uni-brow creeps and everything in between, Romi and her wingmen come up empty time after time. And that's when she meets a fellow writer. On the Internet. So will it be arranged marriage doom, or an Internet affair that's not as creepy as "To Catch a Predator"? Time will tell in the "year of the chick," a twelve-month quest to find love. Tick-tock. ----- "Year of the Chick" is book 1 in a series, and the sequel "Last-Minute Love" is available now! LENGTH: 75,000 words or 288 pages DISCLAIMER: this book contains profanities, blunt accounts of the dating scene, and cringe-worthy awkward family moments (free,freebie,chicklit,love,romance,romantic comedy,funny,humor,humour,long distance,multicultural,marriage,dating,relationships)

Baby, It's Cold Outside

New York Times and USA TODAY bestselling indie authors Jennifer Probst, Emma Chase, Kristen Proby, Melody Anne, and debut author Kate Meader come together to write a sizzling romance anthology. Outside it may be frosty, so turn the heat way up with these stories of desire! Can a determined woman executive and a playboy billionaire survive being stranded together in a snowstorm? Jennifer Probst depicts an encounter almost too hot to handle... Drew and Kate play an encore to Tangled in this sexy take on a "Christmas Carol" by Emma Chase. When a Christmas Eve argument condemns Drew to a troubled night, three dream women teach him that no gift could be more tantalizing than Kate... With Kristen Proby, ski slopes are quite delightful. Grace Douglas is sure she'll never learn to ski, but instructor Jacob Baxter could teach her lessons of a different kind... Can a southern California transplant survive Montana's deep snows? Melody Anne, author of the bestselling Andersons series, melts the icy drifts completely away with the heat between sexy Hawk Winchester and brand-new teacher Natalie Duncan... What could be hotter than a firefighter? Kate Meader shows how hot it can get as Beck Rivera and heiress-turned-tattoo-artist Darcy Cochrane discover that nothing ignites holiday flames like rekindling a lost love...

Year of the Chick

Everyone knows the Greenleaf family puts the "Hell" in Hellcat Canyon—legend has it the only way they ever leave is in a cop car or a casket. But Glory Greenleaf has a different getaway vehicle in mind: her guitar. She has a Texas-sized talent

and the ambition (and attitude) to match, but only two people have ever believed in her: her brother, who's in jail, and his best friend . . . who put him there. Sheriff Eli Barlow has secretly been in love with Glory since he was twelve years old. Which is how he knows her head is as hard as her heart is soft—and why she can't forgive him for fracturing her family . . . or forget that night they surrendered to an explosive, long-simmering passion. But when a betrayal threatens Glory's big break, Eli will risk everything to make it right . . . because the best way to love the girl from Whiskey Creek might mean setting her free forever.

Going Gypsy

Following the success of *Go the F**k to Sleep*, *Confessions of a Scary Mommy*, and *Ketchup Is a Vegetable*, a collection of funny, warm, and charmingly profane tales from the frontlines of parenthood by the author of the popular *Baby Sideburns* blog. Once upon a time you and your partner had a perfect life: dinners out, weekend mornings cuddling in bed, brunch with friends. Then you gave birth to a poop machine (or two). Now, it's all about the pediatrician, breast pumps, princess dresses, and minivans. And discovering that your pride and joy is actually a little A-hole. When your son wakes you up at 3:00 A.M. because he wants to watch *Caillou*, he's an a-hole. When your daughter outlines every corner of your living room with a purple crayon, she's an a-hole. When your rug rats purposely paint the kitchen ceiling with their smoothies, they're a-holes. At times like these, it's only natural to want to kill them (or yourself). But it's against the law (and there's the suicide hotline). Plus, there's that whole loving them more than anything in the whole world thing. In *I Heart My Little A-Holes*, Karen Alpert shares hilarious stories, lists, and deep thoughts on the joys and horrors of raising children. Accompanied by cheery illustrations and photos *I Heart My Little A-Holes* will make you laugh so hard you'll wish you were wearing a diaper.

Star Trek: Year Five #12

Lee Sease traces his career as an educator. He focuses on two separate but intertwined themes. One is on his own personal development from childhood experiences to the influence of professional mentors. The other focus is on the distractions that prevent us from doing our very best in educating and preparing our children for citizenship and adulthood. As he struggles with these distractions, he must continuously reflect back upon the key mile stones in his own development, particularly that which he learned from his mentors, to find grounding in what he truly believes and values. After all, life is the real teacher and we must be prepared to see our experiences as our laboratory for personal growth. Self-examination is an important discipline for someone who chooses a profession that involves an intense working with others. Without it, the tendency is to continuously reflect and judge others. Judgement is the principle roadblock to building effective relationships which is the foundation for success. When relationships are built upon honesty, trust, and support, the work moves forward and the opportunity for success is optimized. When relationships are surrounding by deception, fear, and control, failure

looms. In this body of work you will witness the growth of an individual through not only love and appreciation but through trial and abandonment. You will witness relationships built upon strong foundations and relationships built upon decay. In the end, we can learn from both experiences.

Oh Crap! I Have a Toddler

Talking pancreases, fake superhero trials, God-like insurance salesmen, teenaged congressgirls, bovine genealogists, sausage lore, the forgotten history of the American canine electorate, and gynecological street gangs all guest star in this ode to the vortex of weird that we call twenty-first century America. Bowen Craig, author of *Keeping Away From the Joneses*, explores the stranger aspects of modern life through the lens of an aging pirate. Four out of five mental patients agree that *A Look To The Future Through The Eyes of an Eighty Year Old Pirate* is a bookreadgood.

Five Books of S. Irenaeus

The president has announced that Earth is going to collide with a rogue moon, and in the process, our entire planet is going to be smashed to bits. As one would expect, upon hearing this news, humans went ballistic. It was as if every sports team in the world lost their championship game at the same time. No car was left unrolled—but oddly enough, Taco Bell remained open and made unfathomable profits in the last days. Apparently, Doritos Locos® Tacos were a popular last meal. Autumn (who for the purposes of this retelling asked to be portrayed as drool-inducing hot with kickass ninja skills) has just been handed the task of saving all of humanity. With the help of her unbelievably sexy alien boyfriend and her kleptomaniac friend with fire-retardant hair, Autumn takes a spaceship and races to save her fellow humans by using the Ark of the

Covenant. Along the way, she discovers how sheltered people are from the truth of extraterrestrials and their power to either protect us or destroy us. Stupid government. Grab a bottle of wine, a shipload of snacks, and prepare to take a ride on this humorous chick lit romantic sci-fi paranormal adventure. If you're into Ancient Aliens, conspiracy theories, UFOs, crave a little sexy time in your reading, are curious if we were genetically engineered (like the Sumerian cuneiform texts claim), and are dying to find out the meaning of life, then this book is for you.

It's Your First Year Teaching, But You Don't Have to Act Like It

In *Against the Grain*, Bill Courtney shares his convictions on the fundamental tenets of character, commitment, service, leadership, civility, and others that, in his decades of success as an entrepreneur and educator, have proven to be the keys to a winning and meaningful life and career. Each chapter tells the story of one of these tenets through compelling anecdotes of the colorful characters in Bill's life, leading to a deeper understand of the meaning of each and how to employ these fundamentals in all aspects of one's life. *Against the Grain* intertwines inspiring and thought-provoking anecdotes, lessons, and amazing real life examples. Bill's passion for us all to reconsider our own approach to life and constantly improve upon it comes across on every page.

Written by showrunners Jackson Lanzing & Collin Kelly (*Green Arrow*, *Nightwing*, *Gotham City Garage*) this is a perfect jumping-on point before the second year of the series begins.

Attack of the Printers with Feet

An insider's look into the decades of research behind Zecharia Sitchin's books as well as an in-depth overview of his theories and discoveries • Includes carefully selected chapters from the *Earth Chronicles* series as well as never-before-published letters, articles, and lectures • Each piece includes an introduction, offering context and insight into Sitchin's passionate work and revealing the man behind the theories • Explains the genesis of *The 12th Planet*, the Anunnaki influences on the Sumerian civilization, the orbit of Nibiru, the prehistory of the Americas, the extraterrestrial origins of modern man, and much more What if the tales from the Old Testament and other ancient writings, such as those from Sumer, Babylon, Egypt, and Greece, were not myths or allegory but accounts of actual historical events? Known for his ability to read and interpret ancient Sumerian and Akkadian clay tablets, Zecharia Sitchin (1920-2010) took the words of

our most ancient ancestors as fact and, through decades of meticulous research, showed that they revealed a coherent narrative about the true origins of humanity and civilization. Drawing both widespread interest and criticism, his Earth Chronicles series of books, beginning with *The 12th Planet*, detailed how humanity arose after the arrival of the Anunnaki ("those who from Heaven to Earth came"), alien "gods" who created modern man in their own image and imparted gifts of civilizing knowledge. Providing an insider's look into the decades of research behind Zecharia Sitchin's complete works as well as an in-depth overview of his theories, this collection includes carefully selected chapters from the Earth Chronicles series as well as never-before-published letters, articles, and lectures. We learn about the genesis of *The 12th Planet* in "The Book as a Story," the Sumerians and their Anunnaki influences in "The Sudden Civilization," the orbit of Nibiru in "UFOs, Pyramids, and the 12th Planet," the prehistory of the Americas in "Cities Lost and Found," the extraterrestrial origins of modern man in "The Cosmic Connection--DNA," and much more. We get to read never-before-published lectures, culled from Sitchin's decades of presentations, as well as the article that spurred the writing of *There Were Giants Upon the Earth*. Each piece includes an introduction by Sitchin's niece, offering context and insight into Sitchin's passionate work. These introductions reveal the man behind the theories, a world traveler known for his scholarship, dry humor, and precisely chosen words. If his theories are true, as Sitchin wholeheartedly believed, then this collection presents some of the most important knowledge we have of our origins and future.
