Better Than New

Writer Jackie K Cooper believes everything in life is done by choice or by chance. Some decisions are made for us while others are our's alone. Cooper, author of the much beloved "JOURNEY OF A GENTLE SOUTHERN MAN", takes readers back into his world and shows them how "chances and choices" shaped his life. This new book is aptly titled "CHANCES AND CHOICES": FURTHER TALES OF A GENTLE SOUTHERN MAN. This book gives us more colorful glimpses into his life and lets us see the humor and the heart that sent him on his way. In these stories readers will find a little bit of their lives or a little bit of how they wished their lives were. Funny, sad, inspirational or dramatic; each story will brighten your day. "CHANCES AND CHOICES" is a "must have" book that makes the perfect gift for yourself or for others.

Revised and Updated, Featuring a New Case Study How do successful companies create products people can't put down? Why do some products capture widespread attention while others flop? What makes us engage with certain products out of sheer habit? Is there a pattern underlying how technologies hook us? Nir Eyal answers these questions (and many more) by explaining the Hook Model—a four-step process embedded into the products of many successful companies to subtly encourage customer behavior. Through consecutive “hook cycles,” these products reach their ultimate goal of bringing users back again and again without depending on costly advertising or aggressive messaging. Hooked is based on Eyal's years of research, consulting, and practical experience. He wrote the book he wished had been available to him as a start-up founder—not abstract theory, but a how-to guide for building better products. Hooked is written for product managers, designers, marketers, start-up founders, and anyone who seeks to understand how products influence our behavior. Eyal provides readers with:

- Practical insights to create user habits that stick.
- Actionable steps for building products people love.
- Fascinating examples from the iPhone to Twitter, Pinterest to the Bible App, and many other habit-forming products.

When the Music's Over

The Autograph Man

From his early days videotaping crazy skateboard stunts to starring in the Jackass movies, there was little that Stephen "Steve-O" Glover wouldn't do. Whether it was stapling his nutsack to his leg or diving into a pool full of elephant crap, almost nothing was out of bounds. As the stunts got crazier, his life kept pace. He developed a crippling addiction to drugs and alcohol, and an obsession with his own celebrity that proved nearly as dangerous. Only an intervention and a visit to a psychiatric ward saved his life. Today he has been clean and sober for more than three years. Professional Idiot recounts the lunacy, the debauchery, the stunts, the drug addiction, and the path to recovery with bravado, humor, and heart. "It's mind-blowing to me how utterly far gone Steve-O was, and how he looks back on it in this book with such intelligence, humor, and searing honesty. What a truly unbelievable life."-- Johnny Knoxville "A great book to read before you get on the roller coaster to hell, if you plan on surviving to tell about it like Steve-O did."--Nikki Sixx, author of The Heroin Diaries "This is the perfect book for people who hate reading."--Tommy Lee, author of Tommyland The feedback I've gotten on Facebook and Twitter from those of you who've read this book has been fascinating, heartwarming, and hilarious. I'm happy to keep answering your questions on there, and I encourage more of you to join in the discussion. Hope to hear from you soon, and thank you all so much. Love,Steve-O
