Allegiant (Divergent Trilogy, Book 3)

Catherine's last job ended badly. Corporate bullying at a top TV network saw her fired and forced to leave London, but she was determined to get her life back. A new job and a few therapists later, things look much brighter. Especially when a

challenging new project presents itself — to catalogue the late M. H. Mason's wildly eccentric cache of antique dolls and puppets. Rarest of all, she'll get to examine his elaborate displays of posed, costumed and preserved animals, depicting bloody scenes from the Great War. Catherine can't believe her luck when Mason's elderly niece invites her to stay at Red House itself, where she maintains the collection until his niece exposes her to the dark message behind her uncle's "Art." Catherine tries to concentrate on the job, but Mason's damaged visions begin to raise dark shadows from her own past. Shadows she'd hoped therapy had finally erased. Soon the barriers between reality, sanity and memory start to merge and some truths seem too terrible to be real in *The House of Small Shadows* by Adam Nevill.

The House of Small Shadows

Ninety-five days, and then I'll be safe. I wonder whether the procedure will hurt. I want to get it over with. It's hard to be patient. It's hard not to be afraid while I'm still uncured, though so far the deliria hasn't touched me yet. Still, I worry. They say that in the old days, love drove people to madness. The deadliest of all deadly things: It kills you both when you have it and when you don't. Lauren Oliver astonished readers with her stunning debut, *Before I Fall*. In a starred review, *Publishers Weekly* called it "raw, emotional, and, at times, beautiful. An end as brave as it is heartbreaking." Her much-awaited second novel fulfills her promise as an exceptionally talented and versatile writer.

The Unofficial Divergent Aptitude Test

When her parents are murdered before her eyes, sixteen-year-old Helen Cartwright finds herself launched into an underground London where a mysterious organization controls the balance of good and evil. Unbeknownst to her, she has been trained her whole life to accept this responsibility. Now, as she finds herself torn between one of the brothers protecting her and the devastatingly handsome childhood friend who wants to destroy her, she must prepare to be brave, to be hunted, and above all to be strong, because temptation will be hard to resist, even for an angel.
