How to Draw Manga

From the best-selling artist and YouTube art instructor, this book features step-by-step lessons that show you how to draw professional-quality portraits, landscapes, travel sketches, and animals using only two ordinary pencils. Great art doesn't have to be expensive. For the cost of a regular graphite writing pencil and an equally ordinary black colored pencil, you can create drawings worthy of framing and displaying. In this straightforward, aspiring artist's guide to rendering a variety of popular subjects with only two pencils, artist and art instructor Mark Crilley presents a direct, approachable, and achievable method for drawing just about anything. The Two-Pencil Method breaks down Crilley's techniques across six chapters of five lessons each. In each lesson, you'll learn how the two-pencil method can add depth and shading, allowing you to create bold and distinctive drawings that go beyond mere sketchbook doodles. The book moves from a primer

on drawing basics to step-by-step examples of still lifes, landscapes, animals, travel sketches, and portraits. With each chapter, Crilley's confident and encouraging voice and expert insights demonstrate how to achieve stunning artistic results from the simplest of art materials.

Mastering Manga, How to Draw Manga Bodies

Drawing on the mega-success of Christopher Hart's Manga Mania series, Manga Mania Universe combines curated content from each of his previous Manga Mania books into one giant, breathtaking volume. It showcases the best in capturing manga girls, romantic characters and scenes, and action and adventure. Fans will enjoy the wide variety of first-rate how-to-draw instruction, along with the dynamic artwork that has made this series so popular.

How To Draw Manga

You want to draw manga, and Manga University will show you how. You'll get VERY good at this. After all, we've been teaching people just like you for more than 20 years. "How to Draw Manga: Basics and Beyond!" is the latest in Manga University's lineup of best-selling instructional books. The book features more than 1,000 illustrations drawn by Japanese manga artists whose work has appeared in leading publications, including Shonen Sunday and Young Jump. You will learn how to draw like a professional because your teachers are professionals. We've divided the book into four easy-to-follow chapters that will have you drawing original characters from head to toe in no time at all: Heads First! We begin at the top, with a chapter on how to draw heads. After all, heads are the first thing most people notice, in both art and out in the real world. And in art, just like in the real world, you want to make sure your characters make a vivid first impression whether they're completely human, or totally out-of-this-world. Let's Make Faces! The expression the eyes are the window to the soul is particularly true when it comes to manga. You can tell a lot about a character's personality by peering into their eyes. In this chapter, we explain the basics of drawing eyes. But we don't stop there. We also cover noses, mouths, ears, and hair. All About Bodies! Once we've

covered faces, we move on to teaching you all about drawing bodies. We go over the differences between male and female body proportions, count heads to determine the heights of our characters, and learn how to draw hands, arms, feet, and legs. Strike a Pose! Our book's final chapter is all about making a physical statement. We show characters standing tall, sitting down, throwing punches, giving hugs, and more. Because even beautifully drawn characters look boring if they're frozen stiff. The book also includes a section on manga tools. Plus, you'll get to know the artists who contributed to the book through exclusive interviews in which they talk about their favorite manga and anime series, hobbies, how they work, and more!
