Last 5+1 Year's CBSE Class 12th Mathematics Solved Question Papers - eBook

The Credit books have been substantially revised from the previous editions to ensure that they are accessible to all students at this level and now have a 'fast track' route to allow for early presentation. Non-calculator work clearly identified throughout all books. Parallel content between all books allows movement between levels. 'Review' sections at the beginning of each chapter enable students to consolidate learning from previous chapters and establish knowledge required to proceed with the topic. 'Recap' sections provide summaries of the chapter, making them an ideal revision tool. 'Revise' sections contain end of chapter exercises for revision and assessment, building up to exam style questions to ensure thorough preparation for exams.

Mathematical Questions and Solutions, from the "Educational Times."

Get your best grade with the SQA endorsed guide to National 5 Maths. This book contains all the advice and support you need to revise successfully for your National 5 exam. It combines an overview of the course syllabus with advice from a top expert on how to improve exam performance, so you have the best chance of success. Refresh your knowledge with complete course notes Prepare for the exam with top tips and hints on revision technique Get your best grade with advice on how to gain those vital extra marks

This booklet explains how the ERIC (Educational Resources Information Center) and ECER (Exceptional Child Education Resources) databases can be used to find information about the education of individuals who have disabilities or who are gifted. The guide describes ERIC as a federally funded information system with a database of over 400,000 journal annotations and 300,000 education-related document abstracts. It discusses the clearinghouses that comprise ERIC and outlines how ERIC can be accessed, how to search ERIC manually or by computer, how to locate subject descriptors for search topics and apply Boolean logic to a search, and where to get copies of materials found in ERIC. ECER is then described as a database of citations and abstracts of English-language print and nonprint materials dealing with education and development of people of all ages with disabilities or giftedness. ECER's content is distinguished from ERIC's and search procedures are outlined. The two final chapters discuss services of ERIC clearinghouses and procedures for contributing documents to the ERIC database. Appendixes provide an ERIC search worksheet; ERIC descriptors for disabilities and giftedness; ERIC publication types; order forms for ERIC articles and documents; sample document resumes; guidelines for accessing ERIC through computer networks; and lists of organizations in the field of disabilities and giftedness,

special education databases, ERIC clearinghouses, special education journals, online vendors, and 13 print resources. (JDD)

The American Mathematical Monthly

Building on the widely trusted approach of our National 5 Student Book, this new Practice Book offer masses of practice questions grouped by topic, to ensure your students have plentiful opportunities to practise specific areas of their course at the appropriate time.

New Maths in Action S3/3 Student Book

Exam Board: SQA Level: Higher Subject: Science First Teaching: September 2014 First Exam: June 2015 Higher Chemistry for CfE is tailored specifically to the extended requirements, teaching approaches and syllabus outlines detailed in the Higher Chemistry revisions for Curriculum for Excellence, to be examined 2015 onwards. A significant proportion of the text is also appropriate for teaching the Revised Higher syllabus being examined 2012-2015. Each section of the book matches a unit of the CfE syllabus; each chapter corresponds to a content area. End-of-course questions, a chemical dictionary and a full index are also provided, with key learning points summarised throughout to help students revise. The book demonstrates the relevance of the chemistry being studied by offering students examples of how the chemical industry applies basic chemistry principles to its everyday operation. A with answers version of the text is also available (978 1444 16752 8). - The only textbook for the Higher Chemistry for CfE syllabus offered by SQA. - Full colour presentation and motivating text design to encourage student enthusiasm. - Combines the traditional strengths of the bestselling Allan and Harris textbook with new material and innovative CfE teaching approaches from John Anderson.

National 5 Mathematics Success Guide

The book provides 10 Sample Question Papers for CBSE Class 10 Mathematics March 2018 Exam designed exactly as per the latest Blue Prints and Sample Papers issued by CBSE. Each of the Sample Paper provides detailed solutions with Marking Scheme. Further the book provides 1 CBSE Sample Paper with Solutions, CBSE Blueprint issued by the CBSE Board. The book also provides Revision Notes which will help you in revising the syllabus quickly before the exam.
