Schiller as Philosopher

Offray, the Splendor of Ribbon

Gather, twist, and stitch 132 flowers, leaves, and garden extras from ribbons and lace. Christen Brown, author of best-selling Ribbonwork Gardens, shares fresh twists on vintage ribbonwork construction with colorful how-to photos. Fashion your own floral arrangements from interchangeable petals and leaves, two never-before-seen stem designs, and swappable centers. A gallery of bouquets will inspire you to stitch realistic blooms, embellished with fruit, flourishes, and garden accessories. Embellish wearables, accessories, and home decor with single-stem posies and bountiful bouquets.

Paper to Petal

This title was first published in 2003. Germain Boffrand was one of the great French architects of the early eighteenth century. His work encompassed not only the design of town and country houses for the wealthy but also mines, bridges and hospitals. His Livre d'Architecture is one of the most original books on architecture ever written in France. Taking the Art of Poetry by the Latin poet Horace as its starting point, it developed an aesthetic of architecture focused on character, style and the emotional impact of a building that influenced Blondel, Le Camus de Mezieres and Soane, and is still central to contemporary debate about the nature and meaning of architecture. Translated for the first time by David Britt, Boffrand's

text is here accompanied by an extensive introduction and notes by Caroline van Eck who situates Boffrand within the main issues of eighteenth-century architectural aesthetics. Beautifully illustrated, including all the pictures chosen by Boffrand for his original publication, this book is an invaluable tool for teaching the history of architectural theory and an essential work for any architectural library. Germain Boffrand is published with the assistance of the Getty Foundation.

Japanese Paper Flowers

Nicholas Kniel and Timothy Wright teach their method of creating gorgeous ribbon flowers in this collection of illustrated, step-by-step lessons. With only a few yards of ribbon, you can make the perfect embellishment for any garment, home decor item, wedding party and more. * 33 flowers provide a wide range of options for any craft or sewing project. * 9 project ideas inspire you to create popular ribbon flower items, such as corsages, boutonnieres, French bulletin boards, bouquets and hair pins, or to design your very own creations. * 10 techniques describe how to prepare ribbons for use and how to finish the final flower with clips, pins and stems.

The Romantic Conception of Life

Ribbonwork Gardens

This guide shows how to make all types of flowers from ribbons, wire and crinoline.

The Cumulative Book Index

Stitch your way to Scandinavian style as you embrace minimal, sleek design. Luxuriate in the textures of summery linens and winter wools as you sew 18 projects, from upscale home decor to wearables. You'll love the chic yet beginner-friendly stitching and embroidery patterns—the perfect way to embellish ready-mades or to sew from scratch. These projects offer beautiful, functional designs for contemporary living. Designer and author Kirstyn Cogan immerses you in her Nordic culture, with handcrafted modern items to make for your home and family—plus scrumptious-sounding recipes and scintillating tidbits about the regional traditions.

Creating Ribbon Flowers

A world list of books in the English language.

Germain Boffrand

Canadian Florist, Greenhouse and Nursery

By providing simple, stylish flower designs in ribbon embroidery, Ann Cox gives a new twist to this traditional technique. With 20 pretty designs to choose from and ideas for how they can be used to decorate clothes, accessories, cushions, etc. the book will attract the new generation of embroiderer looking for fresh ideas and inspiration.

The Artful Ribbon

In The Exquisite Book of Paper Flower Transformations, artist Livia Cetti ups the ante with a host of grander and more intricate flowers and projects—more blooms, more petals, stronger stems, and bigger, bolder arrangements! Cetti will teach you how to play with size, shape, color, and texture to create 25 vibrant single stems in a variety of natural shapes—globes, spikes, bells, saucers, rectangles, cones, and arcs—including hydrangeas, coral charm peonies, honeysuckles, and paperwhites. Then, you'll use these elemental shapes to build the 15 bright, abundant arrangements, including bold

wreaths, bountiful bouquets, fantastical gilded wall art, and blooming garlands. Introducing new, neverbefore-seen techniques for dyeing paper and creating moldable leaves and petals, this gorgeous guide is perfect for crafters of all skill levels interested in making realistic and unique home decor, gifts, accessories, and entertaining essentials.

Redbook

A Paris Life, A Baltimore Treasure

Shares step-by-step instructions for making dozens of sophisticated paper flowers, outlining creative projects ranging from wristlets and bookmarks to wreaths and a Mary Poppins-inspired flower.

Discusses the materials and basic techniques needed to create such ribbon handicrafts as a bridal topiary, a ribbon pieced stocking, and violets in a demitasse cup

Art and Homosexuality

U.S. Manufacturers Directory

This series offers a range of heretofore unavailable writings in English translation on the subjects of art, architecture, and aesthetics. Camus's description of the French hotel argues that architecture should please the senses and the mind.

Travel Journal Sketchbook

This bold, globe-spanning survey is the first book to thoroughly explore the radical, long-standing interdependence between art and homosexuality. It draws examples from the full range of the Western tradition, including classical, Renaissance, and contemporary art, with special focus on the modern era. It was in the modern period, when arguments about homosexuality and the avant-garde were especially public, that our current conception of the artist and the homosexual began to take shape, and almost as quickly to overlap. Not a chronology of gay or lesbian artists, the book is a fascinating and sophisticated account of the ways two conspicuous identities have fundamentally informed one another. Art and Homosexuality discusses many of modernism's canonical figures--painters like Courbet, Picasso, and Pollock; writers like Whitman and Stein--and issues, such as the rise of abstraction, the avant-garde's relationship to its patrons and the political exploitation of art. It shows that many of the core ideas that define modernism are nearly indecipherable without an understanding of the paired identities of artist and homosexual. Illustrated with over 175 b/w and color images that range from high to popular culture and from Ancient Greece to contemporary America, Art and Homosexuality punctures the platitudes surrounding discussions of both aesthetics and sexual identity and takes our understanding of each in stimulating new directions.

Offray Glorious Weddings

The Exquisite Book of Paper Flower Transformations

The Travel Journal Sketchbook allows you to collect memories of your travels, from weekends away to adventures which have shaped and revolutionised your life The Travel Journal Sketchbook and Wish List sections allow you to collect all your dreams of past and future holidays. However, almost everybody finds bow-making tricky. Creative Bows Made Easy shows and tells how to make a perfect bow every time.

Watching Vesuvius

Flea Market Finds

"All art should become science and all science art; poetry and philosophy should be made one." Friedrich Schlegel's words perfectly capture the project of the German Romantics, who believed that the aesthetic approaches of art and literature could reveal patterns and meaning in nature that couldn't be uncovered through rationalistic philosophy and science alone. In this wide-ranging work, Robert J. Richards shows how the Romantic conception of the world influenced (and was influenced by) both the lives of the people who held it and the development of nineteenth-century science. Integrating Romantic literature, science, and philosophy with an intimate knowledge of the individuals involved—from Goethe and the brothers Schlegel to Humboldt and Friedrich and Caroline Schelling—Richards demonstrates how their tempestuous lives shaped their ideas as profoundly as their intellectual and cultural heritage. He focuses especially on how Romantic concepts of the self, as well as aesthetic and moral considerations—all tempered by personal relationships—altered scientific representations of nature. Although historians have long considered Romanticism at best a minor tributary to scientific thought, Richards moves it to the center of the main currents of nineteenth-century biology, culminating in the conception of nature that underlies Darwin's evolutionary theory. Uniting the personal and poetic aspects of philosophy and science in a way that the German Romantics themselves would have honored, *The Romantic Conception of Life* alters how we look at

Romanticism and nineteenth-century biology.

Urban Scandinavian Sewing

The first English-language publication of a classic French book on the relationship between the development of photography and of the medical category of hysteria.

Creative Ribbon Crafting

This collection of ribbon work projects uses a variety of techniques, demonstrating how to tie, knot, sew, press, dye and transfer ribbons for gifts and decorations. It features cut-out patterns, illustrations and information on tools, and explains 20 easy embroidery stitches with diagrams. There are ribbon designs for pillows, magnets, bags, quilts, towels, baskets, pots, candles, coats, cards and more.

Ever so delicate and pretty, ribbon embroidery has survived through the ages. Now it is enjoying a new burst of popularity. Perfect for forming little flowers and foliage and for adorning with shiny beads, the silky, shimmery material has its own special softness. You'll feel a surge of creative joy as roses, bows, and twisted chains emerge from your needle. Start stitching twenty elegant decorative objects, all of heirloom and gift quality.
