Business Communication: In Person, In Print, Online

Organizational Behavior: A Critical-Thinking Perspective, by Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray, provides insight into OB concepts and processes through a first-of-its kind active learning experience. Thinking Critically challenge questions tied to Bloom's taxonomy appear throughout each chapter, challenging students to apply, analyze, and create. Unique, engaging case narratives that span several chapters along with experiential exercises, self-assessments, and interviews with business professionals foster students' abilities to think critically and creatively, highlight real-world applications, and bring OB concepts to life.

Microbial Physiology

Project Management

Overview: M: Organizational Behavior provides the essential OB knowledge to students in an accessible, student focused presentation. This text builds on the strengths of the main textbook, including a strong literature foundation, excellent readability, meaningful exhibits, global representation of examples, and presentation of both core and emerging topics. McShane/Von Glinow allows students to practice applying concepts via Connect.

Organizational Behavior

Managers and supervisors will sharpen their analytical and decision-making skills with this new collection of

fully reproducible case studies. Based on actual, real-life situations, these exercises prepare supervisors and team leaders for the challenging problems they face in today's complex workplace. Each case study includes: Summary of the case; Discussion questions which evoke thought and analysis; Suggested solutions to the problems presented. Training Objectives: Improve participant's listening skills; Empower employees to negotiate; solutions fairly; Provide opportunities for participants to practice new skills in a supportive environment; Illustrate the skills needed to respond productively to complex issues. Activities Cover: Performance appraisal; Managing effectively; Sexual harassment/discrimination; Managing disruptive employees; Coaching/counseling employees; Hiring the right person

Organizational Behavior

The book that defined the field, updated and expanded for today's organizations Organizational Culture and Leadership is the classic reference for managers and students seeking a deeper understanding of the inter-relationship of organizational culture dynamics and leadership. Author Edgar Schein is the 'father' of organizational culture, world-renowned for his expertise and research in the field; in this book, he analyzes and illustrates through cases the abstract concept of culture and shows its importance to the management of organizational change. This new fifth edition shows how culture has become a popular concept leading to a wide variety of research and implementation by

various organizations and expands the focus on the role of national cultures in influencing culture dynamics, including some practical concepts for how to deal with international differences. Special emphasis is given to how the role of leadership varies with the age of the organization from founding, through mid-life to old age as the cultural issues vary at each stage. How culture change is managed at each stage and in different types of organizations is emphasized as a central concern of leader behavior.. This landmark book is considered the defining resource in the field. Drawing on a wide range of research, this fifth edition contains 25 percent new and revised material to provide the most relevant new concepts and perspectives alongside the basic culture model that has helped to define the field. Dig into assumptions and typologies to decipher organizational culture Learn how culture begins, thrives, or dies with leadership Manage cultural change effectively and appropriately Understand the leader's role in managing disparate groups The resurgence of interest in organizational culture has spurred an awakening in research, and new information is continuously coming to light. Outdated practices are being replaced by more effective methods, and the resulting shift affects organizations everywhere. Organizational Culture and Leadership is an essential resource for scholars, consultants and leaders seeking continuous improvement in the face of today's business realities.

Exploring Management, 5th Edition

FAMILY BUSINESS, 3e, INTERNATIONAL EDITION provides the next generation of family business owners with the knowledge and skills needed for the successful management and leadership of the family enterprise. The author, Ernesto Poza, uses both text and cases to explore a diverse set of family firms, examining the interrelationships between the owners, the family, and the management team. **FAMILY**

BUSINESS, 3e, INTERNATIONAL EDITION at its core, is a practical book that presents management and family practices to model success as well as an honest look at the advantages and challenges facing family enterprises. With an emphasis on leadership and positioning for the future, FAMILY BUSINESS, 3e, INTERNATIONAL EDITION illustrates how the family enterprise can achieve sustained growth and continuity through generations.

SELL

Hitt's engaging book will help managers understand the linkage between managing behavior effectively and the organisation's ability to formulate and implement its strategy. It emphasises the relationship between management effectiveness and company performance. A case study on Whole Foods is integrated throughout the chapters and covers all major organisational behavior topics. It also underscores how people are important assets to organisations, and how application of their knowledge and skills is necessary for organisations to accomplish their goals. Managers will gain the skills to make a strategic impact within their organisations.

Organizational Behavior: Science, The Real World, and You

Organizational Behavior

ISE Organizational Behavior: Improving Performance and Commitment in the Workplace

MANAGEMENT, 12E includes several innovative pedagogical features to help students understand their management capabilities and learn what it's like to manage in an organization today. Each of the 19 chapters begins with an opening questionnaire that engages the reader's interest, directly connects to the topic of the chapter, and enables students to see how they respond to situations and challenges that real-life managers typically face. A New Manager Self-Test in each chapter provides students with further insight into how they would function in the real world of management. The Remember This bullet-point summaries at the end of each major chapter section give students a snapshot of the key points and concepts covered in that section. The end-of-chapter questions have been carefully revised to encourage critical thinking and application of chapter concepts, and Small Group Breakout exercises give students the opportunity to apply concepts while building teamwork skills. Ethical dilemmas, all-new end-of-chapter cases, and a fully updated set of On the Job video cases help students sharpen their diagnostic skills for management problem solving. The chapter sequence in MANAGEMENT is organized around the management functions of planning, organizing, leading, and controlling. These four functions effectively encompass management research and the characteristics of the manager's job. Important Notice: Media content referenced within the product

Family Business

What's a rookie manager to do? Faced with new responsibilities, and in need of quick, dependable guidance, novice managers can't afford to learn by trial and error. The First-Time Manager is the answer, dispensing the bottom-line wisdom they need to succeed. A true management classic, the book covers essential topics such as hiring and firing, leadership, motivation, managing time, dealing with superiors, and much more. Written in an inviting and accessible style, the revised sixth edition includes new material on increasing employee engagement, encouraging innovation and initiative, helping team members optimize their talents, improving outcomes, and distinguishing oneself as a leader. Packed with

immediately usable insight on everything from building a team environment to conducting performance appraisals, *The First-Time Manager* remains the ultimate guide for anyone starting his or her career in management.

ORGB 3, Student Edition

Unlike many other books in the field that simply compare managers working at home in their various cultures, this book describes the approaches of successful managers in interacting with people from a wide range of cultures, including Asia, Africa, Eastern and Western Europe, the Middle East and more.

Canadian Organizational Behaviour

The Seventh Edition of *Canadian Organizational Behaviour* is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. *Canadian Organizational Behaviour* continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory,

future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

Management

50 Case Studies for Management & Supervisory Training

Project Management 1e provides a holistic, integrative view of project management with a focus on the above framework. It presents readers with a complete picture of project management – not only what to do and how to do it, but also why it is done. This international adaptation contains the valuable addition of local and regional cases and applications. Whether you are a student, a prospective project manager, a project management practitioner, an analyst, a manager or someone assigned to a project team; the generic approach ensures relevancy across all studies and industries.

ORGB

BUSINESS COMMUNICATION: IN PERSON, IN PRINT, ONLINE, 9E offers a realistic approach to communication in today's organizations. The text covers the most important business communication concepts in detail and thoroughly integrates coverage of today's social media and other communication technologies. Building on core written and oral communication skills, the ninth edition helps readers make sound medium choices and provides guidelines and examples for the many ways people communicate at work. Readers learn how to create PowerPoint decks, use instant messaging and texting effectively at work, engage customers using social media, lead web meetings and conference calls, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The First-Time Manager

Help your students learn not only the concepts and theories that enhance the management of human behavior at work but also how to practice these skills with Nelson/Quick's **ORGANIZATIONAL BEHAVIOR**. The latest edition of this book clearly demonstrates how organizational behavior theories and research apply to companies today with engaging cases, meaningful exercises, and examples that include six new focus companies students will instantly recognize. The authors present foundational organizational behavior topics, such as motivation, leadership, teamwork, and

communication. Students also examine emerging issues reshaping the field today, such as the theme of change. They study how change affects attitudes and behaviors in an organization as well as what new opportunities and experiences change presents. Students further explore growing themes of globalization, diversity, and ethics. The authors anchor the book's multifaceted approach in both classic research and leading-edge scholarship. Timely examples from all types of organizations throughout this edition reflect today's most current trends, including six new focus companies--NetFlix, Ford, Groupon, and more. Self-assessments and other interactive learning opportunities allow your students to grow and develop, both as individuals and as important contributors to an organization, as they progress throughout your course. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Leadership

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. Computational Social Network Analysis

Organizational Behaviour and Management

The Fourth Edition of Peter G. Northouse's bestselling Introduction to Leadership: Concepts and Practice provides readers with a clear overview of the complexities of practicing leadership and concrete strategies for becoming better leaders. The text is organized around key leader responsibilities such as creating a vision, establishing a constructive climate, listening to outgroup members, and overcoming obstacles. Three interactive components in every chapter—self-assessment questionnaires, observational exercises, and reflection and action worksheets—get readers actively involved in applying leadership concepts to their own lives. Grounded in leadership theory and the latest research, the fully updated, highly practical Fourth Edition includes a new chapter on how leaders can embrace diversity and inclusion, as well as new material on the dark side of leadership and a new ethical leadership style questionnaire.

Organizational Behavior

First published in 1917 as 'Midwifery', Obstetrics by Ten Teachers is well established as a concise, yet comprehensive, guide within its field. The twentieth edition has been thoroughly updated by a new team of 'teachers', integrating clinical material with the latest scientific developments that underpin patient care. Each chapter is highly structured, with learning objectives, definitions, aetiology, clinical features,

investigations, treatments, case histories and key point summaries and additional reading where appropriate. New themes for this edition include 'professionalism' and 'global health' and information specific to both areas is threaded throughout the text. Along with its companion Gynaecology by Ten Teachers the book will continue to provide an accessible 'one stop shop' in obstetrics and gynaecology for a new generation of doctors.

M: Organizational Behavior

The fifth edition text focuses on business situations, including prominent non-mathematical issues, the use spreadsheets, and involves model formulation and assessment more than model structuring. The text has three key elements: modeling, case studies, and spreadsheets. In addition to examples, nearly every chapter includes one or two case studies patterned after actual applications to convey the whole process of applying management science.

Introduction to Management Science

Packed with interesting examples and real world leadership, the 4th edition of THE LEADERSHIP EXPERIENCE will help students develop an understanding of theory while acquiring the necessary skills and insights to become effective leaders. Written expressly for courses teaching

leadership theory and application, the text integrates recent ideas and practices with established scholarly research in a way that makes the topic of leadership come alive. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Organizational Behavior

Exploring Management supports teaching and learning of core management concepts by presenting material in a straight-forward, conversational style with a strong emphasis on application. With a focus on currency, high-interest examples and pedagogy that encourages critical thinking and personal reflection, this text is the perfect balance between what students need and what instructors want.

Organizational Behavior

The Fourth Edition of Microbial Physiology retains the logical, easy-to-follow organization of the previous editions. An introduction to cell structure and synthesis of cell components is provided, followed by detailed discussions of genetics, metabolism, growth, and regulation for anyone wishing to understand the mechanisms underlying cell survival and growth. This comprehensive reference approaches the subject from a modern molecular genetic perspective, incorporating new insights gained from various genome projects.

Organizational Culture and Leadership

Why does organizational behavior matter— isn't it just common sense? *Organizational Behavior: A Skill-Building Approach* helps students answer this question by providing insight into OB concepts and processes through an interactive skill-building approach. Translating the latest research into practical applications, authors Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray unpack how managers can develop essential skills to unleash the potential of their employees. The text examines how individual characteristics, group dynamics, and organizational factors affect performance, motivation, and job satisfaction, providing students with a holistic understanding of OB. Packed with critical thinking opportunities, experiential exercises, and self-assessments, the new Second Edition provides students with a fun, hands-on introduction to the fascinating world of OB. This title is accompanied by a complete teaching and learning package. Contact your SAGE representative to request a demo. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Management

In addition to facilitating active learning, this text aims to meet the needs of instructors for OB course. It provides coverage of topics such as diversity in organizations, ethics, and globalization, which are recommended by the Association to Advance Collegiate Schools of Business (AACSB).

Obstetrics by Ten Teachers

Created through a student-tested, faculty-approved review process with input from hundreds of students and faculty, ORGB3 is an engaging and accessible solution that caters to the diverse lifestyles of today's learners. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Leadership Experience

An introductory leadership textbook that guides students through the concept of leadership by design, a theory that involves planning each step of their leadership development, focusing on practical skills

and valuable attributes that will maximize their leadership success now and into the future. Organized around five major design challenges, each challenge is explored in a stand-alone module. Students begin the leadership journey with themselves, understanding their own strengths, styles, and skills. The text moves on to relationships, exploring how leadership is a process that involves values, decision-making, motivation, and power. A module on others' success unpacks the most effective practices of leadership and management, this is followed by a module on leading culture, teams, and community, before concluding with a section on how leaders can create lasting, positive change. The book covers foundational leadership topics with a strong emphasis on skill building and helping develop CORE competencies: confidence, optimism, resiliency, and engagement. Students are encouraged to develop these skills through experiential learning, with multiple features in each chapter such as reflective and scenario-based exercises, and case studies of internationally recognized companies like Amazon and Proctor & Gamble, along with interviews with Fortune 500 Company CEOs. There are online resources for instructors and students, which include: Test bank, PowerPoint slides, an instructor manual, teaching tips, answers to in-text questions, multimedia resources, quiz questions, and flashcards. Suitable reading for first and second year undergraduates on Leadership, Introduction to Leadership, and Leading Organizations courses

Organisational Behaviour

Perfect For Students Needing A Concise But Broad Introduction To Organisational Behaviour. It Critically Examines The Three Themes Of: Change, Communication And Conflict. Encouraging And Promoting The Critical Examination Of The Theory And Practice, This Book Enables Students To Interpret And Deal With Organisational Problems.

Project Management

Social networks provide a powerful abstraction of the structure and dynamics of diverse kinds of people or people-to-technology interaction. Web 2.0 has enabled a new generation of web-based communities, social networks, and folksonomies to facilitate collaboration among different communities. This unique text/reference compares and contrasts the ethological approach to social behavior in animals with web-based evidence of social interaction, perceptual learning, information granulation, the behavior of humans and affinities between web-based social networks. An international team of leading experts present the latest advances of various topics in intelligent-social-networks and illustrates how organizations can gain competitive advantages by applying the different emergent techniques in real-world scenarios. The work incorporates experience reports, survey articles, and intelligence techniques and theories with specific network technology problems. Topics and Features: Provides an overview social network tools, and explores methods for discovering key players in social networks, designing self-organizing search systems, and clustering blog

sites, surveys techniques for exploratory analysis and text mining of social networks, approaches to tracking online community interaction, and examines how the topological features of a system affects the flow of information, reviews the models of network evolution, covering scientific co-citation networks, nature-inspired frameworks, latent social networks in e-Learning systems, and compound communities, examines the relationship between the intent of web pages, their architecture and the communities who take part in their usage and creation, discusses team selection based on members' social context, presents social network applications, including music recommendation and face recognition in photographs, explores the use of social networks in web services that focus on the discovery stage in the life cycle of these web services. This useful and comprehensive volume will be indispensable to senior undergraduate and postgraduate students taking courses in Social Intelligence, as well as to researchers, developers, and postgraduates interested in intelligent-social-networks research and related areas.

PFIN 4

Discovering Leadership

This title responds head-on to the growing requests by business faculty for a concise, theory-driven strategic management concepts and cases text.

Second Treatise of Government

Blending research, practical application, and imaginative writing, the authors have created a market-leading text through highly-readable writing, an emphasis on practicality, and a unique student-centered layout. They present all basic management concepts in bite-size chunks, 2-to 6-page sections to optimize student learning and emphasize the practicality of the subject matter. This text is widely praised by today's visually-oriented students. In addition, instructors and students are supplied with a wealth of classroom-proven resource.

Business Communication Essentials

Professional Meeting Management

Student Driven, Faculty Approved! With the helpful input from Organizational Behaviour students and faculty across Canada, ORGB has been developed to deliver a learning solution that incorporates a content-rich textbook with rich online learning, making this a truly innovative product for the different learning styles of today's students.
