Health Care Decision-Making - American Bar Association

Synopsis. For nearly fifteen years Practical Decision Making in Health Care Ethics has offered scholars and students a highly accessible and teachable alternative to the dominant principle-based theories in the field. Devettere's approach is not based on an ethics of abstract obligations and duties, but, following Aristotle, on how to live a fulfilled and happy life -- in short, an ethics of personal well-being grounded in prudence, the virtue of ethical decision making.

Using the Law: Practical Decision Making in Mental Health

Decision making is central to health policy and medical practice. Because health outcomes are probabilistic, most decisions are made under conditions of uncertainty. This review considers two classes of decisions in health care: decisions made by providers on behalf of patients, and shared decisions between patients and providers.
