Romeo and Juliet

A boy (Romeo) and a girl (Juliet) fall in love. But they come from families which hate each other, and know they will not be allowed to marry. They are so much in love they marry in secret instead. However, before their wedding night Romeo kills Juliet's cousin in a duel, and in the morning he is forced to leave her. If he ever returns to the city, he will be put to death. Juliet is then told she must marry Paris, who has been chosen by her parents, who do not know she is already married. She refuses - then agrees because she plans to fake her death and escape to be with Romeo. She takes a sleeping potion and appears to be dead, so her parents lay her in a tomb. However, Romeo does not know about the plan, visits her grave, finds her 'dead', and kills himself. Juliet finally wakes up, finds Romeo dead, and then kills herself. This is just the basic story. There are lots of extra characters and details you can include. However, do not fall into the trap of retelling the story in your work. No GCSE task will ask you to write out the story of Romeo and Juliet, and no marker will expect you just to outline the events in the play. Instead, use the plot to support your work and ideas. Next, let's have a look at how you can do this

Romeo and Juliet

One of Shakespeare's most popular and accessible plays, Romeo and Juliet tells the story of two star-crossed lovers and the unhappy fate that befell them as a result of a long and bitter feud between their families. The play contains some of Shakespeare's most beautiful and lyrical love poetry and is perhaps the finest celebration of the joys of young love ever written. Shakespeare's use of his poetic dramatic structure, especially effects such as switching between comedy and tragedy to heighten tension, his expansion of minor characters, and his use of sub-plots to embellish the story, has been praised as an early sign of his dramatic skill. The play ascribes different poetic forms to different characters, sometimes changing the form as the character develops.
