Lancaster and York

1377-1654

A biography of Philip and a study of the emergence of the Burgundian state under his aegis in the years 1384-1404, paying particular attention to his crucial acquisition of Flanders. There is comprehensive analysis of how Philip's government worked.

The Complete Concordance to Shakespeare

Charles the Bold (1467-1477) was the last of the great Dukes of Burgundy. This historical and biographical work assesses his personality and his role as a ruler, and discusses his relationship with his subjects and his neighbours. It describes and analyses his policies, giving particular attention to his imperial plans and projects and his clash with the Swiss. The armies, the court and Burgundian clients and partisans are given separate treatment.

Acta Regia

First published nearly forty years ago, Richard Vaughan's masterly four-part history of the Valois dukes of Burgundy has never been surpassed. Beginning with Philip the Bold, Vaughan describes the emergence of the Burgundian state. John the Fearless defended and developed its power ruthlessly during his ducal reign, which reached its apogee under Philip the Good. Charles the Bold ruled a state that was recognised as one of the major powers of medieval Europe, his ambition extending to an alliance with England. With the death of Charles fighting the Swiss army at Nancy in 1477, Richard Vaughan brings this history of the Burgundian dukedom to a triumphant conclusion.

First (-120th) report of the deputy keeper of the public records

Philip the Good

Philip, who ruled from 1419 to 1467, was one of the most powerful and influential rulers of the fifteenth century. Forced into an alliance with the English, he soon found that he held the balance of power between England and France - reflected in the final crucial phase of the Hundred Years War.
