### **Living and Loving after Betrayal**

"A book of profound insight and wisdom, written not just for those who have been betrayed, but for anyone who wants to build deeper, more trusting relationships."  
SUSAN M. CAMPBELL, Ph.D. Author of THE COUPLES JOURNEY LOVE & BETRAYAL  
explores the many forms betrayal can take, from keeping secrets and negative

gossip to breaking promises and sexual infidelity. In the process, you can discover how to heal the wounds of past betrayals, what steps to take to forgive both yourself and your betrayer, and how to cultivate a climate of love and trust in your current relationships.

### **The Betrayal**

What is it like to recover from betrayal of trust today in a culture that is blind to the trauma and impatient with grief? When her long-time partner suddenly left her shortly before their wedding, the author found nothing had prepared her for the depth and duration of the pain. Despite having lived through her husband's death years earlier, she was stunned by the intensity of the suffering and could not understand why this shock hit so hard. Her loss of faith in this one person precipitated an existential and spiritual crisis that called her very understanding of human nature into question, and she wanted to know why. As she wrestled with what turned out to be a massive trauma, she began to keep careful notes of her inner life—hoping to capture the paradoxes of love, grief and longing mixed with bewilderment and post-traumatic stress. With fearlessness and bracing frankness, she succeeds. "Love and the Mystery of Betrayal" seamlessly blends research and reflection, love and heartbreak, rage and transformation, and the personal with the collective. The deep, engaging writing provides the type of solace only a kindred spirit who has been there can. This achingly moving chronicle and meditation on

## **The Ultimate Betrayal**

Betrayal has many faces, including anger, abuse, deceit, and infidelity. These feel like betrayal because they violate the implicit promise of emotional bonds, that your loved one will care about your wellbeing and never intentionally hurt you. If you've recently left a relationship where you felt betrayed by your partner—or if you want to repair one—it can seem impossible to view the world without the shadow of past betrayal hovering over you. As a result, you may struggle to create meaning in your life, find the strength to forgive, or build new, loving relationships. In *Living and Loving after Betrayal*, therapist and relationship expert Steven Stosny offers effective tools for healing, based on his highly successful CompassionPower program. He founded the CompassionPower agency on the belief that we are more powerful when compassionate than when angry or aggressive, and that true strength comes from relating compassionately to others and remaining true to your deeper values. In this book, you'll learn practical strategies for overcoming betrayal-induced trauma and the chronic resentment and depression that result, using this innovative compassion-empowerment approach. Most books on betrayal only focus on the obvious issues, such as infidelity, abuse, or sex addiction. This book explores the effects of those kinds of betrayal, as well as less-talked-about types, such as emotional manipulation, dishonesty, deceit, and financial cheating.
