Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June)

The Complete Guide to Home Plumbing Repair and Replacement

In publications such as BusinessWeek and Fast Company, the media have celebrated Whirlpool's transformation into a leading-edge innovator and Nancy Tennant Snyder's role as chief innovation officer. Ten years after this remarkable transformation, Unleashing Innovation tells the inside story of one of the most successful innovation turnarounds in American history. Nancy Tennant Snyder and coauthor Deborah L. Duarte reveal how Whirlpool undertook one of the largest change efforts in corporate history and show how innovation was embedded throughout the company, which ultimately lead to bottom-line results.

Lovejoy's College Guide

"This guide provides informative essays and selective bibliographies on the main writers of Russian for students and general readers. Covering all of Russian literature, this handbook emphasizes 19th- and 20th-century authors. The guide uses the Western alphabet, so anonymous works appear under their English title and are interfiled in alphabetical order with author entries. Entries for writers include a brief biography, a list of the writer's primary works in chronological order, a selected list of bibliographies,

and critical studies. The guide begins with 13 detailed essays that cover most periods, topics, and genres of Russian literature. This reference source belongs in all libraries with large literature collections".--"Outstanding Reference Sources : the 1999 Selection of New Titles", American Libraries, May 1999. Comp. by the Reference Sources Committee, RUSA, ALA.

Industrial Education

This is the most comprehensive guidebook to the state of Utah, with information on historic attractions, festivals, cultural events, outdoor activities, accommodations, and restaurants. 139 photos. 9 maps.

When you think Texas, you might think oil and cattle, but there's much more to this grand state. Did you know that in the southwest region, mountain ranges peak at more than 6,000 feet? And the southern edge is a haven for beach lovers who appreciate its hundreds of miles of sand along the Gulf Coast and on the barrier islands. In Big Bend National Park, you'll reach the southern boundary of the United States, where the Rio Grande flows through awe-inspiring canyons. In the capital of Austin, you can stroll the city's version of New Orleans's Bourbon Street on Old Pecan Street, which bustles with more than 60 restaurants, clubs and shops. A trip wouldn't be complete without a visit to Houston and its famous space center. The Regional Travel Planner: Texas covers all regions of the state: Central Dallas, Houston Area, Central Houston, Dallas/Forth Worth, Laredo, San Antonio Area/Central San Antonio, Abilene, Amarillo, Corpus Christi, Lubbock, Odessa, Midland, El Paso, McAllen, Waco, Austin, and Big Bend National Park. It also includes Side Trips to Hot Springs and Hot Springs National Park, AR; Little Rock, AR; New Orleans, LA; Carlsbad Caverns National Park, NM; Santa Fe, NM; White Sands National Monument, NM; and Oklahoma City, OK. The Mobil Travel Guide Regional Travel Planner series (17 titles) gives you a driver's-eye view of trips throughout the United States

and Canada. Pick up essential facts, fun trivia, must-do events, and driving details in the introduction to each state or province, then flip through the book to find annually updated attractions, hotels, and restaurants that fit your itinerary and your budget. Organized alphabetically by state/province, or by city when applicable, the guides make it easy to find just what you need.

Kiplinger's Personal Finance

Refrigeration Service and Contracting

Multistate Guide to Sales and Use Taxation: Construction provides guidance to construction contractors for dealing with the difficult sales and use tax issues inherent in their businesses, particularly if they operate in several states. In addition to the usual problems in complying with different bodies of law, administering a hodge-podge of state and local tax rates, and dealing with a variety of tax agency audit programs, the contract process and insufficient recordkeeping further complicate an already complicated task.

The Complete Guide to Writing Readable User Manuals

The Mobil Travel Guide star ratings are a 45-year-old consumer advocacy concept originally developed following the introduction of the interstate highway system. The goal of the Guide is not to identify and rate every property in the country, but to recommend only the best in each category, ones that we would send our customers to. We look at the stars from a consumer's point of view, rating lodgings and restaurants across North America from the perspective of the "average traveler."The Guides feature new enhanced descriptions for 2004. Listings include lodgings, restaurants, attractions, and events in established travel destinations, as well as cities and towns on the way to established travel destinations. Our new easy-to-use format makes the Guides even more indispensable to travelers. Each regional guide is organized alphabetically by state, with introductory

information about the state followed by city listings in alphabetical order. For each city, the guide lists sites and attractions, lodgings, and then restaurants. One of the features that sets the Mobil Travel Guide apart from its competitors is its proprietary Mobil star rating system. Forty-five plus years of publishing experience and the oldest non-biased rating system in North America make the Mobil Travel Guide series a must-have for travelers wanting up-to-date ratings of hotels and restaurants.

Appliance Service Handbook

Unleashing Innovation

For Cheryl Mendelson, laundering is the best part of housekeeping. It's full of physical pleasures—the look of favorite clothes restored to freshness and beauty,

the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn't take much time or effort. What it takes is knowledge, and *Laundry* is the comprehensive, entertaining, and inspiring book on the art of laundering. Culled from the bestselling *Home Comforts*, with revised and updated information and a new introduction, *Laundry* is an indispensable guide to caring for all the cloth in one's home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, *Laundry* celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. *Laundry* combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.
